A CLASH WILL COME

Reports the Maine Blown Up From Without.

THE BLAME HAS NOT BEEN FIXED

The Report Reached the President this Morning—Spanish Reports Arrive at Madrid.

WASHINGTON, Mar. 25.—The report of court of inquiry in now in the hands of President McKinley. The formal transmission of this momentous document was accomplished at 9:40 this morning. It was delivered by Lieutenant Marix, judge advocate of the court inquiry, to Secretary Long, and taken by the latter to the White House and handed to the president. The arrival of the report hardly created a ripple of excitement at the White House, except among the newspaper correspondents gathered there.

Assistant Secretary day had called about 9 o'clock, but as the president was at breakfast he retired, and returned at 10. Secretary Alger also came about half an hour later, and was followed by the postmaster-general and Secretary Bliss. The other members of the cabinet did not arrive until about the usual hour for the meeting, 11 o'clock.

Marix was called in to explain some matters not fully covered by the report. Further than this no statement would be made or intimation given by any cabinet officer as to the contents of the report until it was transmitted to congress on Monday.

Interest bordering on concern was manifested among officials of the navy department over the movement of the Spanish torpedo fleet from the Canary islands to Porto Rico. The flotilla is one of the most formidable of its kind afloat, and the sending of it to the West Indies at this time is considered an indication that Spain's endeavor is to be prepared for any emergency in or near Cuba.

Naval experts are of the opinion that it will take the flotilla about ten days to make the journey, but it is exceedingly likely that it will actually require several days longer.

The liability of the boats to accident is great, particularly if they should encounter rough weather. Then, too, if they should be accompanied by colliers, the speed of the fleet would be reduced to that of the coalboats.

OHIO RIVER STILL ON THE RISE

Flood Will Not Reach Its Limit Before Sunday.

CINCINNATI, Mar. 25.—The Ohio river continues to rise at the rate of an inch an hour. Reports from above show this increase in the river's height will continue and be more rapid tomorrow, reaching its limit Sunday.

The flood continues at Zanesville, where the Muskinna is still rising two inches an hour. Two persons are reported drowned. More than 200 boxcars have been destroyed, and the city is without light or water supply. The loss in the county is now estimated at millions of dollars. Two thousand people are sheltered in public and market houses.

mounted at once. When it is in position the Presidio can claim the honor of having in working order one of the finest 12-inch disappearing guns in the United States. It is the intention of the war department to have three or four more of these disappearing guns at the Presidio, one at Lime point and about seven at Lobos.

Several carloads of powder and projectiles for modern weapons at the Presidio and Lime point are now enroute for the East. At the Presidio there are five 12-inch rifles and three dynamite guns in position; also five 12-inch guns on barbettes and sixteen 12 inch mortars. A second battery of mortars is now being prepared.

The Shakers of Mount Lebanon, a community of simple, honest, God-fearing men and women, have prepared the Shaker Digestive Cordial for many years, and it is always the same, simple, honest, curative medicine that has helped to make the Shakers the healthy, long-lived people that they are. The Shakers never have indigestion. This is partly owing to their simple mode of life, partly to the wonderful properties of Shaker Digestive Cordial. Indigestion is caused by the stomach glands not supplying enough digestive juice. Shaker Digestive Cordial supplies what's wanting. Shaker Digestive Cordial invigorates the stomach and all its glands so that after awhile they don't need help. As evidence of the honesty of Shaker Digestive Cordial, the formula is printed on every bottle. Sold by druggists, price 10 cents to \$1.00 per bottle.

British Cabinet Meets.

LONDON, Mar. 25.—There was another hastily summoned cabinet meeting this afternoon, presumably to further consider the grave political situation all over the world.

I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time, but constantly suffering. I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned.—Josh Edgar, Germantown, Cal. For sale by Blakeley & Houghton.

Prof. Dout, Optician.

The testing of eyes is not a matter of guess work, nor by far only a matter of trying on a pair of ready made glasses. It is a science governed by principles and conditions, which none but a person who has studied the anatomy of the eye can understand. Prof. P. G. Dout understands his business thoroughly. Call and be convinced. He also does all kinds of watch and jewelry repairing, and will clean your jewelry while you wait. Two doors west of Keller's bakery. Yours to serve, DOUT OPTICAL & JEWELRY CO.

Rev. E. Edwards, pastor of the English Baptist Church at Minersville, Pa., when suffering with rheumatism, was advised to try Chamberlain's Pain Balm. Should any suffer profit by giving Pain Balm a trial it will please me." For sale by Blakeley & Houghton.
