Word came to the city yesterday morning of the death of Mrs. Jas. W. Brown at her home on upper Mosier creek on Monday. No particulars as to the cause of her death were learned.

Last Saturday a wash house near the residence of R. R. Hinton, at Bakeoven, was destroyed by fire. It was with difficulty that Mr. Hinton's dwelling and other buildings were saved from the conflagration.

Yesterday Geo. Anderson and William Spencer left for Spanish Gulch and other points in Grant county where they will prospect and at the same time enjoy a summer outing. They have a complete camp outfit with them and will spend six weeks or two months in that section.

The Lutheran Church Extension Society, of Pennsylvania, has extended a loan of \$900 to the Lutheran congregation of The Dalles, without interest and to be paid at the option of the congregation. This will enable the Lutheran congregation to pay off all indebtedness against the new church.

Yesterday Edwin P. Mays, son of Judge Mays of this city, was appointed the office of deputy district attorney under Hall. Mr. Mays will succeed Charles J. Schnabel, who has recently tendered his resignation. Mr. Schnabel has assisted in this depart-

ment of justice for almost five years and there is no doubt that his successor, Mr. Mays, will prove as faithful, hard working and careful official as his predecessor.

Yesterday morning J. C. O'Leary, who was shot in Grass Valley Sunday by Fred Walker, was taken to St. Vincent Hospital in Portland. His wound is a bad one and will in all probability result in the loss of his leg, as several pieces of bone had to be removed from the shattered limb by the attending physician.

James Swart, a Pendleton angler, caught large three-pound New England brook trout in Meacham creek the other day. These trout were planted in the Umatilla waters by the United States fish commission under the management of N. M. Parkins three years ago. Already there are thousands of them in the various streams of the country, but being wary, they are seldom caught.

The contract for carrying the mail between The Dalles and Prineville has been awarded to J. L. Yoden for \$4944 a year, about half what it is worth to give a good daily service. It is hard to understand how people can afford to make such bids as this. This mail route is certainly worth more than this amount and it is hard to understand why people should bid this low and be out of pocket in order to secure the contract.

A rumor was afloat Monday evening that Sampson's fleet had been disabled. However this is considered a Spanish canard, and the American people will not swallow such trash until the report is corroborated by more reliable authority than Madrid dispatches. Rumors are the order of the age, but if you should hear it rumored that Dad Butts has got the only bargains in real estate, you may believe it, and don't wait for a dispatch from Hong Kong to corroborate the fact, but walk up to the office of Dufur & Dufur, and Dad Butts' dispatch boat will meet you with detailed information.

Within 10 days, George A. Houck & Co., cattle dealers of Monroe, Lane county, are to deliver to an Eastern buyer 1100 head of stock cattle. The buyer is A. H. Arnett, and his purchases in Oregon are for the North Dakota ranges. The delivery is to be made on the arrival of Arnett from the East at Corvallis and Monroe. The cattle have been gathered up by the local buyers during the last six months, 400 having been wintered in the vicinity of Monroe. They are to be taken East by rail, and will make a very full trainload. The prices at which the transfer will be made have not been made public.

At 7:30 last evening the file and drum corps of this city turned out and marched through the principal streets in order to draw a crowd to hear "Cyclone" Davis, of Texas. There success was not marked, however, for a rather small audience were present to hear the advocate of free silver. This meeting was like the one held by Will R. King in Heppner Saturday night. Little enthu-

asiasm was shown and it seemed that there was something in Davis' calamity howling that did not please his listeners. During the hard times of a few years ago our people might have lent an ear to his talk, but with the existing good times under the present administration they gave a deaf ear to him.

Deputy County Clerk Walter Ruble of Whitman county appeared before Judge McDonald Monday to show cause why he should not be punished for contempt. Through his attorney, he moved for a change of venue, filing an affidavit that Judge McDonald had bitter personal enmity against him, and for nearly a year had been trying to have him discharged from his position as deputy county clerk. Judge McDonald stated that he believed Ruble's affidavit was itself contempt of court. Prosecuting Attorney Matthews was instructed to file an information and have Ruble brought to trial for contempt of court. The case will be heard tomorrow morning.

In the Swim.

Since the opening of the spring the beautiful evenings lure our townspeople into the open air, and in consequence the bowling is gradually falling off at the club alleys.

Last evening the club rooms were at the disposal of both the members and ladies, but the crowd was very small and it was plain that this amusement reaches its zenith in the winter months and wanes rapidly with the approach of summer.

There is one thing that we should have in our club rooms during the hot summer months, and that is a large "plunge," where the members can bathe and while away the sultry summer days.

The Columbia at this point is entirely too cold and dangerous for bathing, and it would require but little time and expense to have a fine pool in our club rooms. There is a large cellar underneath the club, a part of which could be used for this purpose, doing away with the necessity of excavating and thereby making the cost nominal.

Many of the club members are anxious to have this matter carried through and if it handled properly it can certainly be accomplished.

Major John L. Clem, quartermaster, U. S. A., at Camp McKinley, Irvington Park, has made all arrangements for the transportation of four companies of the Second tonight, as well as a contingent of equal size from Washington. The first battalion will be under command of Major C. U. Gantenbein, and will consist of company A, Captain Health; company B, Captain May; company C, Captain Moon, and company D, Captain Prescott. These captains rank in seniority in the order given, and major Gantenbein is the senior major, hence they go first. While it has not yet been decided when the rest of the regiment will follow, it is believed it will be in about five days. Major Gantenbein hopes that his command will embark Saturday, but has received no definite information on the subject.

MRS. JOHNS DEAD.

Still Another of The Dalles' Noblest Women Is Claimed by Death.

Word was received yesterday that Mrs. Johns, wife of our well-known townsman, Thomas Johns, had died at the home of her daughter, Mrs. John O'Neil, in Spokane.

Mrs. Johns, or rather Bessie Pritchard, since that was her maiden name, was born in Waies about 58 years ago, and eleven years later they came to The Dalles, so that they have lived here about sixteen years.

For about three months she has been ailing, and a few weeks ago she and Mr. Johns went to Spokane to visit their daughter, Mrs. John O'Neil, hoping the change would be beneficial; but the hope proved a vain one, and for the past week she has been sinking rapidly.

Mrs. Johns was one of those kind, motherly women, who by her good-natured, helpful manner made everyone feel that the world would be much better off were all women so devoted to their homes and the good of those around them. She was a devoted Christian, and a member of the Baptist church, so that not only will she be missed by her family, her friends and neighbors, but in the work of the church to which she belonged.

She leaves, beside her husband, six children, three girls and three boys—Mrs. John O'Neil, of Spokane, Mrs. H. H. Campbell and Bessie Johns, of The Dalles; Samuel, Walter and David Johns, of this city.

The remains will be brought to this city for interment, and will no doubt arrive on the 6:55 train this morning. The date for the funeral has not been set, but, in all probability, it will take place at 2 p. m. Thursday.

Mrs. A. C. Stubling & Son have a beautiful assortment of pansies which they are closing out at 20c per dozen. Bouquets delivered to any part of the city at 25c and upwards. Carnations and roses in bud at 15c each, 9 for \$1. Beautiful asters, verbenas and cannas. 5, d-w, 2w
