## THE NEW STEAM LAUNDRY.

Will Be Started Sunday—New Machinery Will Be Used and Good Work Will Be Done.

In a few days a new industry will be started in our city in the way of a first-class steam laundry. The best machinery that could be purchased will be used and first-class work can be guaranteed. This is an enterprise that should be patronized by everyone in the city, as the people employed in this work will be Dalles laborers and the money paid out for it will be kept at home.

Our people are anxious for home industries and if they do not patronize them when they get them, they cannot expect such enterprises to spring up in the city. The pay-roll for this institution will be increased or diminished according to the patronage secured, and we hope and trust that they will receive a liberal support, as this fact will aid much in inducing other enterprises to locate at this point, and thereby furnish employment to our townspeople.

Thank You.

At a regular monthly of The Dalles Commercial and Athletic Club, held May 4, 1898, the secretary was directed to express the thanks of the club to the gentlemen who took part in the performance, and to the others who rendered such valuable assistance in the production of "King Hallabahoo II" at the Vogt opera house on the 12th and 13th of April. Kind friends, one and all, we thank you.

H. M. BEALL, Secy.

For some time past, says the Oregonian there has been an indictment hanging over L. H. Taffe, in the United States court, containing three counts: First, for endeavoring to corruptly influence Juror Bratton by giving him his written obligation in the sum of \$2500, with the express understanding that said Bratton was to stand for a large verdict against the government in favor of Taffe; second, attempting to influence Juror Killfether in the same manner, and third, for paying Killfether \$10 to influence him to hold out for a large verdict. To this indictment Taffe had entered a plea of not guilty, but evidently desiring to have the matter off his hands and the slate wiped clean, he yesterday appeared before Judge Bellinger, and through Richard Nixon, his attorney, withdrew his former plea and entered a plea of guilty to the first two counts, and not guilty to the third count. The third count was dismissed, and Judge Billings sentenced Taffe to pay a fine of \$1000. This is the maximum fine provided, but to it might have been added one year imprisonment, so Taffe cannot consider that he was harshly treated.

Latest From the Seat of War.

The steam laundry will be ready for business Sunday and war is declared on sending money away from home for work that can be done just as satisfactory here. They also mean to do first-class work, and the more work the more help will be employed at home. Do not fail to patronize them.

NOTICE.

Dog license must be renewed on or before May 12th. All dogs found running at large after May 12th without new tags, will be placed in the city pound.

CHAS. F. LAUER, Marshal.

## A TRAVELING MAN.

Gives Some Valuable Hints Regarding the Care of the Health While Traveling.

Mr. R. W. Winchendon, a commercial traveler from Birmingham, whose business keeps him almost constantly on the road, relates in the Sunday News the dangers to health resulting from constant change of residence and the way he overcame the usual injurious effects.

He says: "One thing people traveling cannot very well avoid is the constant change in weather and food; the stomach never has an opportunity to become accustomed to anything, and in a few years or much sooner the average traveling man becomes a hopeless dyspeptic."

"For several years I suffered more or less from indigestion, sour stomach, headaches, distaste for food, often no appetite, gas on the stomach and the usual unpleasant effects of imperfect digestion."

"Nearly every traveling man has his favorite remedy for different troubles and I tried all of them with indifferent results. Finally on the train between Pittsburg and Philadelphia one day, I overheard a conversation between two ladies, one of whom had suffered severely from indigestion and stated she had been completely cured by a remedy which she called Stuart's Dyspepsia Tablets; I remembered the conversation because it directly interested me; and at the next town I inquired at the first drug store and bought a package for fifty cents, and from that day to this I have never been without them. They are pleasant tasting tablets, not a secret patent medicine but composed of vegetable essences, pure pepsin, fruit salts and Golden Seal; being in tablet form they never lose their good qualities like a liquid medicine would, but are always fresh and ready for use."

"I carry a box in my pocket continually, and whenever I see any symptoms of indigestion I take one, also one after each meal, and for a year and a half I have not lost a day by reason of poor health and can eat anything and relish what I eat; my digestion is absolutely perfect as far as I can judge from my feelings, and although there may be other stomach medicines just as good as Stuart's Dyspepsia Tablets, I do not know what they are. Certainly for people who travel they are far ahead of any liquid medicine, as they are so con-

venient they can be carried in the pocket and used when ever needed.

"I believe they are sold by all druggists at 50 cents, and believe anyone who will try them will agree with me that for indigestion and stomach trouble Stuart's Dyspepsia Tablets are unquailed."

The quantity of wool coming to the city is increasing daily. Yesterday the Wasco Warehouse Co. received about 40,000 pounds of wool from points in the interior.

Yesterday 105 head of fine beef cattle were brought to the stock yards in this city for shipment to the Union Meat Co. at Troutdale. They were all range cattle and raised by Mr. Harrison, of Hay Creek.

On next Monday evening the Good Templars will give a night-cap social. A good program will be rendered, after which the baskets of lunch will be auctioned. Refreshments will be served for a small amount. No charge for admission.

