Two hundred and seventy-three crates of strawberries were shipped from Hood River last Saturday. The season is just opening, and there is a promise of a big crop and fair prices. They are quoted at \$6.50 a crate.  
The commencement exercises of the grammar school at Hood River were held Saturday night at the Methodist Episcopal church. Nine graduated, and the exercises were very interesting and well rendered.  
The scores at the Umatilla House alleys for the week ending Sunday are: Monday, H. Maetz 67; Tuesday, Maetz 67; Wednesday, Wm. Birgfeld 60; Thursday, Jeff Walton 65; Friday, Maetz 60; Saturday, Maetz 66; Sunday, Maetz 63.  
The high school commencement exercises will be held Saturday evening at the Vogt opera house. The graduating class numbers seventeen young ladies and gentlemen, and the program will no doubt be one of the most interesting of the kind yet held by that school.  
Curtis Spencer, the boy who was injured by the bursting of the cannon in Baker City last Tuesday, died Friday morning. Ernest Worswick, whose leg was fractured by a flying piece of iron, is resting easily at the St. Elizabeth's hos-

pital. J. H. Parker, the banker; John G. Foster, the groceryman, and Mrs. William Good and others who were more or less painfully bruised, are able to be up and about.

E. Jacobsen and C. B. Martin, a representative of Hibbard, Spencer & Co., returned last evening from an extended trip to the interior. They state that an abundance of rain has fallen in the southern part of the country, and that the prospects are good for abundant crops.

Mr. Herman Maetz, the champion bowler of the Umatilla House bowling alleys, in a contest for a wager with Jack Donohue and Jim Woods made the remarkable high average of 46.5 pins in ten consecutive games, which, however, is not quite up to his regular standard.

The following score was made at the Dalles Commercial and Athletic Club for the week ending Sunday: Monday, Houghton 54; Tuesday, Stephens 59; Wednesday, Bradshaw 54; Thursday, W. Ketchum 53; Friday, Stephens 55; Saturday, F. A. Seufert 54; Sunday, John Bonn 54.

The funeral of Maudie Obarr took place from the Farmers' Hotel yesterday morning at 9 o'clock. A short service was held, conducted by Rev. Wood. The funeral procession immediately afterward started for Dufur, arriving at about 2 o'clock, when the remains were interred by the side of those of the little girl's father.

The coroner's jury that inquired into the cause of the death of Melvin Green, in Umatilla county, decided that he came to his death from two gunshot wounds, one in the left side and the other in the head; that the wound in the left side was fired from a revolver in the hands of Sam Mahaffy, without just cause, but that the wound in the head was caused by some person unknown to the jury.

The crops between this place and Dufur are looking fine considering the dryness of the spring, and if rain comes within the next few weeks the harvest will be abundant. The writer finds the roads between here and that city in a bad condition, especially from this city to 8 Mile. Four, six and eight-horse teams can be met at every turn as they wind slowly to the city with their loads of golden fleec.

Yesterday morning, at 11:30, a special consisting of three coaches, the Oneonta, Oneonta II, and a buffet car, carrying Collis P. Huntington, of the Southern Pacific, President Mohler, of the O. R. & N. Co., and several other railroad officials, passed through this city. They are on a tour of inspection of the different northern roads and are bound east. Their stay in this city was but brief, and perhaps of not much importance.

The Astorian says that, from reports received, it appears that more salmon has been packed this season than was put up at this date last year. The Columbia river article will continue to make Astoria's name famous. Fishermen say

that they are getting more fish in a given time than they did last year, and some of them, who thought they were short in their catches this season, have found that they were up to the average, within a very few pounds, of what was caught last year.

Sunday a letter was received in this city from Fred Grunow, an old Dalles boy, who at present is serving in the regular army, and is stationed at Tampa, Fla. After the breaking out of hostilities, his regiment, the 16th Infantry, stationed at Boise City, was sent to Chicamanga and later to Tampa, where he was when he wrote. At present there are about 35,000 troops stationed at that place, awaiting orders to move on to Cuba. He confirms the reports in the newspapers concerning the attempts to poison the water which the soldiers were using, and adds that it must have been the work of Spanish spies.

Sheep marking paint; ready for use. Two colors, black and red. Why you should use our sheep paint. First, because the colors are ground thoroughly in pure linseed oil by fine machinery; second, because it is made of high grade color, with the proper amount of dryers added to give it binding and lasting qualities, which prevent it from washing or rubbing off; third, it is much more economical, because it is always ready for use. We guarantee our sheep marking paints to give satisfaction. Try it and be convinced. Clarke & Falk, agents, The Dalles, Or.

