## LIBERATION IS NEAR

### Conjunctive Movement in the British Parliament.

#### A MESSAGE HAS BEEN DRAFTED

Will be Sent to Congress Within Two Weeks—London Press Comment Friendly.

LONDON, Mar. 10.—In the house of commons today Hon. Hubart Valentine Duncob, conservative, will ask the parliamentary secretary for the foreign office, Curzon, whether with a view to recognizing the identity of the interests of all English-speaking peoples, her majesty's government will consider the advisability of placing the services of the British fleet at the disposal of the United States, in the event of complications between the United States and any foreign power.

In addition Donald Monroe Ferguson, liberal, will question the government as to whether there is any truth in the report that communications on the Cuban question have been exchanged between the British ambassador at Washington and the government of the United States.

LONDON, Mar. 10.—The Chronicle's article on the Cuban question characterizes President McKinley's action throughout the crisis as a model of statesmanship. It declares that the action of the Washington government in connection with the Maine disaster deserves the highest recognition.

"There is every indication," says the Chronicle, that the United States is preparing for the inevitable struggle. Soon it will be necessary for Great Britain to show on which side her sympathies lie."

Arguing at considerable length upon the selfishness of America's motives in desiring to put an end to the "hell upon earth, Cuba," and insisting that "America has a better right to interfere than has been put forward in justification of two out of any three wars in his history."

"We hope Great Britain will not support the United States only as far as the limits of international law permits, but that public opinion will declare itself openly, unmistakably and in the face of all Europe if necessary, as sympathizing heartily with the motives impelling America to take a step at last so natural and yet one she has so long hesitated to take. At the same time, we wish it were possible to persuade Spain, even at the eleventh hour, that her honor and Cuba might be saved by the recognition of inevitable facts. To bid Cuba be free would be a hard task, but it would be the safest and most dignified course."

The Daily News says editorially this morning: "While crediting the United States with the generous error of giving the world a noble example of sacrifice for peace by unpreparedness for war, we are glad to see that they have shown themselves wise in time."

#### Robbed by a Cabman.

NEW YORK, Mar. 10.—Mrs. Horace Porter, wife of the United States ambassador here, lodged a complaint against a cabman, who she charges with stealing a portmanteau containing a large sum of money and some valuable jewelry, says the Paris correspondent of the Herald.

It appears from the Temps that Mrs. Porter took the cab on March 4th at Gare de l'Est. Upon reaching her house she paid the cabman, but forgot the portmanteau, which she left in the cab. The cabman drove off and never returned. An inquiry is on foot at the prefecture of police with the object of finding out which cabmen were at the station on the date named.

The Shakers never have indigestion. This is partly owing to their simple mode of life, partly to the wonderful properties of Shaker Digestive Cordial. Indigestion is caused by the stomach glands not supplying enough digestive juice. Shaker Digestive Cordial supplies what's wanting. Shaker Digestive Cordial invigorates the stomach and all its glands so that after awhile they don't need help. As evidence of the honesty of Shaker Digestive Cordial, the formula is printed on every bottle. Sold by druggists, price 10 cents to \$1.00 per bottle.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject is narrated by him as follows: I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue

coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at Blakeley & Houghton's drug store.

WASHINGTON, Mar. 10.—Senator Chandler has introduced a bill providing for the remission of duties on war materials that may be imported.

We are anxious to do a little good in this world and can think of no pleasanter or better way to do it than by recommending One Minute Cough Cure as a preventive of pneumonia, consumption and other serious lung troubles that follow neglected colds.

If the United States and Spain become involved in war, it will be impossible to import Havana tobacco. Consequently high grade Havana cigars will increase in price. Lay in a supply of Prize Medal cigars while the price remains the same.

Whooping cough is the most distressing malady; but its duration can be cut short by the use of One Minute Cough Cure, which is also the best known remedy for croup and all lung and bronchial trouble.