A picnic will be given by the children of the Sunday school of the Episcopal church today. The young folks will go to Chenoweth creek, which is a model resort at this time of the year, and a delightful time is looked forward to by all attending.

Next Wednesday evening Lawrence Manning, who has the reputation of being one of the best vocalists on the coast, will give an entertainment under the auspices of the Elks lodge. Mr. Manning will have three people with him, who will add much to the excellence of the program.

There will be three weeks more of school in The Dalles, as the year will

close on Thursday, May 26th. As yet the date for the commencement exercises has not been set, but it will in all probability be about the same time as the closing of the school.

Yesterday evening Roe Grimes received one of the largest eleven month old Herford calves we have ever seen. He purchased it from Mr. Shafer, of Portland, and, although he bought the animal without seeing it, he is more than pleased with his purchase.

Marriage license was issued last evening to Chas. H. Castner and Miss Theresa D. Morse. Mr. Castner is one of Hood River's prosperous young farmers, while Miss Morse is the daughter of the White Salmon merchant. The ceremony will take place at Hood River next Wednesday.

The sugar beet crop of the Grand Ronde valley promises well. The seeding is well under way, and in many of the fields the plants are already up. Geo. Austin, a Utah sugar beet expert, says that the Grand Ronde valley is the ideal home of the beet. It would be well to give Wasco county's fertile soil a trial in beet raising.

Thursday A. A. Jayne returned from Prineville, where he has been attending court. The present term of court will be very short, as no indictments were brought in by the grand jury. A number of civil cases must be attended to, so that Judge Bradshaw will not be back before the middle of next week.

It is stated British and German business interests at Manila are greater than those of the Spaniards. Of the thirty-three principal trading houses only five are Spanish. Of the remainder, fourteen, including four Swiss, are German, twelve are English, one Dutch and one Belgian. Of the thirteen large factories, only six are Spanish.

There are two events which will be held in the city in the near future which will draw more people here than any thing we have had for a long time, namely the Red Men's excursion and the G. A. R. encampment. It would be a commendable move on the part of the city officials to have the streets cleaned up in the best possible shape. The appearance of a city goes a great ways, so let us have our city appearing as well as we can on these occasions.

In less than two weeks the state encampment will be held in this city, and, if hard work on the part of the committees avails anything, it will be one of the best encampments ever held in the state. Circulars have been sent out and everything has been done to advertise the encampment thoroughly. The Vancouver and the Dalles bands and Prof. Birgfeld's orchestra will furnish the music. A committee of The Dalles, best entertainers will have charge of the guests and there is no doubt that the encampment will be a very enjoyable event.

One of the largest packers of salmon on the Columbia river estimated yesterday that this season's pack would be 20 per cent less than last year. He stated

that as last season was an exceptional one, he is of the opinion that 1898 will be an average year. The run of fish still continues very light, and it is thought there will not be much improvement until after May 15th. Most of the fish taken are now sold to the cold-storage shippers.

Cleveland Donaldson, 14-year-old son of Joseph Donaldson, of Tillamook accidentally shot and killed himself here yesterday while hunting. He went out about 6 p. m. to look for quail or grouse for his sister, who is sick. As he did not return search was made, and at midnight his body was found about half a mile from home. The charge of shot entered his left armpit, ranged upward and came out at his neck. It is supposed he tried to draw his gun over a log by the muzzle, when the hammer struck and the weapon was discharged.

Wednesday night's shooting affray at La Grande, in which Jim Parker did the shooting, resulted more seriously than was at first supposed. Parker succeeded in hitting both men, slightly wounding Stewart in the breast. Bender, Stewart's partner, was more unfortunate, a bullet striking him in the lower part of the neck, passing through and coming out below the shoulder blade. Parker waived examination before Justice Van Buren, and was held to appear before the grand jury in \$1000 bonds. He was unable to secure bonds, and is now confined in the county jail at Union.

Deputy County Clerk Walter Ruble, of Whitman county, has been cited to appear in the superior court Monday to show cause why he should not be punished for contempt. The order states that Ruble is custodian of probate records; that an order was made instructing the turning over of \$500 belonging to the Wisely estate to the wife of the deceased, and that he kept of this sum \$125 for his own use. Ruble says the charges are false and has sued Judge McDonald for \$125,000 damages for slander. He says that the Judge McDonald made the order in retaliation for efforts to prove him unworthy of membership in the Christian church, because of wine drinking.

W. M. Rudio, a merchant and leading cattle-grower and dealer, of Long Creek, Wednesday started a band of 100 fine beef cattle for Pendleton, from which point they will be shipped to Seattle, en route for Alaska. Mr. Rudio will personally superintend the shipment of the cattle, which he estimates will cost him something over \$10,000, delivered in Dawson. He expects to reach the northern city in August, barring accidents. This band of cattle comprises the largest and best steers that could be purchased in Grant county, and are said to be worth \$65 and \$70 per head in the Oregon market. Mr. Rudio is accompanied by a corps of experienced stockmen, and being himself a thorough cattleman and used to the hardships of frontier life, departs with every prospect of a successful trip.
