SENDING OF THE ULTIMATUM TO SPAIN

Increased Activity in the Departments Follows the Statement.

WOODFORD IS TO LEAVE MADRID

Plans Are Being Perfected for the Early Blockading of One or More of the Principal Ports of Cuba, and Bombardment, if Necessary, of the Cities.

WASHINGTON, April 20.—From this time on the war preparations will go forward with activity, and both the army and navy will be put in position for active operations. There seems to be little doubt that the first move will be to blockade one or more Cuban ports, and as soon as the army of occupation can be transported to them, and demand will be made for unconditional surrender, and in event of refusal, the work of reducing them by bombardment will be begun at once.

It is not thought the assembling of the naval forces will be delayed even for a day, and it is not unlikely important movements of both arms of the service will be begun within the next few hours.

Palma and one of General Gomez' brigadiers, it is said, have been consulting with General Miles today, arranging for co-operation against Spain.

The administration has urged upon the Republican leaders in both houses of congress the necessity of immediate action on the measure introduced in the house by Hull yesterday, authorizing the president to issue a call for volunteers. The bill is under consideration in the house today, with the prospect that it may be passed before the close of the session this evening.

The movement of troops from all parts of the country toward the points of mobilization in the East and South is fairly under way, and all will be at their respective destinations within a few days at least.

The remaining ladies of the United States legation will leave Madrid tonight. Minister Woodford will leave when Washington's final instructions have been carried out.

FEW SPANIARD WILL LEAVE.
Flight for Them Means Imprisonment into the Spanish Army

New York, April 20.—Spaniards in humble circumstances, residing in this city, were amazed last night when they learned that the Spanish government meant only to give them free passage as far as Havana. On Monday Consul Baldaano published a notice that he, acting for his government, was prepared to make arrangements for their transfer from this city to Spanish dominions. They were told the steamer Panama would carry them. While Havana is a port of call of the Panama, they thought they would be transferred at some other port of call to one of the regular liners

of the same company, which would carry them to Spain direct. But it seems that the Spanish government contemplated no such action, and last night the situation was that while the wealthy Spaniard might go wherever his money would carry him, those sailing free would be landed at Havana.

The indignation at such a course was widespread in the local colony. It was pointed out that for the impecunious Spaniard to leave the city where his right to life and police protection is guaranteed and be landed in a town which will be starved or shelled or both within a few days would be to place his life in jeopardy.

The mutterings against such an arrangement were loud and deep, and it is not improbable that the Panama will carry less than one-half of the Spanish refugees which it would be expected would be on board her.

Arrangements have been made for 100 free passages. No more will be accepted. Every male Spaniard landed in Havana is being recruited forcibly. The refugees would be seized and made to do military duty, so that the "protection" which Spain is offering to those who are unable to protect themselves by sailing under a neutral flag is in reality a delivery of them into the ranks of the army of Cuba.

PREPARING FOR THE FRAY
Soldiers Hurrying to the South—Spanish Troops Flocking to Havana.

NEW YORK, April 20.—The first of the three trains bearing troops from Sackett's Harbor to the south arrived in Jersey City over the West Shore road shortly after midnight. The train consisted of gondola and freight cars bearing ammunition, ambulance, provisions and luggage. The other two sections of the train followed at short intervals. The West Shore road turned over the trains complete to the Pennsylvania road in the passenger depot at Jersey City. The fastest engines on the Pennsylvania road were assigned to duty on these troop trains.

The two sections of the trains bearing the troops were sent away with but a few minutes' headway. The trains are to make their own schedules to Washington. They will run on express time and all tower operators have been instructed to give them right of way over everything.

The Pennsylvania is prepared to handle the trains of the Twenty-first regiment from Plattsburg as soon as they arrive. They will also be rushed through on express time.

Beats the Klondike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottles free at Blakeley & Houghton's drug store. Regular size 50 cents and \$1.00. Guaranteed to cure or price refunded.

Colonel Grant Volunteers.
New York, April 20.—A Washington special says:
Fred D. Grant has tendered his services to the government. The colonel is unable to enlist as he is a few years too

old, and he can only be given a commission.

"I do not think there is any question about war now," he said, "but we may have some little difficulty in getting the Spaniards out of Cuba. They apparently want to fight, and our army will have something to do sooner or later. Of course there will be but one result—that the Spaniards will be driven out of the island."

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Price 75c. per bottle. Sold by Druggists.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truly say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children.—W. A. Stroud, Poponoke City, Md. For sale by Blakeley & Houghton.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft repeated experience of trustworthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. For sale by Blakeley & Houghton.
