WHITE PASS RAILWAY

To be Built From the Head of Lynn Canal.

THE WORK TO BE BEGUN AT ONCE

An English Company Furnishes the Capital—Road to be Ready to Operate some Time in May

MONTREAL, Feb. 15.—C. H. Wilkinson, representing the British Yukon Company, says the construction of a railroad through White pass, from the head of Lynn canal to Lake Bennett, will be begun immediately by his company. The road, which will be 45 miles in length, will be completed within 90 days of the beginning of the work.

The British Yukon Company, of which the Duke of Teck is president, also holds a charter from the Dominion government for the construction of a railroad through White pass. The announcement, some weeks ago, of the government's having negotiations with Messrs Mann and Mackenzie, determined the British Yukon Company to build the road over White pass at once.

The width of the track will be three feet six inches. The grade over the pass will be three per cent, and at points where the grade is the steepest what is known as the "A. B. T." rail will be laid. This rail which has been used in the Hartz mountains in Europe, has notches for the grip to a cog wheel, and is a part of the locomotive.

DISAVOWED AT MADRID.

Famous De Lome Letter to Canalejas Formally Repudiated.

New York, Feb. 15.—A special from Washington says:

A cablegram received by the secretary of state from Minister Woodford, at Madrid, announces that the Spanish government has disavowed the letter of De Lome to Senor Canalejas. This disclaimer, as the administration officials are pleased to call it, is regarded as satisfactory, and the president has authorized the announcement that the incident is closed.

New York, Feb. 15.—The Washington correspondent of the Herald says that the announcement from Madrid that the Spanish ministry had decided to reply in a fitting manner to Minister Woodford's representation of the De Lome letter is highly satisfactory to the administration officials. No one is more pleased over the matter than the president. He has never doubted that Spain would repudiate the action of her minister. His only concern has been that the delay in closing the incident might lead to some outbreak in congress which would cause embarrassment to the administration before the Spanish government had had any opportunity to make a satisfactory response.

ASHAMED, GRIEVED AND SORRY.

New York, Feb. 15.—In conversation with a Madrid correspondent of the Herald, a cabinet minister made the following statement:

"You may say openly, as coming from Senor Sagasta and from each of us that we entirely condemn, in the most absolute manner, Senor de Lome's letter. We are ashamed, grieved and sorry thereat. The ministers feel more aggrieved than President McKinley can possibly be. We are honest men, who have been placed in a wrong position by a fool."

In reply to further questions, the minister said:

Chamberlain's Cough Remedy Always Proves Effective.

There are no better medicines on the market than Chamberlain's. We have used the Cough Remedy when all others failed, and in every instance it proved effectual. Almost daily we hear the virtues of Chamberlain's remedies extolled by those who have used them. This is not an empty puff, paid for at so much a line, but is voluntarily given in good faith, in the hope that suffering humanity may try these remedies and, like the writer, be benefited.—From the Glenville (W. Va.) Pathfinder. For sale by Blakeley & Houghton.

Killed in Committee.

WASHINGTON, Feb. 15.—By a vote of 10 to 3 the house committee on military affairs refused to report favorably the Odell bill authorizing any denomination, sect or religious body to erect buildings for religious worship on any military reservation in the country.

Five Were Killed.

PITTSBURG, Feb. 15.—The south wall of the Union Storage Company's building, which was destroyed by the big fire last Wednesday, fell shortly before noon today. A number of boys were at play about the ruins, and it is believed at least five were caught by the falling wall and are buried beneath the debris.

The news caused great excitement, as it was first reported that ten men had been killed. This was untrue. The extent of the accident is not yet fully known.

Samuel Lewis, a colored man, and Charles Cramer, a boy, were taken out alive. They were not dangerously hurt. Young Cramer says a number of his companions were caught under the wall. A large force is clearing the debris. The parts of the wall still standing are in a dangerous condition, and the searchers are in danger of being buried.

At 1:30 p. m. the search was abandoned and the workmen ordered from the ruins, on account of the dangerous walls and the uncertainty of finding any alive in the wreckage. No more work will be done until the threatening walls have been torn down.

"A Clincher."

"Of course I don't know much about politics," she said, thoughtfully, "but I should think, John, that you'd sometimes get caught in spite of all your wisdom."

"In one way I do," he replied, "but a man who has been talking politics as long as I have knows how to win a victory even after he's been tripped up."

"But if you find that you're getting the worst of the argument I don't see—"

"Oh, I just run in something about the immutable laws of supply and demand," he interrupted, in his superior way, "and it will prove a clincher for any kind of argument in regard to either the tariff or finance."—Chicago Post.
