Dr. Hollister was called to Moro last night to hold a consultation with Dr. Smith, of that place. The patient over whom the consultation was held was Mrs. J. McGrath, who is very ill.

The funeral of Clarence Conkling took place today from the Methodist church, and was attended by the numerous friends of the deceased. The remains were laid away in Sunset cemetery.
The pipe for the new 6-inch main which will be laid in the East End, arrived yesterday, and has been distributed along the street. Work will be begun as soon as possible putting it in proper shape.
This morning the water main on Front street burst at a point near the Ballwin opera house, and for a time the water poured over the street at a great rate. Men were immediately put to work repairing the break.

Don't go to Spain nor Cuba and get blown up, but call on Butts and get a fine home and settle down. He is the leader in that line, and anyone overlooking this fact will be the loser. Information cheerfully furnished. You make the price; Butts does the rest.

The dancing party given at Fraternity hall last night by the Woodmen and Cedar Circle, was well attended and very enjoyable. Refreshments were served and the evening throughout was of such a pleasant nature that at the conclusion

everyone expressed the wish that the Woodmen would not be slow in giving like entertainments.

The motion for a new trial in the case of the United States vs. I. H. Taffe and E. Killfeather, convicted some time ago on the charge of conspiracy to influence a petit jury to return an exorbitant verdict for damages against the government, in right-of-way proceedings, was argued before Judge Bellinger in the United States district court yesterday afternoon.

Today Fred Houghton, who has the agency in this county for the new Columbia chainless, received one of those wheels. They are beauties and will undoubtedly take the place of the old chain gear in the near future. At present the price is a little too high for most people to be able to afford one of them, but as soon as the price comes down, which it certainly will, the chainless will be ridden in preference to all others.

The dedication of the new Catholic church will take place tomorrow at 10 a. m. Everyone is cordially invited to be present at the dedication. Archbishop Gross will conduct the services, and will be assisted by Rev. A. Bronsgeest and other priests of the diocese. The choir, assisted by Birgfeld's orchestra, will furnish the music for the occasion, and the services throughout promise to be beautiful and impressive.

Tailor-Made Suits.

A. M. Williams & Co. are having great success with their spring line of ladies' suits. They give special attention to high-class tailored garments, and are showing suits equal in style and finish to those of any custom-tailor. Their present showing is meeting with marked approval among our ladies.

An especial favorite is an English walking suit, made of a cadet blue canvas cloth, a strictly all-wool material. The jacket is made blazer front, with belt, same going through first darts at waist line, thereby permitting an entire open front, and is finished with a cut-steel slide. The lining through jacket is a beautiful plaid taffeta silk. The skirt is made perfectly plain, with eight gores, and is lined with best quality taffeta lining, seams finished. This very chic suit is priced at only \$15.

Prof. A. H. Lundell will organize an afternoon class in the rudiments of vocal music and note-reading, Saturday, March 19th, at 4 o'clock p. m., in the basement of the new Lutheran church. A PECULIAR FACT.

Thousands of People Have Dyspepsia in Its Worst Form and Don't Know It.

A weak stomach is the cause of about nine-tenths of all diseases, yet in most cases the wrong thing is treated and the true cause overlooked.

This is because a weak digestion produces symptoms resembling nearly every disease because it weakens and disturbs the action of every nerve and organ in the body; poor digestion causes heart trouble, kidney trouble, lung weakness and especially nervous breaking down or nervous prostration; the nerves cannot stand the wear and tear unless generously fed by well digested, wholesome food.

Keep the digestion good and no one need fear the approach of disease.

Mrs. H. M. Lee, of Rochester, N. Y., writes: For the sake of suffering humanity I want to say that from a child I had a very weak stomach, threw up my food very often after eating and after a few years nervous dyspepsia resulted and for more than twenty years I have suffered inexpressibly.

I tried many physicians and advertised remedies with only temporary relief for nervous dyspepsia, and not until I commenced taking Stuart's Dyspepsia Tablets last September, six months ago, have I been free from suffering caused by the condition of my nerves and stomach; in short, chronic nervous dyspepsia.

I have recommended Stuart's Dyspepsia Tablets to many of my friends and now I want in a public way to say they are the safest, pleasantest and I believe surest cure for stomach and nerve troubles. I write my honest opinion and I will gladly answer any letter of inquiry at any time and feel that I am, in my small way, helping on a good cause.

Stuart's Dyspepsia Tablets is not a patent medicine, but they contain only the fruit salts, digestive acids and peptones necessary to help the weak stomach to promptly and thoroughly digest food. All druggists sell Stuart's Dyspepsia Tablets at 50 cents for full sized package and anyone suffering from nervous dyspepsia, sour stomach, headaches, acidity, gases, belching, etc., will find them not only a quick relief but a radical cure.

Send to Stuart Co., Marshall, Mich., for little book describing cause and cure of stomach troubles, giving symptoms and treatment of the various forms of indigestion.

On Finance.

Smoke Cigars.

Why do we retail more Cigars than others?

Why do smokers go out of their way and pass cigars of the same grade?

Not because we have better cigars or better brands, or any greater variety; no, not that.

Why, because we have the finest cigar case in the state and keep our cigars in better condition.
