THURSDAY - MAY 19, 1898

#### WAYSIDE GLEANINGS.

Remember The Maine. Remember also the Columbia Candy Factory Has the best Ice Cream in the city.

The weather forecast for today is occasional rain.

Don't forget that Keller keeps the best ice cream soda in the city.

Wanted, a man or woman to work in kitchen. Inquire at this office. my13 2t

Dr. Shackelford has removed his office to room 14, Vogt block, over the post-office. m17-2m

Special on new Waverley bicycles—Only \$30 while they last. Mays & Crowe. m4 d&wt

Wanted—Good housekeeper, on farm. Address, John Fredberg, Gorman post-office. 17-24

A new lot of oranges and lemons direct from growers, at the Dalles Commission Co.

Leave orders for ice with the Stadelman Commission Co. Office cold storage building. Phone 49.

Furnished rooms to rent, also suits of rooms suitable for housekeeping. Apply to 19 and 20, Chapman Block. 17

Yesterday two marriage licenses were issued, one to E. C. Mohany and Miss Tena Davis, and another to Frank L. Pickens and Myrtle George.

Lady or gentleman with \$25 cash can earn \$2 to \$5 per day, guaranteed, either at home or traveling. Business pleasant, very easily learned; process limited for two only. Address, J. S., care Chronicle office.

On Friday morning the Regulator will leave her dock in this city at 7 o'clock instead of 8:30, the regular time. This change is made to accommodate the members of the G. A. R. who will return that morning.

Leonard Brothers' circus gave two performances yesterday which were fairly well attended, and for the money a better show cannot be seen anywhere. There will be performances this afternoon and evening.

Yesterday morning the Regulator pulled Peters' new scow off the ways into deep water. As there appeared to be chances of the river going down, the builders did not care to take any chances of leaving her on the beach, since it was an easy matter to launch it at the present stage of water.

The Methodist Sunday school will have an excursion next Saturday by train to Mosier. The ground has been carefully examined, and decided to be quite suitable. There is an abundance of fine water, grass and shade. A cordial invitation is extended to the other Sunday schools of this city to join this excursion. The train will leave here at

9:45 a. m. and return at 5:30 p. m. Round trip, full fare, 40 cents; half fare, 20 cents.

Yesterday morning H. A. Elmer was arrested by Deputy Marshal Connolly, on suspicion of burglary from the house of Peter Godfrey. Elmer had his hearing yesterday afternoon before Justice Filloon, and was placed under bonds to appear before the next grand jury. As he has not yet found a bondsman he will be placed in jail.

Yesterday the 7-year-old son of O. Yates, of this city, fell from the top of fence which encloses the fair grounds and broke his right arm. About a week ago Mr. Yates' nine-year-old boy fell and broke his right arm in almost the same place. This is a strange coincidence that two such accidents should occur in the same family in the same week.

S. P. Shutt, who recently sold the Condon Globe, has concluded for a change and rest, to run the bowling alley at Heppner for a while, until he again feels like entering the field of journalism. He took charge this week and is having the allies plained off and the place improved generally, and has ordered new balls, pins, etc. Mr. Shutt will move his family to this place from Condon about June 1st.

Since the orders have been received to recruit the cavalry companies at Forts Walla Walla and Vancouver to a war footing, only 30 recruits have passed the examination. There have been many applications, but the applicants have been unable to meet the requirements. The main trouble had been in chest measure and expansion. A man must be 36 inches around the chest and be able to expand three inches.

A Morrow county boy, J. F. Grable, son of D. H. Grable, of Ione, writes home to his parents that he had the honor of being on the Concord, one of the battle-ships in Admiral Dewey's squadron, which participated in the engagement in Manila harbor. Mr. Grable has been in the United States navy nearly four years, having served one enlistment of three years, and when war was imminent with Spain reenlisted and was assigned to the cruiser Concord and was attached to the Asiatic squadron.

The best lambing we have heard of to date is that of Elmer Mathews of Fossil. When he marked last week, there were 938 lambs from 862 ewes, and since then about a hundred lambs have been born and they are still coming at the rate of two or three a day. Since he marked the lambs the loss has been less than a dozen. Mr. Mathews had exactly 1000 ewes when lambing started, and has considerably over 1000 lambs now. Three of the ewes gave birth to nine lambs, and one bunch of 29 ewes gave birth to 45 lambs.

A number of residents of Pendleton visited the racetrack of Frank Frazier Sunday to witness the great Chehalis work out a trial mile. Four tests were made in quick succession, and upon the

last half of the fourth mile the remarkable time of 1:02 2-5 was made. Chehalis now holds the world's record for two miles and promises before the coming season is past to place the complete record in a lower notch.

L. L. Hill, of this city, who is interested with John Cradlebaugh in the Golden Eagle mine, received a letter from that place yesterday stating that the mine is developing splendidly. In a forty-eight-hour run they made a cleaning of \$200, and the concentrates have not yet been worked. He also states that the deeper they sink into the ledge, the richer it gets; and from this we must infer that the owners of the Golden Eagle have a small Klondike.