#### A BAD ACCIDENT.

Two Ladies Thrown Out of a Buggy with Serious Results.

About 1 o'clock yesterday a serious accident occurred on Third street near St. Mary's Academy. Mrs. Lindsey and Mrs. Pintler were driving down Third street when the horse became frightened at a bicycle and turned in such a manner as to upset the rig and throw the two ladies out in the rocks and loose dirt with which Lincoln street is being filled with.

They both were rendered unconscious with the fall, and were taken to the residence of Mrs. Seufert near by, where with the assistance of Dr. Hollister, who was called in, they were revived.

Mrs. Lindsey had a severe cut on the mouth and serious bruises on the body. Mrs. Pintler also received serious bruises, but last night was feeling much better. Although the accident was serious, still it is very lucky that the ladies escaped with their lives.

The buggy was badly broken and the harness was considerably damaged. The horse tore loose from the buggy at Moody's corner and ran to the east end where he was stopped.

#### C. L. Gilbert for School Superintendent

Professor C. L. Gilbert, Republican candidate for county school superintendent, is well known throughout the county, having occupied that position for the past two years.

His devotion to educational matters, together with the marked interest he has manifested during his term to improve the schools of Wasco county, will insure him a very large vote.

Mr. Gilbert has the reputation, where ever known, of being "the right man in the right place," having performed his duties as superintendent justly and impartially to all.

Mr. Gilbert has filled the position of principal of the public schools at Hood River for four years, having taken charge of these schools at a time when they were perhaps not what they might have been, and, during his administration, brought them up to a standard second to none in the county.

His efficient work for the last two years throughout the county is manifest, and we can predict that if he is superintendent for the next two years, Wasco county will be able to say proudly that her schools are second to none in the state.

All who feel an interest, and every good citizen should, in the future welfare and education of the young, give him their hearty support in the coming election.

He has always been an earnest, consistent Republican, but for all this he has never allowed his political views to influence him in the least in the discharge of his duties as superintendent.

Vote for him and you will never regret it.

### 'Spring Medicines,' "Blood Purifiers," and "Tonics," an Old-Fashioned Idea.

Pure blood, strong nerves and muscles, firm, healthy flesh, can only come from wholesome food well digested. "Blood purifiers" and "nerve tonic" do not reach the cause of the mischief. The stomach is the point to be looked after. The safest and surest way to cure any form of indigestion is to take after each meal some harmless preparation of this kind composed of vegetable essences, pure pepsin, golden seal and fruit salts. They are sold by druggists everywhere at 50 cents per package. Write to F. A. Stuart Co., Marshall, Mich., for Dyspepsia Tablets, and these tablets taken after meals assist digestion wonderfully because they will digest the food promptly before it has time to ferment and sour, and the weak stomachs relieved and assisted in this way soon becomes strong and vigorous again. Stuart's Dyspepsia Tablets are superior to any secret patent medicines because you know what you are taking into your stomach.

**JAMES BURNS,**  
Ex-Collector of the Port of Kansas City.

Of the men who have occupied positions of public trust in Kansas City, either by gift of the people or by appointment; none has a more enviable reputation for ability, honesty and efficiency than James Burns, Collector of the Port of Kansas City, under Grover Cleveland. He lived to the letter of the maxim "a public office is a public trust," and when he retired he carried with him the respect of everyone in the community—Democrats and Republicans alike.

James Burns has used Stuart's Dyspepsia Tablets and he does not hesitate to say they have accomplished wonders.

"I suffered with dyspepsia for twenty years," said Mr. Burns yesterday. "Never know what it was to enjoy life—in fact living seemed a burden, as it does to all who suffer severely with dyspepsia. A few weeks ago I began taking Stuart's Dyspepsia Tablets. From the first I felt relief, and now, although I am still taking them, I feel entirely cured. For the first time in twenty years I can eat anything I want and suffer no ill effects from it. You can't imagine the pleasure of this unless you have been a sufferer from dyspepsia."

"I never gave a testimonial for any medicine before, but I feel as if everybody ought to know of this remedy, and while it is personally distasteful to me to appear in print in this connection, I feel as if I had no right to shirk the opportunity to, perhaps help some other sufferers from dyspepsia. I have been recommending the tablets to all my friends. Only recently I took James L. Ellis, the father of Father Ellis, down to get some, and I understand he also is being wonderfully benefited. I can't recommend it too highly."

"Very Much to the Good."
