Yesterday a party charged with being drunk and disorderly, was brought before Recorder Sinnott and fined five dollars.

Yesterday a marriage license was issued by County Clerk Kelsay, to Calvin Dunski and Miss Leonora Freeman. Both young people are of Mosier, in this county.

A large shipment of Oregon cherries was made to Denver last night. This is almost the first shipment of produce from this city, but from now on during the season the amount will increase daily.

A meeting of the amusement committee of the Fourth of July celebration will be held at the club rooms this evening at 8 o'clock. All members of the said committee are requested to be present by the chairman.

A large number of workmen are being distributed along the line of the O. R. & N. through Eastern Oregon to help in the repair work of the line, which is at present being made. We understand the company pays \$1.60 per day for common laborers.

The greater part of the wool clip of Baker county and much of that of Grant is being stored in Baker City. Flock-

owners are not selling their wool, as they are not in need of money. They expect that higher prices will prevail before long.

On Monday, June 13th, in Pendleton, a son was born to the wife of W. H. Fowler. Harry has always been "monarch of all he surveyed," but his right will now be disputed. His Dalles friends, however, extend their congratulations that he now is Papa Fowler.

Lead Commissioner Binger Kernman has written to Ben Brown, of Burne, advising him that an effort is being made to consolidate the Marney and La Grand and offices. Mr. Kernman suggests that unless reasons exist for the proposed consolidation that the movement be watched.

Robert Smith, who was so seriously injured by a horse at Dutch Flat on Monday evening, was taken to St. Vincent's hospital in Portland yesterday. As yet nothing definite can be said about his injuries, but it is feared that his back is broken, and if such is the case they will result fatally.

The fourth annual tournament of the Eastern Oregon and Washington Firemen's Association commenced yesterday and will continue three days. Teams have arrived from Walla Walla, Baker City, and Huntington. Already a large number of people are in attendance and many more are expected.—La Grande Chronicle.

Yesterday evening George Ferguson returned from Albany accompanied by Mrs. Ferguson, who went below in hope that a change of climate would improve her health. It did not agree with her, however, and she returns to The Dalles, believing that this climate is as good as any. Her many friends hope to see her fully recovered in a short time.

J. W. Lathrop, of Oroville, California, passed through Long Creek the other morning en route to the Stickeen river, Alaska. Mr. Lathrop has a good outfit consisting of eight head of mules, and was accompanied by three men. He will join a partner at Spokane, from which point they will go on the Spokane overland route to Alaska, where they will operate mining claims.

E. W. McComas, one of the best-known wheat buyers in Eastern Oregon, drove several miles on the Athena road Friday, and on his return said that although he had bought wheat in the great valley of California for many years, and had always been a close observer of the growing crops wherever he was, yet he has never seen wheat looking better than it does between Pendleton and Athena this year, says the East Or-

gonian. Every spear seems to be perfect, the heads are even and unless something unusual occurs within the next three weeks, Umatilla county will harvest her banner crop.

The cooler weather which has prevailed during the past few days makes the crop prospects much more cheering in Eastern Oregon. During the hot spell many of our people were very anxious to go to the seaside and mountains for summer outings, and quite a number have already gone; but the cooler weather has caused others to change their minds and put off their summer vacation until later in the season.

Latest reports from Antelope state that Murdoch McKay, who was shot on Tuesday the 7th, by William Rolfe, is still alive, although in a dangerous condition. The following description of the wound has been given by Dr. Pilkington: The bullet struck the fifth rib below and to the left of nipple and deflected downward, passing between the fifth and sixth ribs, lodged in the back about two inches below the twelfth rib.

Sheriff Gray, of Crook county, accompanied by Ex-Sheriff Combs as guard, arrived here Monday from Prineville, having in charge a crazy man named Hunter, whom he is taking to the asylum at Salem. Hunter is well known here, having worked for some time at his trade as wagonmaker for J. L. Thompson, the blacksmith, and while here his strange actions were noted by many. Mr. Gray and party left for Salem on the early morning train yesterday.

