### ATTACK ON M'KINLEY

The Spanish Minister Guilty of an Indiscretion.

A REMARKABLE STOLEN DOCUMENT

The Letter was Written to Senor Canelejas, but Fell into the Hands of the Cuban Junta.

New York, Feb. 9.—The Press this morning says that representatives of the Cuban junta yesterday gave out copies of a letter signed Enrique Dupuy de Lome who is minister of Spain at Washington, and addressed to Jose Canelejas, who went to Cuba last September, as Premier Sagasta's personal representative. In this letter the Spanish minister refers to President McKinley as "weak, and catering to the rabble," and as "a low politician, who desires to stand well with the jingoes of his party."

The Washington correspondent of the Press says that when a copy of the letter was shown to de Lome, he promptly pronounced it as being a forgery. He also says that an official of the state department, in discussing the matter, exclaimed:

"De Lome did not write the letter. The Cuban junta has been imposed upon by somebody."

On the other hand, Horatio L. Rubens, counsel for the Cuban junta, says:

"We know absolutely that this letter is genuine. A man risked his life to obtain it. We do not hesitate to acknowledge that it was stolen from Canelejas."

It is written on the paper of the legation. The handwriting is de Lome's, and the signature is his. He may deny it until he is black in the face, but it is genuine, and everybody who has seen the letter knows that it is. If he had attempted to steal the envelope he would never have got away with the letter."

Mr. Rubens was asked about the translation, and if there was not some danger that it was wrong. He replied:

"No; the translation was made by a man who thoroughly understands both languages, and is as near correct as a translation could be."

"Where is the letter now?" he was asked.

"That I decline to answer."

Sensation at Washington.

WASHINGTON, Feb. 9.—The publication of a letter bearing the signature of the Spanish minister, Dupuy de Lome, addressed to Senor Canelejas, and making severe strictures on President McKinley, has created a profound impression in official circles, and it is expected to bring about important results in the immediate future.

The authenticity of the letter cannot be established from any official source nor is any denial of it given out from any quarter. A strong impression prevails that the letter is genuine in its substantial features. Little doubt exists in official circles that if the genuineness of the letter is fully established it will result in the retirement of de Lome and his replacement by another minister.

At the Spanish legation every avenue of inquiry as to the letter is closed. The minister positively declines to be seen concerning the subject. He will neither deny nor affirm the accuracy of the letter as a whole or in part.

Trouble in Sight.

MONTEVIDEO, Feb. 9.—Several officers have been arrested for complicity in the military plot and others have been imprisoned for refusing to pledge their support to the president ad interim, Senor Cuestas.

The proclamation of a dictatorship is daily expected. Cuestas is losing popularity owing to his indecision, and many people are leaving the city in order to escape enrollment in the national guards.

Dr. Saranelli, who discovered a preventive for yellow fever has gone to Brazil to conduct experiments in the states of San Paulo, where yellow fever is raging now. Before leaving Saranelli, in order to perfectly test his serum, made three injections upon himself. According to the doctor these applications were made to show that the application can be made without danger.

Max La Prensa, of Buenos Ayres, in commenting upon Dr. Saranelli's test upon himself, says that although he has never made known the composition of the serum, this act is more significant than any declaration.

There have been great losses to the army of Brazil from cholera, which has appeared in many places.

In a recent letter from Washington, D. C., to an old friend, Major, G. A. Studer, for twenty years United States Consul at Singapore, says: "While at Des Moines I became acquainted with a liniment known as Chamberlain's Pain Balm, which I found excellent against rheumatism as well as against soreness of the throat and chest (giving me much easier breathing). I had a touch of pneumonia early this week, and two applications freely applied to the throat and chest relieved me of it at once. I would not be without it for anything."
