Early this morning Roe Grimes shipped 110 head of splendid beef cattle to the Union Meat Company at Troutdale. They were bought of Al Lyle, and brought a handsome price.

The surveyors are busily engaged at present in laying out the route for the Columbia Southern, between Wasco and Moro, and everything at present goes to indicate that the road will be extended to the latter place during the coming summer.

Coroner Butts returned from Cascade Locks last night. Nothing was found out in the inquest more than that the crime was committed by Gebbhard, while in a fit of anger or insanity. The remains of the unfortunate couple will be buried today.

The work of excavation for the water main in the East End is almost finished and this morning the workmen commenced laying the pipe. The work is being pushed as rapidly as possible, and in a short time this needed improvement will be completed.

This morning the committee on lights held a consultation with H. C. Phillips and F. C. Stimson, of Goldendale, who represent the Northwestern Light Co. of that city. Those gentlemen offer to light the streets of this city with their patent gas light for what is considered a

reasonable price. They claim to have an invention that works well for the purpose. A special council meeting will be held, and the matter will be brought before the same.

S. Cole, of Walla Walla, shipped a carload of horses from Dayton to the Sound last week. The horses were all bought in the vicinity of Dayton, and are of various ages and sizes. Some of them are draft horses, and will be used in logging in the camps in Western Washington.

Last evening Mrs. C. J. Crandall left on the 5:20 train for Almot, Wash., in response to a telegram stating that Henry Spalding, an old friend of Mrs. Crandall's family when they lived at Almot, had been fatally burned in a hotel fire, and was expected to live but a short time.

Treasurer Bartholet, of Yakima county, is preparing delinquency certificates for unpaid real taxes, and the certificates are for sale. The treasurer estimates that fully 6000 of these certificates will be issued; and, as they draw 15 per cent interest and are a first lien upon the property assessed, the security is unquestioned.

A Havana dispatch yesterday alleges that Captain-General Blanco and General Manterola have notified the Spanish government that they will resign their offices if the torpedo fleet is to be detained at the Canaries in obedience to the demand made by President McKinley. Captain Eulate, of the Vizcaya, is said to have sent a similar message to the admiralty.

A report is current that one of the members of the club team had such grave fears of the ladies defeating them, that he had his lunch brought to the Commercial Club so that he could spend almost the entire lunch hour in practicing. We suggest that a lunch counter be set up in the club for the accommodation of the members of the bowling team, for they will all be equally anxious to practice since last evening's defeat.

It is quite possible Spokane people will be able to hear the Hon. William J. Bryan speak in Spokane before many weeks says the Chronicle. The North Pacific Lyceum bureau is now in correspondence with him and hopes soon to be able to announce his coming. The managers of the bureau have had one letter from him. At present he is on a tour of the South, but in his letter he said he expected to be home about the 25th, and then would be able to give the bureau a definite answer.

A telegram was received yesterday stating that Rev. O. D. Taylor, of this

place, who has been tried in the courts of Michigan and found guilty of the crime of obtaining money under false pretenses, was sentenced for six years in the Jackson state's prison. As Taylor's chances for an appeal are very limited, this is, in all probability, the closing scene in the North Dalles drama, of which the majority of the citizens of the East and West have heard more or less, and in which not a few people have been actors to their great sorrow.

Dr. Hollister, who was called to attend Captain Enderby, the old gentleman who broke his leg yesterday morning, returned last evening, and reports the patient in a bad condition. His left leg was badly crippled from rheumatism before the accident occurred, and yesterday his right leg was broken a short distance above the ankle, which, considering his advanced age, will probably cripple him for life. The accident was caused by the running away of a team on a road-scraper. Mr. Enderby got his leg fast in the machine in such a way that the bones were badly broken.

Old Lock-Ups, a noted Klickitat Indian, and for some time a resident of this city, died last week at Columbus. Lock-Ups must have been fully 100 years old. He well remembered Lewis and Clark in their trip down the Columbia, away back in 1807. He and his squaw, who survives him, were members of the Warm Springs tribe of Oregon, but they were abandoned when they grew old and feeble, and left to the care of the whites. In his youth he had had many battles with the Snake Indians, with whom his tribe was always at war. For some three years he had been blind and unable to get around.

For two days and nights the Nesqually Indians have been matched against the Puyallups in a great gambling contest, held on the reservation of the former tribe, now almost deserted, and far from a prosperous condition. The Indians' passion for gambling is satisfied by several games, prominent among them being that known as "salah." It was this sort of gambling that occupied the attention of the neighboring tribes for forty-eight hours. At the end the game was declared a draw, and the horses, wagons, blankets, articles of clothing and \$200 staked on the outcome, did not change hands.

THE TEAM DEFEATED.

The Ladies Walk Away With the Laurels from the Club Team.

The most interesting of the series of tournaments which have been bowled during the winter was that of last evening between the ladies and the club team. The club room was crowded with spectators and everyone was more or less worked up about the matter before the hour for rolling came. The sympathy was in favor of the ladies, and while the playing was going on a goose egg on the part of the gentlemen called forth as 'loud cheers as did a strike on the ladies' side.

At first it was intended that but one game would be rolled, but everyone became more interested than ever after the ladies winning the first, and another game was rolled, which was also a victory for the fair sex. The following were the scores made:

LADIES' TEAM.		1st Game	2d Game
Mrs T J Seufert	22	46
Mrs G C Blakeley	24	26
Mrs M T Nolan	33	30
Mrs F Van Norden	21	24
Mrs Anna Lang	27	34
Mrs Alma Schanno	31	34
Handicap	60	60
Totals	218	254

CLUB TEAM.		1st Game	2d Game
N Sinnott	35	46
C Ballard	27	51
A J Tommie	34	37
F Houghton	35	32
J C Hestler	37	21
Chas Stephens	36	36
Totals	204	223

After the ladies won the first victory they were given three hearty cheers and a tiger, and Mrs. Chas. Hilton presented the captain of the victorious team with a beautiful bouquet of carnations.

The ladies are anxious to play out the tournament, and if they do as well as they did last evening, they will have a good chance to win, since they have already two games and 45 pins to their credit. The men will have to pick up wonderfully in order to beat them.

The ladies desire to express their thanks to everyone connected with the club for the courteous treatment received while practicing for and during the match. Also to Mrs. Hilton for her kind appreciation of their victory.

Why do we retail more Cigars than others?

Why do smokers go out of their way and pass cigars of the same grade?

Not because we have better cigars or better brands, or any greater variety; no, not that.

Why, because we have the finest cigar case in the state and keep our cigars in better condition.
