The cabinet is getting anxious and wants to know when the report of the naval court of inquiry will be made, but as yet the date of the same cannot be fixed.

It has been decided that the consecration of the new Catholic church will take place on March 17th. The new edifice is about completed and it presents a handsome appearance.

Pa Plata Sheep Dip, proven by every test to be the best non-poisonous fluid dip in the world; guaranteed to cure scab, itch, sore throat, lice and hoof-rot. Clarke & Falk, agents, The Dalles.

A bevy of girls and ladies visited the Guker mine one day recently just as Mr. Guker had finished panning out a particularly nice mess of the mixture, many large and handsome nuggets being exposed, says the Baker City Republican. He passed the pan to the crowd and told them to each select a specimen, which they did with alacrity. After

that the pan was cleaned up and found to contain \$89 in gold. It is estimated that the nuggets given away to the girls and ladies on that occasion from that one pan must have been worth \$200 of any man's money.

Engineer Cooper and his assistant are still investigating the proposed route of the D. D. & D. railway, and it is expected that in a few days they will be able to decide what route is best for this road. We understand that no serious obstacles have yet been met with, the worst being some canyons across which the road will run.

J. A. Crossen arrived home from Los Angeles last night. Although not showing much improvement from his trip, he enjoyed it very much, and hopes yet to receive benefit from the change. He spent a good part of the time with Harry Lonsdale after his arrival there, and says he left him improving rapidly and perfectly delighted with the surroundings.

Bicycle riders of all ages are taking advantage to the full extent, of the pleasant weather and nice streets and roads. After being deprived of riding for several months, it is indeed a pleasure to be able to take a spin, and the only disagreeable feature the scribe sees about the whole matter is that he has to remain indoors and watch the others enjoying themselves.

This morning Gordie Graham, the 12-year-old son of Mr. Graham, of Mosier, was standing in front of Stewart's store in that place, when a stray bullet, which in all probability had been fired by some person in the woods outside the city, struck him in the corner of the eye, inflicting a serious and what may prove a fatal wound. Dr. Hollister was immediately sent for, but on account of his being unable to reach there at an early hour, he answered that he could not go, and the boy was taken to Hood River for treatment. We understand that the bullet lodged in the boy's head, but the extent of the injury cannot be told until the doctors have examined the wound.

SMART! SWELL! STYLISH

and all that sort of thing, is hackneyed. They are good words, but they are misused. We define swell as meaning something right and refined, and never cheap nor common. You cannot find the kind of swell clothes that we sell unless you come to us for them. Our spring line contains a collection of exclusive styles in representative fabrics, many of which are confined. There is no fear of seeing the good things copied in low grade and unreliable merchandise. You're tasty enough to know the worth of right style, right fabric, honest and correct exclusiveness. You'll see it here in suits and top-coats.

COUNCIL MEETING.

Ordinance Passed Stopping Gambling Machines—Other business.

The regular monthly meeting of the city council was held last night, Mayor Nolan presiding. The councilmen present were Kuck, Johns, Stephens, Wood, Thompson Saltmarsh and Johnston. After the minutes of the last meeting were read and approved, the petition of Charles Frank for a deed to city lots was referred to the judiciary committee.

Councilman Johns, of the committee on streets and public property, made a verbal report regarding the improvement of streets, and stated that work on the brewery hill had been completed. At present improvements were being made on Union street cut, and that the property owners along this street would each bear their share of the expense. Also that the spring which originally ran on Union street had been turned so that the water runs into the sewer.

The reports of city officers for the month were placed on file and the amounts recommended by the street commissioner were ordered paid.

It was moved and carried that the city marshal be instructed to put a stop to the running of all nickel-in-the-slot machines that can be considered as gambling devices, and have the same removed.

Bills for the month were considered and ordered paid, and the recorder ordered to draw warrants for the same.

The bill of Fred Archer for damages caused by a runaway, which he claims was caused by the fire engine scaring his team, was referred to the water committee.

D. W. Mann's bill for hauling dead man was referred to the county court.

A motion was made and carried that the street committee be instructed to repair the holes in Second street.

The matter of the extent of the O. R. & N. franchise on First street was referred to the judiciary committee.

The recorder was instructed to draw up an ordinance in relation to the repair of Union street.

As this concluded the business for the evening, the council adjourned.

The following bills were allowed and ordered paid:

The Mothers' Meeting.

The mothers' meeting yesterday at the Congregational church was well attended. After devotional exercises, Mrs. Warner read an exceedingly interesting and instructive paper on "Child Culture," speaking of the influence of the daily home life as the weaving of a coat for the growing mind and soul of the young immortal. A striking but clear figure as to how we are shaping human destiny.

Miss Elliot's solo, entitled "The Gift," was most admirably adapted to the occasion and very touchingly rendered.

The Greek poses by a number of misses from Miss Johannessen's physical culture class, were very gracefully executed.

Mrs. Briggs presented petitions for signature addressed to our representative and congressmen praying their influence in enacting a law that will prohibit the sale of intoxicants in the government buildings at Washington, D. C.

Exercises closed by singing "Blest Be the Tie That Binds."

The members of the W. C. T. U. desire to thank all who assisted in helping them in the program.

Opening.

Prof. P. G. Dunt will open up an optician parlor on Second street, two doors west of Keller's bakery. The professor has been employed by Harry Liefie, the jeweler, for several months and leaves him with the best of recommendations. His work speaks for itself, and he has many home testimonials, which he will be glad to show to anyone desiring to see them. His patients are his friends and his friends are his patients, for he is an expert in fitting the eye perfectly in all cases.

Anyone wishing their eyes examined and properly fitted will do well to give him a trial. He states that he will be ready to open up by Tuesday, the 8th, and will, for a beginner, make a special reduction for ten days only. He will also do all kinds of complicated watch work, jewelry repairing and diamond setting.

He comes here with the best of recommendations as an eye specialist, and

can, undoubtedly, do as he agrees. We are pleased that he has decided to remain in our city, and recommend him to the patronage of our readers. tf

A Hot Time in the Old Town.

There's been a hot time in the old town while the wool-growers have been with us; but, gentle people, the hot time is not over yet, for there's going to be a hot time in real estate and insurance in the old town in the future. When you hear old Dad Butts go by, don't forget he's got business in his eye, a sample of which might be briefly mentioned in this way: A corner lot; good house; well improved; city water; streets all graded; within ten minutes' walk from the postoffice—for \$300. And this isn't all he has. See him and be convinced. tf
