MAIER & BENTON

IN HONOR OF IRELAND'S PATRON St. Patrick's Day Daily Celebrated at the K. of P. Hall Last Evening.

About thirty sons of the Emerald Isle with their wives and a few invited guests, met last night at the K. of P. hall to observe the feast of St. Patrick in a fitting manner, as well as to observe the centennial anniversary of the Irish rebellion of 1798. At the opening of the meeting J. P. McInerney was elected chairman, and on accepting the office he introduced Nicholas J. Sinnott, who made an eloquent talk on the Irish nation, its struggle for independence, as well as the loyalty of its subjects, not only to their own flag, but also to the country to which English oppression has led them to emigrate. He recounted the many acts of Irishmen during the wars of our country, and while he urged all to love the green flag, at the same time he declared that their love for the same should always be subordinate to the love of our country's flag, the stars and stripes. Mr. Sinnott's speech throughout was admirably delivered, and showed the young man to be an orator of no mean ability.

Reverend Fathers Brongesest and Verhaag were present and made short addresses, while Mayor Nolan did himself proud in an Irish recitation. A musical program was also rendered and a bountiful repast served. The evening's pleasures closed with a social dance, which continued until 1 a. m., at which time the merry-makers disbanded for the evening, to meet again next March 17th.

A PECULIAR FACT. Thousands of People Have Dyspepsia in Its Worst Form and Don't Know It.

A weak stomach is the cause of about nine-tenths of all diseases, yet in most cases the wrong thing is treated and the true cause overlooked. This is because a weak digestion produces symptoms resembling nearly every disease because it weakens and disturbs the action of every nerve and organ in the body; poor digestion causes heart trouble, kidney trouble, lung weakness and especially nervous breaking down or nervous prostration; the nerves cannot stand the wear and tear unless generously fed by well digested, wholesome food. Keep the digestion good and no one need fear the approach of disease.

Mrs. H. M. Lee, of Rochester, N. Y., writes: For the sake of suffering humanity I want to say that from a child I had a very weak stomach, threw up my food very often after eating and after a few years nervous dyspepsia resulted and for more than twenty years I have suffered inexpressibly.

I tried many physicians and advertised remedies with only temporary relief for nervous dyspepsia, and not until I commenced taking Stuart's Dyspepsia Tablets last September, six months ago, have I been free from suffering caused by the condition of my nerves and stomach; in short, chronic nervous dyspepsia. I have recommended Stuart's Dyspepsia

Mr. Schwartz has been engaged in sheep-raising in Umatilla county eighteen years past, and has amassed \$10,000. Chris Bartleson bought the sheep, which are all 4-year-old ewes of heavy Merino

grade. The band is considered among the best in Umatilla county. The price was \$3.70 per head.

Some people eat to live; others live to eat. To either class there is an attractiveness about wholesome, pure groceries. With either class there is a desire for the most substantial food for the least possible outlay. Pease & Mays supply both classes. A glance at the display of cured and canned fish in their window will confirm us in this statement.

Persons riding bicycles should remember that the law strictly forbids riding on the sidewalks, and every time they do so they put themselves in a position to be fined for the violation of this law. On account of the number who ride at night it is also necessary to have a lantern, otherwise the marshal will be forced to act in accordance with the measure.

The amount of wheat which is being hauled from the interior is increasing daily, and the employees of the several warehouses are kept busy unloading freight from the cars, loading it on the interior-bound freight wagons, and handling the wheat. Today was the first day that we have seen a string of teams lined up at the warehouses awaiting their turn to load or unload, since last fall.

One of the finest churches in Oregon was dedicated yesterday, and we have the foundation started for the finest school building in the state. Such facts as these should be sufficient for the wise and induce everyone contemplating a change to come and locate with us. Property can be bought very reasonable, and especially so from the only live real estate agent in town, old Dad Butts. A hint to the wise is sufficient.

A stranger, who is evidently unbalanced mentally, has been in the city for several days. He represented himself to Deputy Sheriff Kelly as a deputy from Walla Walla, and induced that worthy official to show him through the jail and treat him with all the respect due to a fellow deputy, before he found out that he was being duped by a freak. The same party made a contract with Saltmarsh to feed fifteen carloads of cattle, and by this and other like actions his real condition was learned.

This morning an altercation arose between Charles Neuberger, of this place and a gambler from Montana, which terminated in Neuberger being knocked down and handled rather roughly at the hands, or rather feet, of his aggressor, who kicked him in the mouth, loosening several of his teeth, and cut his lip open so that it was necessary to have six stitches put in the same. Neuberger has sworn out a warrant for the arrest of the man who did the kicking, and at present Constable Hill is on his trail and will bring him to justice if he can be found.

It seems to be entirely out of the question for some teamsters in the city to have any regard as to how or where they drive. At times two teams will take up an entire street, and the driv-

ers do not seem to realize that they are making just as good time by driving over behind the other as they do by driving two or three abreast. There is a side for teams going in either direction, and they should see that they observe the rules and keep on their respective sides. They may thus make it more agreeable and safer for others riding or driving along the street.

United States Deputy Surveyor Deputy Surveyor Jacob Richardson and County Surveyor William F. Byars have returned to Goldendale from Big Klickitat, where they finished blocking out work on the Goldendale and Lyle wagon road. They report that rapid progress has been made on the Klickitat grade. It is now believed Klickitat county wool-growers may avail themselves of the new road to the boat landing at Lyle, and the people of this city should awake to the importance of keeping the road leading to the ferry across the river in perfect condition so that Lyle may not become the outlet for Klickitat county.

The pupils of Miss Eliot gave their final musicale at the home of Miss Myrtle Michell last evening. As each member of the class invited three of their relatives or friends, quite a number were present to enjoy the singing and note the improvement made by each. Solos were sung by nearly every one of them, and during the evening Miss Eliot and Miss Stevens gave selections, which were highly appreciated. Ice cream and cake were served after the program had been rendered, and after spending a time in social converse, the pupils and friends bade Miss Eliot good bye, wishing her success and happiness wherever her lot may be cast.

A bloody hobo battle took place late Monday afternoon near the Great Northern railway shops in Hillyard. Fully a dozen of the worst type of the genus hobo were driven out of Spokane, and upon reaching Hillyard began to get drunk. They seemed to have plenty of money, gold watches, knives, razors, spectacles, jewelry, etc., and whisky and beer soon began to flow their way. In the Germania they bought some liquor and stole a fancy bar bottle of whisky. In the fight that took place, one tramp lost an ear and another's scalp was split open for several inches. Others were bruised and battered and their clothes were literally torn in shreds.

Joseph Ladue, the famous trapper and miner and the present owner of Dawson City, and for many years the agent of the Alaska Commercial Company gives a hint to persons going to Alaska, and pays great compliment to a well known article. He writes: "I have always used the Royal Baking Powder in Alaska and Northwest Territory, as no other gave equal satisfaction in that harsh climate. I also found my customers always insisted on having that brand."