A serious accident occurred to D. Bronson Friday afternoon, while riding a gang plow near Athens, says the Pendleton Tribune. The plow struck a rock and threw him toward the ground, but, as he fell, one of the levers pierced his bowels, inflicting a terrible wound. He was finally assisted to the house and taken to the home of his son-in-law, William Hanna, at Pendleton. A physical temporarily dressed the wound, and today will perform the necessary operation. Mr. Bronson lives in the eastern part of Pendleton.

A salmon was caught Monday off Scarborough head by Henri Paakula and Henri Yltaio, and delivered to Elmore's cannery at Astoria, having on inscription on the right gill just beneath the eye. The inscription is plain, but the letters are foreign to any who have yet seen the fish. The fish is a fine specimen, of about 25 pounds weight. It was a great curiosity and was viewed by many interested people. There is no doubt that the letters were inscribed with some kind of imperishable ink when the fish was small.

Troop G, Fourth cavalry, left Fort Walla Walla for the Presidio at 1 o'clock this morning over the O. R. & N. The troop will be under the command of Lieut. George Cameron. The horses were shipped yesterday morning. The soldiers are exceedingly anxious to go, and promise to give a good account of themselves. The members of Troop G, the only troop that will be left at Fort Walla Walla after the departure of troop G, are dejected, and envy the good fortune of their comrades. The troops will, in all probability, pass through this city at 7 o'clock this morning.

Mary Ellen Lose is to make her home in Oregon. Some time ago a number of her admirers living in Minnesota presented her with a home in that state. It was expected she would stay there the rest of her life, but Mary Ellen has evidently changed her mind. During her sojourn in Portland this year she met J. Adam Bede, the sound-mooney Democrat, who took part in the Oregon campaign in defense of the gold standard. Mrs. Lose and Mr. Bede are well acquainted, and meeting him at the Imperial hotel she informed him of her intention of making her home in Oregon, as she could not stand the rigorous climate of Minnesota. Mr. Bede saw his opportunity and took advantage of it, promptly replying to Mrs. Lose, saying: "We have but few reasons to offer in defense of Minnesota's climate, but you have given the best one we have."

Attention, Co. G.

A special meeting of Co. G will be held at the armory tonight, Wednesday, at 8 o'clock. All members are requested to be present. By order

LIEUT. G. A. BARTRELL.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Blakeley and Houghton, druggists.

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me. I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. Respectfully, Mrs. Mary A. Beard, Claremore, Ark. Sold by Blakeley & Houghton.

A VAIN ATTEMPT.

Long Distance Company Again Trying to Establish an Exchange.

At present we have another instance of where outsiders are endeavoring to step in and take business away from local concerns by offering empty inducements. The long distance telephone company, whose manager is a Portland man, and which leaves no money in The Dalles more than the rent of a small office and wages to two employes, is endeavoring to make another fight for business in this city by giving a contract for a year at cheap rates and with promises of unsurpassed service. Their efforts are overlooked, however, by the thinking public who know what the local company has done in reducing the rates so that every one can afford to use phones in residences and places of business, and at the same time give as good service as is possible for any company to give.

The Senfert & Condon Co. have started and made a success of their business when the long distance company was in its most flourishing condition, and there is little danger that they will sustain any injury by the action of the opposite faction.

Weather Bureau Report.

Warm weather continues over the Columbia river basin. Monday the maximum temperature ranged from 78° to 88°. Yesterday morning the temperature ranged from 58° to 60°. The absence of a marked rise under the influence of the high temperature, indicates that the supply of snow is almost exhausted, and that but a further slight rise is likely to occur.

The Snake is stationary at Riparia and the Columbia at Northport has risen only .4 of a foot; at Umatilla the rise is only .2 of a foot.

The river will continue to rise slowly for the next several days. It is expected that the maximum raise at Portland will not exceed 21 feet, while at The Dalles 36 feet is thought to be the limit.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Whooping Cough.

I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of the remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house.—F. E. Moore, South Burgettstown, Pa. For sale by Blakeley & Houghton.

Wanted.

A competent girl; one who is a good cook, and who is kind to children. Good wages to the right party. Apply to this office.
