BAD SHOOTING AFFAIR

John O'Leary Gets Into a Quairol With Fred Walker, and Receives a Severe Wound.

A serious shooting affair occurred at Grass Valley Sunday afternoon. Word was sent in that John C. O'Leary had been shot, but the seriousness of the injury was not stated, and the evening paper was misinformed as to Charles Paine having committed the crime.

The shooting was done by a young man named Fred Walker, who is about 21 years old, but the cause of the shooting has not been learned more than that it was over some business transaction.

Walker used a Winchester rifle and the ball struck O'Leary in the leg, scattering the bone badly. As he is a man advanced in years and will in all probability have to have the leg amputated, somewhere below the knee joint, it will go hard with him. He will be taken to St. Vincent's hospital today for treatment.

After the shooting Walker mounted his horse and rode away, and, although a posse has been searching the country for him, he has not yet been found.

Walker is about 21 years of age, five feet ten inches tall and weighs one hundred and fifty pounds. When last seen he was riding a dapple grey horse, and, probably under the impression that he has killed O'Leary, he may make a desperate fight before he will surrender.

Mrs. O'Leary, who lives in this city, left for her husband's bedside Sunday evening and will accompany him to Portland today.

INTERESTING EXPERIENCE

Of an Iowa Lady Who Was Cured of Dyspepsia After Suffering for Twenty-five Years.

Mrs. Sarah A. Skeels, an estimable lady residing at Lynnville, Jasper Co., Iowa, was for twenty-five years a sufferer from dyspepsia, and her complete restoration to health is so remarkable that we present the facts in the case for the benefit of our readers, many of whom have doubtless suffered in the same manner, and will, therefore, be interested in learning how all stomach troubles may be avoided and cured. Mrs. Skeels says: I used only one package of Stuart's Dyspepsia Tablets and I received such a great and unexpected benefit that I wish to express my sincere gratitude. In fact, it has been six months since I took the medicine and I have not had one particle of distress or difficulty since. And all this in the face of the fact that the best doctors I consulted told me my case was incurable as I had suffered for twenty-five years. I want half a dozen packages to distribute among my friends here, who are very anxious to try this remedy.

Truly yours,
MRS. SARAH A. SKEELS.

The reason why Stuart's Dyspepsia Tablets are so successful in curing indigestion and stomach trouble and the reason why it never disappoints those who need it and use it is because nothing is claimed for it except what it will actually perform. It is not a cure-all and no such claims are made for it. It is prepared for the sole purpose of curing Dyspepsia and the various forms of indigestion.

There is scarcely a patent medicine made but what is claimed to cure dys-

pepsia as well as a hundred other troubles. When, as a matter of fact, a remedy to cure dyspepsia must be prepared especially for that and nothing else; and among all the remedies, patent nostrums, bitters, etc., so extensively advertised you will find that Stuart's Dyspepsia Tablets is the only one advertised as a cure for dyspepsia and nothing else. The remedy is prepared by the Stuart Co., of Marshall, Mich., and for sale by all druggists at 50 cents per package, and if you suffer from any form of stomach derangement or indigestion, a trial will not disappoint you.

A little book on stomach troubles mailed free. Address Stuart Co., Marshall, Mich.

Wednesday Night's Concert.

On Wednesday (tomorrow) evening Lawrence Manning, assisted by Billy Tehune, the eccentric comedian, Prof. Ryan, the mandolin and guitar player, and Prof. Landell, the vocal instructor, will give an entertainment at the Vogt Opera House. A select quartet will be one of the features of the entertainment, while Mr. Manning, who we have had the pleasure of hearing, will certainly delight all with his beautiful voice. A comic sketch will also be given by Mr. Manning, Billy Tehune, Stanley Odair and F. W. Edwards, and from beginning to end the audience will be furnished with a rich fund of amusement. Another feature of the entertainment will be that it is different in every way from anything we have had heretofore and it will certainly be well attended.

The 54-ton engine and three new passenger coaches recently purchased by President L. Garlinger, of the Portland, Vancouver & Yakima Railway Company, for use on the road, arrived here from Tacoma Sunday, and were taken to the company's new roundhouse. Officials of the road, and a few friends, made a trial trip over the several miles of road with the new engine, and are all highly pleased with the engine, which will be a valuable addition to the rolling stock of the road.

The Good Templars of this city gave one of their pleasant socials at their hall last night. These evenings are always looked forward to as being a time in which all can enjoy themselves to the fullest extent, and last night was no exception, the hall being crowded with a lively party.

Yesterday the Dalles Commission Co. shipped the first consignment of strawberries of the season. They were raised on the Covington place near this city and were sent to Montana.

Yesterday Filloon & Co., received a carload of wagons and another of farm machinery, consisting of reapers, mowers, harvesters and rakes. The haying

season is fast approaching and these machines will be in demand by the farmers in the interior.

