MUCH TALK INDUCES LONG LIFE

Some Speculations from the Statistics of French Centenarians.

In France a census of centenarians has just been taken, and the tabulation shows two hundred and thirteen persons in that country who are over one hundred years of age. Of this number, says the New York World, only sixty-six are men, or less than one-third. An amusing comment on this has been going the rounds in Paris to the effect that the reason for this surprising comparative longevity of women is their proneness to talk and gossip at every conceivable opportunity.

Robbed the Grave. A startling incident of which Mr. John Oliver of Philadelphia, was the subject is narrated by him as follows: I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim. No one should fail to try them. Only 50 cents per bottle at Blakeley & Houghton's drug store.

MARRY THEIR JUNIORS.

A Number of Reasons Why Some Women Do So.

A late conversation between a number of women chanced to fall upon the common occurrence of women marrying their juniors, says the New York Times. It was remarked that these marriages were almost invariably happy ones. One of the group ventured the opinion that the reason for this lay in the wisdom gained with years by the wife, and in the knowledge thus attained as to how to manage her husband. Another thought that a man always wanted his wife to "mother" him, and was best satisfied when she did, while she was naturally satisfied by his satisfaction. A third was sure that to take care of others was a woman's true vocation, and the secret desire of her heart, and that this calling was most entirely entered upon when the selfishness of extreme youth was past, and when the husband was younger than herself. Whatever the cause, the fact remains that of all these matches, which do seem to be made in heaven, almost all make a little heaven here below.

One of the talkers contributed her quota to the stories of remarkable differences in years between man and wife. A one-time bishop of Maryland, she said, married a woman who had been one of his mother's bridesmaids, and who had made his own christening rope. He was so devotedly attached to her that when she died from extreme old age he mourned her memory, with no thought of filling her place, all the rest of his life.

Skin Came Off

I had an obstinate skin disease, called Eczema. My body, head, and arms were covered with spots like drops of mortar, which came off in layers of dry scales. I suffered for over a year without relief, consulted several doctors without aid, and had almost given up hope. I saw an advertisement about CUTICURA (HARRIS); took them, and in eight weeks I was as well as ever, for my skin is as nice and clear as a baby's. GEO. REABURN, Hanover, Ontario, Canada.

What is Scott's Emulsion?

It is a strengthening food and tonic, remarkable in its flesh-forming properties. It contains Cod-Liver Oil emulsified or partially digested, combined with the well-known and highly prized Hypophosphites of Lime and Soda, so that their potency is materially increased.

What Will It Do?

It will arrest loss of flesh and restore to a normal condition the infant, the child and the adult. It will enrich the blood of the anemic; will stop the cough, heal the irritation of the throat and lungs, and cure incipient consumption. We make this statement because the experience of twenty-five years has proven it in tens of thousands of cases.

Be sure you get SCOTT'S Emulsion. 50c. and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York.
