**SCIENCE AND INDUSTRY.**

A Chinese typewriter has been invented by Dr. Sheffield, of Jungho, China, which has a wheel carrying over 4,000 characters, arranged in 30 circles. It is said to exceed so far the speed of the swiftest Chinese writer, that its value is assured.

Heretofore, perfumery has been detached from flowers by soaking them in lard. A Parisian has now found a way of gathering the fragrance by simply soaking the flowers in water, a process which can be repeated several times without destroying the flowers.

Nearly 45,000 patents were granted by the United States patent office last year, or more than in any preceding year. Inventive genius is evidently active in this country. Not one in a hundred of these inventions will perhaps ever come into practical use.

The total value of the mineral products of this country last year is reported to be about \$740,000,000. The greatest loss in silver. The yield was 2,270,000 ounces less than in 1896, and the value dropped about \$5,700,000. The gain in gold was 127,000 ounces, or \$2,650,000.

"During the course of a recent lecture at Montevideo," says Science, "Dr. Sannarelli stated that the serum he had obtained from the animals with which he has been experimenting, is effective against yellow fever, and that it will very probably cure yellow fever in human beings."

The Massachusetts cattle commission's annual report, just issued, says that the number of cattle paid for as victims of tuberculosis during the year was 6,255, and the amount paid for them was \$179,867. Quarantine and killing expenses and arbitration brought the average amount paid for condemned cattle to \$34 per head.

**FACE RAW AND BLEEDING**

My little boy was afflicted with Eczema in acute form for a year, during which we tried without success every known remedy. The disorder appeared on the right cheek and was of a blistery and bloody form. His pillow, mornings, would bear the bloody imprint of the side of his face, while it was impossible to prevent him from scratching his face owing to the itching. Advised to try CUTICURA, I bought a box. The first application was made at night, and it is a fact that the appearance of the affected parts showed a noticeable improvement the next morning, and continuing the treatment, as a result, my child has a fair and smooth skin as can be found anywhere.

**They Rarely Take Life Seriously, Unless at a Funeral.**

The native Viennese is a jolly, good-natured, shiftless creature. No people on the earth are so jolly, or so easily and so much amused. Go to the Prater, the largest public park in Europe, and from a hundred different beer-gardens comes the noise of tooting brass bands and stamping feet and beating drums. Merry-go-rounds swing old and young, and dime museums and music halls are as full of people as they are empty of decency. Go to the theaters on any night, and you will find them crowded by an enthusiastic audience, the galleries filled by noisy students and working girls. The court theaters, which present only legitimate dramas and operas, have also their numerous devotees. Go to the coffee houses, of which there is one at every corner, and you will find them full, especially in the afternoon, with merchants with their noses in the newspapers, and clerks sipping their Mocha, and officers smoking their cigars, and cue-pushing and card-shuffling youths. At night these coffee houses become the rendezvous of the lower element. I have never seen the Viennese serious, unless it be at a funeral, and I suppose that even out of that he manages to get some fun. Yet he is easily excited, and although loyal and law-abiding, his good nature may quickly turn into a fiery passion, and a Viennese riot is a serious matter.—Edward A. Steiner, in Woman's Home Companion.

**What is Scott's Emulsion?**

It is a strengthening food and tonic, remarkable in its flesh-forming properties. It contains Cod-Liver Oil emulsified or partially digested, combined with the well-known and highly prized Hypophosphites of Lime and Soda, so that their potency is materially increased.

**What Will It Do?**

It will arrest loss of flesh and restore to a normal condition the infant, the child and the adult. It will enrich the blood of the anemic; will stop the cough, heal the irritation of the throat and lungs, and cure incipient consumption. We make this statement because the experience of twenty-five years has proven it in tens of thousands of cases.

Be sure you get SCOTT'S Emulsion. 50c. and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York.
