COMMUNICATION IS INTERRUPTED

Cubans Cannot Notify Comrades in the Field of Events at Washington.

NO VESSELS MOVING AT PRESENT

Cable Connection With Havana Is Also Cut Off—Spaniards Are Busily Engaged in Fortifying Mediterranean Islands in Anticipation of War.

KEY WEST, April 13.—Agents of the Cuban insurgents are trying to communicate the probable action of congress to their associates in the field. They may get news across the gulf by means of a boat from other ports. No vessels are leaving Key West for Havana, and none have arrived from there. Though cable messages are sent, no answers are received. Nothing has been received since General Lee's departure from Havana.

PREPARING FOR WAR.

Spain Fortifying and Manning Her Mediterranean Islands.

MADRID, April 13.—As the result of a long, important cabinet council last night, the Spanish war office is actively engaged in fortifying and manning the Mediterranean islands of Spain and placing other portions of the kingdom in a state of defense. It is understood instructions have been cabled Captain-General Blanco to carry suspension of hostilities into practical effect "according to circumstances in each district."

The cabinet refused to recognize the right of the United States to intervene in Cuba.

NITHEROY HAS BEEN PURCHASED

Government Buys the Warship, Subject to Inspection by Committee.

NEW YORK, April 13.—A Herald dispatch from Washington says:

Admission is made at the navy department that the Brazilian cruiser Nitheroy has been purchased subject to an inspection by a naval committee to be appointed by Minister Bryan.

The Nitheroy, which is equipped with a dynamite gun, will, naval authorities say, be available for siege duty, provided she is still in good condition. She was built at Newport News five years ago and sold to Brazil six months after her completion, being converted for that government into a man-of-war. She is a steel vessel of 7080 tons displacement, and her one screw propels her at the rate of 19 knots an hour. Her engines and boilers are protected by coal bunkers, and her armament consists of one 15 inch pneumatic dynamite gun, one 4-inch quick-fire gun, two 3.9-inch quick-fire guns, eight 6-pounders, ten 1-pounders and four Howell torpedo tubes.

By the terms of the contract under which she will be sold to the government she will be delivered at any point on the coast of the United States that the department may designate.

There has been some talk in naval circles of holding the Nitheroy at Rio Janeiro until the arrival of the Oregon and the gunboat Marietta at that point so that they may shift a crew to her and convey her to Key West. These vessels, however, will not reach Rio in less than 24 days, and if war were declared in the meantime and the Nitheroy had become the property of this government, Brazil would be compelled to refuse to deliver her. If the Nitheroy should leave Rio and war be declared a few days after her departure, the officials say the Spanish

ROYAL BAKING POWDER CO., NEW YORK.

Government might send the torpedo-boat Temerario, which is still in Montevideo, after the American ship in order to seize her as contraband of war, and should she resist, the Spanish would make an effort to sink her.

The department has determined, however, that it is to the interest of the government to have the vessel in American waters before the sale is confirmed, and by this means it is believed we cannot possibly suffer loss.

Second Spanish Torpedo-Boat Flotilla Expected Daily.

NEW YORK, April 13.—A dispatch to the Herald from St. Vincent, Cape Verde islands, says:

The second Spanish torpedo flotilla is expected daily by the officers of the torpedo-boats now in port. Portuguese war vessels are expected to arrive here within a very short time. The governor of the Cape Verde islands, it is said, will remain at St. Vincent until advised that the differences have been settled. The name of the transport with the torpedo-boats is the Ciudad Cadiz.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Price 75c. per bottle. Sold by Druggists. 4.

Another "Dirty" Fight Ahead.

SAN FRANCISCO, April 13.—Articles were signed last evening by representatives of Tom Sharkey and Jim Jeffries for a contest to take place May 4. Alex. Greggains was selected as referee, and it was agreed the men should be ready at command of the referee, and that hitting with one hand free is permissible. It was further agreed that the pugilists may bandage their hands if they desire.

The Shakers of Mount Lebanon, a community of simple, honest, God-fearing men and women, have prepared the Shaker Digestive Cordial for many years, and it is always the same, simple, honest, curative medicine that has helped to make the Shakers the healthy, long-lived people that they are. The Shakers never have indigestion. This is partly owing to their simple mode of life, partly to the wonderful properties of Shaker Digestive Cordial. Indigestion is caused by the stomach glands not supplying enough digestive juice. Shaker Digestive Cordial supplies what's wanting. Shaker Digestive Cordial invigorates the stomach and all its glands so that after awhile they don't need help. As evidence of the honesty of Shaker Digestive Cordial, the formula is printed on every bottle. Sold by druggists, price 10 cents to \$1.00 per bottle.
