VOTES ON RECOGNITION

The Resolution Provides for Armed Intervention.

NO INTENTION TO ANNEX ISLAND

stirring Speeches Close the Four Day's Debate—Twenty-Five Senators Were Heard.

WASHINGTON, April 16.—The United States senate has spoken. Its voice is for war—war until the saffron flag of Spain shall have been furled in the Western hemisphere, and furled forever.

Its voice, too, is for the independence of the infant republic of the Gem of the Antilles. "Free Cuba and the independence of the island republic" was the shibboleth of the senate throughout the four days of debate which came to an end tonight.

While the verdict returned was decisive, it is just to say that it is not final. Notes of discord almost foreboding in their tones were sounded. This foreboding was not due in any sense to anxiety about the result of the impending conflict. It was prompted by a fear lest, if the action taken by the senate should ultimately be accepted as final, this government might become involved in complications that in future years should prove serious.

At 9:10 o'clock the Davis resolutions—those reported from the committee on foreign relations, amended so as to include the recognition of the republic of Cuba—were passed by a vote of 67 to 21, as a substitute for the resolution adopted by the house.

No less than twenty-five senators addressed themselves to the momentous question under consideration during the day, and it was not until the first vote—that on the amendment of Turpie, providing for recognition of the island republic—had been taken, that the senate was brought face to face with the tremendous importance of its action.

The scene in the chamber of many historic debates was one of incomparable solemnity and impressiveness. The galleries, which had been filled apparently to their utmost capacity throughout the day, were massed with brilliantly attired women and men distinguished in all walks of public and private life. On the floor was every member elected to the senate save one, Wilhall, who was again detained from his seat by serious illness.

Probably the most notable utterances of the closing hours of the debate were made tonight. Hale, Gorman, Allison, Aldrich, Jones of Arkansas, and Hoar, all deeply impressed by the magnitude and possibly awful consequences of the step about to be taken, addressed the senate with an eloquence and solemnity born only of the most profound feeling for their country's welfare. As the words fell from their lips the chamber thrilled with an intensity of interest which bordered upon awe.

The test vote, quite naturally, was up on the amendment offered by Turpie, recognizing the independence of the Cuban republic. It prevailed by a majority of 14, the vote being 51 to 37.

Representatives Grosvenor and Dingley were in conference with the president tonight. The visit of the former is understood to be in connection with the course to be pursued in the house Monday when the senate Cuban resolutions will come up. Grosvenor, when leaving, stated that he was not certain as to what form the resolutions would

take when they finally came up for the president's approval or veto, and that any prediction as to their ultimate form just at present would be merely speculation.

OUTBREAK AT MALAGA.

United States Consulate Attacked by a Spanish Mob.

MALAGA, Spain, April 16.—There was a serious disturbance here today, resulting in an attack upon the United States consulate. The demonstrations began with a parade of small crowds through the streets shouting patriotic cries, but the mob eventually gathered and attacked the United States consulate. Stones were thrown and the mob prodded a ladder, tore down the shield having upon it the arms of the United States, and dragged it along the streets. As this dispatch is sent the excitement continues.

MADRID, April 16.—Senor Capdonou, minister of the interior, has instructed the prefect of Malaga to give the American consul satisfaction, and to arrest the leaders of the outbreak.

Beats the Klondike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle.

Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottles free at Blakeley & Houghton's drug store. Regular size 50 cents and \$1.00. Guaranteed to cure or price refunded.

To Look for Andree in Klondike.

STOCKHOLM, April 16.—Prof. Stirling, who has been appointed to conduct the search for Andree, the balloonist, has decided to proceed to the Klondike, owing, it is said, to the fact that geographers give credence to the report that Andree has been heard from in those latitudes. He will start on or about April 21st.

The Shakers of Mount Lebanon, a community of simple, honest, God-fearing men and women, have prepared the Shaker Digestive Cordial for many years, and it is always the same, simple, honest, curative medicine that has helped to make the Shakers the healthy, long-lived people that they are. The Shakers never have indigestion. This is partly owing to their simple mode of life, partly to the wonderful properties of Shaker Digestive Cordial. Indigestion is caused by the stomach glands not supplying enough digestive juice. Shaker Digestive Cordial supplies what's wanting. Shaker Digestive Cordial invigorates the stomach and all its glands so that after awhile they don't need help. As evidence of the honesty of Shaker Digestive Cordial, the formula is printed on every bottle. Sold by druggists, price 10 cents to \$1.00 per bottle.

"He Don't Know What He Wants;"

had to give it up," is the way they refer in most clothing stores to a man who walks out without buying. They are wrong; he *does* know what he wants; that's the trouble. Men who are hard to please in a clothing store are generally good judges of clothing. They have a gift of "spotting" bad fabrics, poor patterns and skimpy tailoring. They know how a garment should fit. We never complain of such men. Why should we? They are our best and most appreciative customers.