Don't miss a good thing, but be on hand early in the week and invest in some of the specials Pease & Mays are advertising. We know of no better way to save money than an investment with them.

In anticipation of the institution of a lodge of Elks of La Grande, the local committee has prepared a neat souvenir, to be presented to those who will take part. The souvenir will be a metallic sugar-beet.

Mr. James White, the east-end merchant, has an addition on to his store. In the new apartment he will carry a stock of candies and confectionery, while in the former store he will carry a stock of fruits and bread.

We understand that Maude Oharr is very sick with typhoid pneumonia at her mother's hotel in this city. She is receiving the very best of care and medical aid and it is expected that she will recover in a short time.

Yesterday Judge Mays and County Commissioner Blowers went to the Cascades to view and accept a county road which has been recently built at that place. They found the work very satisfactory and accepted the same.

At the club alleys last week the high scores were as follows: Monday, Dr. Hollister 58; Tuesday, Schmidt 5; Wednesday, Houghton 47; Thursday, Alma Schanno 46; Friday, Stephens 0; Saturday, John Bonn 55; Sunday, Oden 54.

The cattlebuyers in Harney county have been notified by their Eastern employers that, owing to a stringency in the money market, brought on by the existing war with Spain, all future contracts must be made at a reduction of \$2 per head for all grades.

The scores for the week ending Sunday at the Umatilla House alleys were as follows: Monday, Wm Birgfeld 86; Tuesday, Harry Esping 64; Wednesday, Harry Esping 64; Thursday, W Birgfeld 66; Friday, Harry Esping 57; Saturday, Maetz 67; Sunday, Birgfeld 57.

A 10-acre tract near La Grande sold the other day for \$2000, or at the rate of \$200 per acre. This is another illustration of the beneficial effects of the sugar factory. A 30-acre tract, of which the 10-acre tract was a part, was offered a few years ago for \$1200.

Yesterday the Stadelman Commission Company shipped two carloads of potatoes, one to Kansas City and the other to Chicago. A large amount of potatoes have been shipped from this city to eastern points this spring, and in consequence they are getting scarce in this vicinity.

Quite a lot of excitement was caused Sunday evening by a horse running away with a 12-year-old boy named Dell Haywood. The boy got on the horse on Fourth street and some youngsters scared the animal by throwing rocks at it. It took a spur by the Methodist hill and from O. D. Taylor's residence turned west as far as the Baptist church, where it was stopped. The boy was not hurt although badly scared, and what might have been a serious accident turned out lucky for all concerned.

Workmen are busily engaged in the construction of the arch for the G. A. R. encampment. It will extend across the street from the Dalles Commission Co. to Frenche's bank, and when completed it will have a very neat appearance. This shows the intention of our townspeople to decorate for the encampment and we hope this example will be followed by everyone in regard to their homes and places of business.

Percy Scott, who was formerly wine clerk in the Umatilla House, was among the excursionists who were in the city Sunday. While here he renewed his acquaintance with Fen Batty and his other friends, on whom he made short, but appreciated calls. In spite of the pleasure he took in meeting the Dalles boys, he returned on the first division of the excursion train, while it is unnecessary to say that Fen was at his post as night clerk promptly at 6.

The ladies bowling team of this city has decided to attend the tournament at Portland Friday, and will consist of the following ladies: Mesdames T. J. Seufert, Bradshaw, Houghton, George Blakeley, and Misses Alma Schanno and Annie Lang. The ladies as well as the gentlemen's team will leave Friday morning and will in all probability return Saturday evening. We are not certain as to whether all the ladies named will be able to go, but in such an event others will fill the vacancies.

Mrs. Hill, a niece of Mrs. C. F. Stephens, left on yesterday morning's boat for her home in Portland after a short visit in this city. Mrs. Hill is probably the only lady on the coast who holds a captain's papers. Since she has been married to Captain Hill she has taken a great interest in navigation and while on their little steamer, the Newhall, she took a captain's license, since which time she has served at the wheel while Mr. Hill has acted as engineer. Mrs. Hill is known all over the coast and has received tributes from many of the newspapers for her ability as a captain.

The Red Men's excursion is a thing of the past. A very large crowd of people was in our city yesterday, and the visitors seemed bent strictly on pleasure. As is the case on all such occasions, a number of tough characters were among those who came, but there were also a number of the best people of Portland among the excursionists. Fault was found by some of our citizens for not having a brass band and other means of receiving and entertaining the guests. However, the Portland people had all to do with the preparations and our people probably overlooked this matter. The visitors were granted all necessary privileges in order that they might enjoy themselves, and no fault can be found with the hospitality of the people of this city. The two sections of the train pulled out between 5:30 and 6, and, on leaving, everyone seemed satisfied with the treatment they had received.
