### WAYSIDE GLEANINGS.

Tuesday evening, "King Hallabahoola," At the Vogt.

Fresh Rock Beer at the Midway.

Postum Cereal Food Coffee at Commission & Grocery Co.'s.

Don't forget that Kellar keeps the best ice cream soda in the city.

The weather forecast for tonight is fair; tomorrow, occasional rain.

Have your old worn axles cut down and run like new at Lane Bros. blacksmith and wagon shop.

Full orchestra and character rehearsal of "King Hallabahoola" at the opera house at 8:30 tonight.

Hay is scarce in Umatilla county, and can only be had in small lots. Good hay is selling in Pendleton at \$10.75 a ton.

There are still a number of good seats for the performance of "King Hallabahoola II." Anyone desiring them should apply at once.

Today Hong, the popular Celestial who runs one of the Front street wash-houses, purchased a bicycle, and in future will be "alle same Mellan man."

Last Wednesday, while his parents were absent, Howard Davis, aged 10, accidentally shot and almost instantly killed his sister, Gertrude Davis, a 12-year-old girl.

Today Captain Waud, of the steamer Regulator, left today on his last trip, and on his return, tomorrow evening, will lay off in order to make preparations to go to Alaska, to accept a position offered him on the Yukon. Captain Waud has ever been a favorite with river passengers on this popular line, and he will be greatly missed.

Last evening the large steam pipe in the electric power house, bursted, and in order to reduce the power nearly all the business houses closed before the usual hour. In this way the machinery was kept running under a small pressure throughout the night. For a time the lights on some of the circuits went out, but it was soon remedied and no serious trouble was encountered.

An opportunity will be afforded all who desire to make the acquaintance of King Hallabahoola II before his appearance at the Vogt next Tuesday evening. With their customary enterprise, Pease & Mays have secured his services, and he will be in attendance at their special glove sale tomorrow. By the way, all reports to the contrary notwithstanding, they have, and offer for sale, a full line of the celebrated Dent gloves for gentlemen and ladies.

This morning's bulletin states that nothing is left but war, and that Consul General Lee has been recalled. Our re-

lations with Havana will be severed Saturday. Unless Spain yields before that time, war will certainly be declared, and this seems all the more certain since Spain declares she will not yield to McKinley and that she will not be satisfied with anything short of war. Our government is determined, and trouble can be averted only by surrender on the part of Spain.

W. H. Babb met with a painful and shocking accident Wednesday forenoon at Pendleton. He was harnessing a horse at his ranch near Echo when the animal kicked him in the face. He was putting the crupper under the beast's tail and was in a stooping position when the horse kicked. The force of the blow knocked him down, and when he was picked up his face was covered with blood. The lower jaw was fractured at the angle, and a gash was cut in his cheek. His tongue was almost cut in two. The cut extends diagonally across the member. While the injuries sustained are severe and very painful, there is no danger of any serious results from the accident.

No more flattering recommendation for "King Hallabahoola II" could have been desired than the anxiety of everyone to secure seats at the box office this morning. Pat McNeil, late of the Commercial Club, was the first one to arrive on the scene, and at 4:30 took his place in front of the drugstore. Soon others arrived, and by 7:30 o'clock the line was a half a block long and still increasing. Had the box office remained closed an hour longer, the line-up would have ended somewhere in the East End; but at 9 o'clock sharp the seats were placed on sale, and by 10:30 the majority had been satisfied and the excitement abated. There are still a few seats left, and in order to get them one will have to go immediately—if not sooner.

The announcement of the early appearance in our city of the distinguished actor, Frederick Warde, cannot but be a source of genuine satisfaction to lovers of the drama and admirers of all that is noble and true in art. For sixteen years Mr. Warde has been recognized as one of the foremost actors of the country. He has won the respect and admiration of the public by his devotion to his profession and fidelity to the Shakespearean and legitimate drama. Mr. Warde appears in a character that he has made peculiarly his own, "Virginia," in the grand old play of that name by James Sheridan Knowles. It is safe to assert that no grander impersonation exists on the American stage today, and that its equal has never before been in our city.

In a private letter received from Fred Skibbee, of this place, who several months ago left for Skaguay, he states that he has started in the saloon and hotel business there and is doing well. He also says that property has raised wonderfully in price there since the rush commenced, and it costs \$50 per month for a lot 50x50. At present the nights are cold in Skaguay, but during

the day it is pleasant. He informs us that the reports concerning the spinal meningitis raging there were false, and, as far as he knows, there were no cases at all in Skaguay or along the pass. Horses, mules and burros command a high price there, but outside of pack animals everything is very reasonable. He speaks about the loneliness of the place, but outside of this, has no complaints to make, and concludes by sending regards to all Dalles friends.

At the Methodist Church Last Night.

The Methodist church was filled last night with an audience anxious to listen to E. F. Miller sing the gospel.

After a short and enthusiastic song service, the evangelist gave opportunity for requests. A number quickly responded, and then followed a number of short earnest prayers along the line of requests.

Mr. Miller had scarcely begun his talk when we found ourselves literally "sitting in darkness." Hastily concluding his remarks, he seated himself at the organ and sang "Calvary" and other touching songs. Lights were brought in and for a few moments he spoke of the work of children in the home, illustrating his remarks by several incidents where children had led the parents onto the "way of life." He then sang a most pathetic song, "Willie and Papa."

At the close of his remarks he invited persons to manifest their desire to lead a Christian life, and quite a number rose in response.

The meeting was thought by the church to be the most effective of any yet held.

### MILITIA ON A WAR FOOTING.

Would Be Ready to Fight at Almost Any Moment.

The Oregon militia is on a war footing. When the time comes to burn gunpowder; when screaming shot and shell go tearing through the air and dynamite plows great trenches in the earth, big enough to hold an army, the Oregon militia will be ready for the call of duty and lay down their lives, if necessary, for the honor of "Old Glory." The officers and men, for that matter are not doing any talking on the outside, but are letting their actions speak for themselves.

The men are showing their patriotism by practical methods. Everyone of them is eager for war to vindicate America's honor, which they believe has been sullied by the brutal Spaniards, in the blowing up of the Maine, in flaunting their bravadoism in America's face and cruelly crushing a people striving for liberty. The officers are no less determined than the men, but they say nothing, and are throwing the full force of their energy toward putting the men in a position to take the place of trained soldiers in the event their services are needed.

The new rifle impels a bullet with terrific force, and at 100 yards will send its deadly messenger through several men. The gun to be used is the new "Crack Joergensen. Smokeless powder will be used entirely, and the target will not be obscured by the smoke of battle. The effects of battle with such weapons, not to speak of the dynamite which would be discharged from balloons, and the other great machines of destruction, could be better imagined than described.

In case war is declared the guards would be placed under orders, and go into camp and draw regular pay. They would probably never be called on actual duty, unless armed forces were landed some where on the coast of this state.
