Stevens was a pleasant revelation to those who have not had the opportunity of hearing her in the Musicales Club. Miss Stevens is the possessor of that desirable adjunct, 'musical style,' and it is hoped that she will be heard frequently in the future by Portland audiences. She presented selections by Coombs and Thomas."

Miss Lizzie Farmer of this city, received a telegram Saturday evening from Troy, New York, informing her of the death of her father, Thos.

He leaves five children—Mrs. Alwise, of Troy; Mrs. McLaine, of Pine Bluff, Ark.; Mrs. Upper, of Portland, Or.; Miss Lizzie Farmer and Hugh Farmer, both of this city. Mr. Farmer was 73 years old, and a week before his death he stated in one of his letters that he was enjoying good health, so that his death was unexpected. The telegram did not state the cause, but it was probably heart failure.

#### Miss Clark's Death.

Miss Ethel Clark died at the home of her parents at Hartland yesterday morning, aged about 16 years. Miss Clark has been suffering from heart disease for over two years. The last attack which eventually caused her death, came on last November. From that on until a few weeks ago she has been under medical treatment in this city; but in spite of the fact that every means available was used to save her, the heart trouble brought on an attack of dropsy, and the complication caused her death yesterday morning.

She leaves a father, mother, two sisters and two brothers to mourn her loss. Her parents take this means of expressing their appreciation of the many acts of kindness shown to them while they were in this city by all their friends, especially those living on the hill, in which vicinity they resided while here.

#### A PECULIAR FACT.

Thousands of People Have Dyspepsia in Its Worst Form and Don't Know It.

A weak stomach is the cause of about nine-tenths of all diseases, yet in most cases the wrong thing is treated and the true cause overlooked.

This is because a weak digestion produces symptoms resembling nearly every disease because it weakens and disturbs the action of every nerve and organ in the body; poor digestion causes heart trouble, kidney trouble, lung weakness and especially nervous breaking down or nervous prostration; the nerves cannot stand the wear and tear unless generously fed by well digested, wholesome food.

Keep the digestion good and no one need fear the approach of disease. Mrs. H. M. Lee, of Rochester, N. Y., writes: For the sake of suffering humanity I want to say that from a child I had a very weak stomach, threw up my food very often after eating and after a few years nervous dyspepsia resulted and for more than twenty years I have suffered inexpressibly.

I tried many physicians and advertised remedies with only temporary relief for nervous dyspepsia, and not until I commenced taking Stuart's Dyspepsia Tablets last September, six months ago, have I been free from suffering caused by the condition of my nerves and stomach; in short, chronic nervous dyspepsia.

I have recommended Stuart's Dyspepsia Tablets to many of my friends and now I want in a public way to say they are the safest, pleasantest and I believe surest cure for stomach and nerve troubles. I write my honest opinion and I will gladly answer any letter of inquiry at any time and feel that I am, in my small way, helping on a good cause.

Stuart's Dyspepsia Tablets is not a patent medicine, but they contain only the fruit salts, digestive acids and peptones necessary to help the weak stomach to promptly and thoroughly digest food.

All druggists sell Stuart's Dyspepsia Tablets at 50 cents for full sized package and anyone suffering from nervous dyspepsia, sour stomach, headaches, acidity, gases, belching, etc., will find them not only a quick relief but a radical cure.

Send to Stuart Co., Marshall, Mich., for little book describing cause and cure of stomach troubles, giving symptoms and treatment of the various forms of indigestion.
