Designess Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. OREGON There is only one way to cure desiness. and that is by constitutional remedies. Deafness is caused by an inflamed con dition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflatomation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

> We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Send for circulars; free. Cure.

Bad management keeps more people in hard circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarhoea Remedy in the house. The shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides. One pays 25 cents; the other is out one hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by Blakeley & Houghton,
