## SPAIN MUST DISAVOW

### A Formal Repudiation of the De Lome Letter.

#### THE INCIDENT NOT YET CLOSED

The Administration Not Entirely Satisfied with the Present Status of the Case.

The attitude of the Spanish government in regard to the De Lome incident as set forth in Minister Woodford's detailed report to the state department, is not entirely satisfactory to the administration. Woodford has therefore been instructed to reopen negotiations upon the subject at Madrid, with a view to securing from Spain a distinct disavowal of the utterances of De Lome, in his now famous letter to Senor Condejar, and a formal assurance that those utterances, as applied to President McKinley, in no manner expressed the sentiments of the Spanish government.

New York, Feb. 14.—A special from Washington says:

The De Lome incident is still unsettled. The cipher dispatch received from Minister Woodford was unsatisfactory. It was taken to the president by Assistant Secretary Day, and after a short conference between them, Mr. Day sent another telegram to Minister Woodford. Officially nothing will be said about these two communications, further than that the incident is not yet entirely closed.

It is said that Minister Woodford's cable was a report of his interview with the Spanish minister of foreign affairs, which showed that no distinct disclaimer had been made by Spain of that feature of the De Lome letter which has been interpreted to indicate the insincerity of the Spanish government in the matter of autonomy and in the negotiations for a commercial treaty. Absence of such disclaimer is not entirely satisfactory to the president. Accordingly Minister Woodford has been given further instructions on the subject.

Without making any distinct demand for a disavowal, Minister Woodford is requested by his new instructions to impress upon the Madrid authorities the importance to all parties concerned of some distinct repudiation of Senor de Lome's declarations, which the president can believe correctly represents the position of the Spanish government.

Mr. McKinley believes that when the Spanish minister of foreign affairs fully appreciates the interpretation which has been placed upon Senor de Lome's letter in some quarters of the United States, he will hasten to disavow it. Minister Woodford has been told in a positive way what the president would like to have done; in other words, that he must use delicate diplomacy to secure the end desired, and the president is sincere in the belief that another interview between Minister Woodford and the minister for foreign affairs at Madrid will end the whole trouble.

As far as that feature of the case, the De Lome letter criticizing the president, is concerned, the incident is closed. That was established when the state department received Senor du Bose as charge d'affaires of the Spanish legation to succeed Senor de Lome. The other phase of the letter, the president considers, should very properly be made the subject for further negotiations, in order that Spain should have an opportunity to show that Senor de Lome falsely rep-

Cuba Had an Inning.

WASHINGTON, Feb. 14.—Senator Morgan reported today from the committee on foreign relations an amendment to the diplomatic and consular appropriation bill offered by Allen recognizing the belligerency of the Cubans. The report, which was quite long, stated that the senate had already acted on this matter, and was still of the same opinion, and would be glad to have the house cooperate in securing the recognition of belligerency.

Harris introduced a resolution calling for information regarding the abandonment of the government's purpose to bid in the Kansas Pacific under the guarantee of the full amount of the principal of the indebtedness. On Chandler's objection it was laid over until tomorrow.

A resolution by Morgan was passed, calling for a consular report regarding affairs in Cuba, and inquiring whether this government had recognized the autonomous government of Cuba, and authorized negotiations for a reciprocity treaty.

The senate then went into executive session for the consideration of the Hawaiian treaty.

Chamberlain's Cough Remedy Always Proves Effective.

There are no better medicines on the market than Chamberlain's. We have used the Cough Remedy when all others failed, and in every instance it proved effectual. Almost daily we hear the virtues of Chamberlain's remedies extolled by those who have used them. A Clash Imminent.

New York, Feb. 13.—A special from Washington says:

There is a general impression among pan-American diplomats here that Costa Rica and Nicaragua are very near war. Both countries have assumed belligerent attitudes, according to information which has reached Washington and was printed in the Herald. It is the expectation of Central Americans in this city that President Zelaya will demand the disavowal of Costa Rica's responsibility in connection with the revolution in San Juan del Sur.

Whether the president of Costa Rica would comply with President Zelaya's demand, and whether Nicaragua would have the support of Salvador and Honduras in case of war are questions which pan-Americans are asking each other. Those in touch with the Costa Rica legation in this city express the opinion that the government will not comply with the respective demand of the Nicaragua president, and in this event war is likely to follow.

The Herald's correspondent at Managua says:

"Two British warships are now in Nicaraguan waters, and more are expected. One of these now in Nicaragua is at Corinto and the other at San Juan del Sur."

Mr. R. N. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by two bottles. For past three years has been attending to business and says Dr. King's New Discovery is the greatest remedy ever made, as it has done so much for him and also for others in his community. In a recent letter from Washington, D. C., to an old friend, Major, G. A. Studer, for twenty years United States Consul at Singapore, says: "While at Des Moines I became acquainted with a liniment known as Chamberlain's Pain Balm, which I found excellent against rheumatism as well as against soreness of the throat and chest (giving me much easier breathing). I had a touch of pneumonia early this week, and two applications freely applied to the throat and chest relieved me of it at once. I would not be without it for anything." For sale by Blakeley & Houghton.
