DAY IN THE SENATE

Three Measures Calculated to Aid.

RESOLUTION BY MASON OF ILLINOIS

The President Asked to Order Spain to End the War—Existing Conditions the Cause.

WASHINGTON, Feb. 8.—Senator Mason of Illinois presented the following resolution to the senate:

"Resolved, That the president of the United States is authorized and is hereby requested to notify Spain and the insurgents of Cuba that the war (so-called) must at once cease and be discontinued, and that the United States of America hereby declare and will maintain peace on the island of Cuba."

The resolution was preceded by the following preamble:

"The war between Spain and the insurgents in Cuba has continued until all Christendom is shocked at its barbarities, pretended autonomy has been offered by Spain and refused by the Cubans in arms, Spaniards as a war measure have burned homes and sent women and children into the fortified towns, where some of them have been starved, others murdered, and women and children been debauched and treated beyond power of language to describe; daughters of insurgent soldiers have been sold into houses of infamy, and boys of tender years have been shot as spies under the form of civilized war."

"American citizens have been driven

into towns and refused opportunity to work, and left to starve as part of the Spanish war measure, until we are compelled to take, by appropriating the funds of the people of the United States, large sums of money to feed and clothe our citizens, and to return them to our country; and now the Spanish war measure of concentration has continued so far that concentrados are unfed and starving, naked and filthy, in as much that death is among them, and has spread into our own country. Hundreds of thousands have perished in this way and by this means. The unholy work of extermination goes on, the slaughter of the innocents and noncombatants goes on.

"The flag of truce has been abandoned and extermination or independence of the insurgents must be the final outcome. The people of the United States are sending money and food and clothing to Cuba to aid the dying which ought to be furnished by Spain for the reason that the concentrados are legitimate wards of Spain; having been put in the present condition as a Spanish war measure, their care should devolve upon Spain, and would be so regarded by every civilized nation on the face of the earth.

"Under the present charity-seeking of the administration, charitably disposed citizens of the United States cannot contribute money, medicine or clothing to the insurgents in the field or hospitals, and should any attempt be made to do so it would be captured and prevented by the government of the United States.

"All parties declared before the last election in favor of the independence of Cuba. The people of the United States do not seek to acquire title in Cuba nor do they seek to gain advantage in any way, directly or indirectly, of any nation by reason of this barbarism called war. They do not complain of our loss of trade with Cuba and have patiently borne the assault on the health of the people by the filth of the Spanish rule in Cuba. They seek no redress for the loss of business, health or money; they have patiently waited, not wishing even indirectly to interfere with the affairs of another nation, until the stench on our borders has passed endurance, and the barbarous situation in Cuba has become a stain upon our continent and a blot upon our Christian civilization.

"The people of the United States demanding no personal profit, having no fear and seeking no favor, clear and conscious as to the justice of our position, do, in the presence of the civ-

ilized nations of the world, and in the name of justice and liberty, demand that the so-called war in Cuba must cease."

The House.

The Shakers of Mount Lebanon, a community of simple, honest, God-fearing men and women, have prepared the Shaker Digestive Cordial for many years, and it is always the same, simple, honest, curative medicine that has helped to make the Shakers the healthy, long-lived people that they are. The Shakers never have indigestion. This is partly owing to their simple mode of life, partly to the wonderful properties of Shaker Digestive Cordial. Indigestion is caused by the stomach glands not supplying enough digestive juice. Shaker Digestive Cordial supplies what's wanting. Shaker Digestive Cordial invigorates the stomach and all its glands so that after awhile they don't need help. As evidence of the honesty of Shaker Digestive Cordial, the formula is printed on every bottle. Sold by druggists, price 10 cents to \$1.00 per bottle.