Our Dalles boys have decided to reorganize Co. G, in case that another call be made in the near future for additional volunteers. Lieutenant G. Bartell is superintending the organization, and expects to have a full company inside of a week. They have already forty-seven members in the company, which is a very good start. Regular company drill will be held on Saturday nights, commencing next Saturday. We hope that before another company goes from The Dalles those seekers for commissioned offices in Portland will have left for Manila or elsewhere, so that Co. G may retain its rightful officers. Much has been said by visitors to camp McKinley in regard to the showing our boys made in drills, etc., and many compliments were received by them.

#### The Killing of Melvin Green.

Some additional particulars of the killing of Melvin Green in the Blue Mountain Eagle are given by the Fossil Journal. The Journal says that Sam Maffly fired three shots at Green, one of which took effect in the arm and another in the breast. One Bowman, who was with Green, assisted him into the house and left him there, at Green's request, to go out after a horse. Green then was in no apparent danger of dying soon. Before going Bowman, who had Green's pistol, handed it to the wounded man.

When Bowman returned half an hour later, Green was lying outside of the house dead, with his pistol by his side, and a fresh bullet hole through his head. This bullet entered over his right ear and ranged downward, going out under the lower jaw. The pistol had been held so close to the head that the powder had burned his hair. Maffly had gone to his house, several hundred yards away, before Bowman left, and the officials are puzzled to know whether Green shot himself or Maffly returned and finished his victim.

Hester Green, the father of Melvin Green, is an old and respected citizen of Unatilla county, who has lived 27 years on Birch creek. Green was about 27 years old. He was always inclined to be wild, and had been in various kinds of trouble.

Maffly, who has been held for investigation, is 53 years old. He is a retired printer, who once printed a paper in La Grande.

#### G. A. R. PARADE.

An Imposing Affair—Old and Young Form in Line and March to Martial Music.

The G. A. R. parade, which was held at 10 a. m. yesterday, was one of the grandest parades we have ever witnessed in The Dalles.

At 10 o'clock everything was in readiness and a few moments later the parade, which was led by Col. Patterson as grand marshal and his aids, who were mounted on horseback, presented a very imposing appearance.

The Dalles band followed, and by their patriotic selections added much to the effect of the turnout. The newly organized company of the O. N. G. came next in line and were followed by the members of the G. A. R., and as the grey-bearded veterans passed between the lines of people, with their banners waving in the refreshing breeze, they were greeted with loud cheers all along the line of march. The Sons of Veterans came next and the reception they received along the line was also warm and betrayed the regard felt towards the sons of our heroic soldiers. At this point the ladies of the Woman's Relief Corps and the women of the Grand Army kept step with the martial music of the band.

The carriages containing the department commander, Frank Riesner, and the department president of the Woman's Relief Corps, Mrs. Gwilt, Mayor Nolsn and President George Blakeley of the Commercial Club, followed.

The carriages presented a very pretty appearance, especially the one of Ward & Robertson, which was drawn by their four beautiful blacks.

One of the most impressive features of the parade was the column of school children, who were headed by Master Linden Garretson, bedecked in an imposing colonial uniform and mounted on a coal black charger. Immediately following came Professors Landers and Gavin, Superintendent Gilbert and Mr. Glasius. Each grade followed in order and was accompanied by the respective teachers.

Everything in the parade passed off like clockwork, there being no confusion whatever or nothing to mar the success of the entire affair.

At 1 p. m. the seventeenth formal opening of the Grand Army of the Republic was held in the Vogt opera house, that of the Woman's Relief Corps in the large Knights of Pythias hall, while that of the Sons of Veterans was held in the small K. of P. hall.

At 8 p. m. business sessions of the G. A. R., S. of V., and W. R. C. were held, and two other business meetings will be held at 9 a. m. and 1 p. m. today. The evening session will be of a social character, however, and everyone is extended a cordial invitation to attend. A well selected program will be rendered and everyone can feel assured a good time.

#### A Hundred Reasons

Can be given why Stuart's Dyspepsia Tablets are the best and most effectual cure for every form of indigestion.

They are in Tablet form, which retain their good qualities indefinitely, while liquid preparations become stale and useless with age.

They are convenient, can be carried in the pocket and taken when needed. They are pleasant to the taste.

After each meal dissolve one or two of them in the mouth and, mingling with

the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the blood pure and free from the poisonous product of fermented, half digested food.

Stuart's Dyspepsia Tablets make the complexion clear by keeping the blood pure.

They increase flesh by digesting flesh-forming foods.

Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach trouble and nothing else.

One disease, and remedy, the successful physician of today is the specialist, the successful medicine is the medicine prepared especially for one disease.

A whole package taken at one time would not hurt you, but would simply be a waste of good material.

Over six thousand men and women in the state of Michigan alone have been cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets.

Sold by all druggists at 50 cents per package.

Attention, G. A. R.

A list of ex-prisoners of war is being made at headquarters of the executive committee, on Second street, between Court and Washington, next door to the Snipes-Kinersly Drug Co. Ex-prisoners can sign the register at any time.

JOHN W. LEWIS, Chairman Ex. Com.
