A tournament between a team of ladies and the club team is being arranged today. We understand the match will consist of one game, to be played Tuesday evening. The ladies are enthusiastic and the match will certainly be very interesting.

A commercial club has been organized at Moro, and this morning W. Hadley went through the city on his way to Tacoma to purchase a double set of bowling alleys for the same. The people of Moro are enthusiastic over the club, and are taking great interest in helping it along.

Prof. F. L. Washburn, of the state university, and B. J. Since the football season is over the baseball players of our city are talking of organizing a team that will be second to none in Eastern Oregon, and if our boys are successful in so doing we see no reason why a series of interesting games could not be played here during the coming summer with teams from both sides of the mountains.

A. W. Stanton, buyer of sheep from Montana, completed the purchase last Saturday in Pendleton of 1600 head of yearlings, 3,500 choice breeding ewes, and 3,000 lambs, to be delivered a Heppner after shearing. The ewes brought \$2.25 a head and the lambs \$1.65. The seller was R. F. Monroe, an extensive sheepowner of Condon, Gilliam county.

The Indians are again making their visits to Morrow county, some from Umatilla and others from the Columbia. During the past week they have brought in to Heppner nearly 1000 pounds of wool, which they have disposed of at fair prices. Last season it is estimated that over \$2500 was paid to the Indians for wool and pelts, most of which they gather on the range, generally without the consent of the owner.

The Dalles Crystal Ice Company, of this city, filed its articles of incorporation at the department of state Thursday. The papers name a capital of \$3000 divided into one hundred and fifty \$20 shares. Joseph Foley, F. Mathieu and Ben Wilson are subscribing incorporators. A cold storage is something that The Dalles lacks, and there is no reason why the project should not be helped along by our people.

One of the finest churches in Oregon was dedicated Thursday and we have the foundation started for the finest school building in the state. Such facts as these should be sufficient for the wise and induce everyone contemplating a change to come and locate with us. Property can be bought very reasonable, and especially so from the only live real estate agent in town, old Dad Butte. A hint to the wise is sufficient.

The man who assaulted Charlie Neuburger yesterday morning was caught and brought before Justice Filloon yesterday. He gave his name as H. J. Carney, and says he is from Sherman county. Carney was a very small and not a dangerous-looking character, and when the muscular Neuburger was com-

pared with the little Columbia Southern section boss, the prosecution decided that there could be no case against the defendant, and he was dismissed.

Frank Aldrich, of Arlington, visited Goldendale yesterday. Mr. Aldrich is one of the best posted men on the sheep outlook on the coast. He predicts fair prices for wool and sheep, and says that with present protection continued, sheepmen will prosper. He further states that the sheepmen of East Klickitat are in an exceedingly joyful mood over the light winter and the wonderful promising outlook of the lambing season, which will be in progress soon.

THREE PARTIES IN CONVENTION.

Caucuses Held Last Night—Proceedings of Today's Meetings.

Over 150 delegates from the different precincts of Wasco county are collected in the city today attending the Democratic, Populist and Silver Republican conventions. Caucus meetings were held last night by the Silver Republicans in the Baldwin opera house, by the Democrats in the court house, and the Populists in the city hall. The principal matter discussed at those sessions was that of uniting the forces of the three parties.

The Populists came together today and A. L. Reese was elected temporary chairman and J. H. Arbuckle secretary. A committee on credentials was appointed, which reported at 11 o'clock, and the same was accepted.

A conference committee was then chosen, consisting of J. L. Story, D. W. Butler and T. B. Kent. The Populist delegates then adjourned until 1:30, with the understanding that the consultation committee consult with those from the other two parties.

At the Democratic meeting at the court house, Samuel Van Vactor was elected temporary chairman, Gus Bonn secretary, and H. C. Liebe assistant secretary.

A committee on credentials was appointed, and their report accepted.

George C. Blakeley was then elected permanent chairman, while Gus Bonn retained the position as secretary.

A conference committee, consisting of Hon. A. S. Bennett, Sam E. Van Vactor and R. F. Gibbons was appointed before adjourning for the noon hour.

The Silver Republicans met at 10 a. m., with Dr. Sanders in the chair and D. S. Dufur as secretary.

The committee on credentials reported, and other business took up the time to such an extent that it was not until afternoon that the conference committee from this party was appointed. It consisted of Bert Thurston, W. L. Vanderpool and B. F. Shoemaker.

At 2 o'clock the three conference committees went into private session, and in the meantime the Democrats elected the following delegates to the state convention: A. S. Bennett, J. A. Douthit, Sam Van Vactor, J. S. Henderson, D. R. Cooper, W. N. Wiley, W. B. A. Temple and J. H. Christian.

Committeemen from the different precincts were also elected during the afternoon.

The Silver Republicans held a closed session while they were waiting for the three committees to come to an understanding; but nothing of importance was transacted.

At 4:30 the committees had not yet reported, and, judging from the length of time they have been in session, they have had anything but clear sailing. On account of this delay, it is impossible to give further particulars of the convention in today's issue.

BOWLING LAST NIGHT.

A Picked Six Rolled the Club Team on Their Alleys.

A tournament took place at the club alleys last night between a team picked from the club and the regular club team.

The match was very close, the totals being 900 to 924, in favor of the regular team. The picked team deserved much credit, however, as they made a much better showing than did the Oregon Road Club's team.

The following are the scores:

NEWS NOTES.

Spain is said to have at least 500,000 fighting men at her disposal.

Latest reports state that the Montgomery has been removed from Havana harbor by request of Consul General Lee. Treachery was feared.

Judging from the present indications, more trouble may break out in Guatemala at any time. Spaniards are said to be aiding the insurgents, and will expect assistance from them if they are successful.

It is the evident intention of Blanco to make it appear that an alliance has been formed between Austria and Spain. With or without the sanction of his government, the Austrian consul, Berendes, is lending aid to this idea.

The cruiser Amazonas, built by the Armstrongs for Brazil and purchased by the United States, was formally transferred from the Brazilian flag to the stars and stripes shortly after 11 o'clock yesterday morning. The ceremony was simple and dignified, and to the Brazilian officers it was somewhat pathetic.

"Thank God!" exclaimed John H. Draper, a colored man who was a witness in a Baltimore court, on being informed by a lawyer that he had no more questions to ask. The judge promptly fined the witness five dollars for contempt of court.
