"DANCE OF THE STARVING." An Odd Event Among the Poor of Hungary.

A striking article on the agricultural condition in Hungary has just been published in the Neues Wiener Journal, under the title of "The Dance of the Starving." From this it appears that the peasants of the Alfeeld plain bave recently organized a number of popular balls, which have been attended by thousands. This does not imply that the people are particularly happy or prosperous. On the contrary, owing to the strike of last summer and the bad harvest, their condition is one of great need. The dances are the result of the bill passed in the Hungarian reichstag for regulating the relations between land owners and their laborers. That bill is regarded as exceptionally hostile to the latter. For the laborers, however, liberty of speech and of public meeting is so restricted as to render all gatherings for political purpones practically impossible. Hence this stratagem of popular balls. It is pointed out that the accounts of these peasant dancing parties are accompanied by the news of acts of pillage and a strike against taxes, which have rendered necessary the intervention of the military. The present movement is a direct consequence of the harvest many excellent qualities commend it strike of last summer, and of the measvent its recurrence. The obnoxious bill, according to the Neues Wiener Journal, delivers up the laborer to the arbitrary discretion of his employer, entitling the latter to put an end to the agreement he has entered into, and to withhold the wages he has agreed to pay if the laborer should, in his opinion, be a socialist agitator. If the laborer, however, should fail to appear at the time and place appointed, the employer is empowered to call upon the authorities to force him to carry out his contract. The laborer has no legal remedy against this proceeding, while the employer is assured of the cooperation of the authorities in the event of a strike. Such injustice as this, as the writer remarks, might convert a strike very easily into a rebel-
