

## SAN JUAN HEIGHTS HAS CAPITULATED

The Way to Santiago is Open--The Victory Was a Costly one--American Loss Large.

NEW YORK, July 2.—A copyrighted dispatch to the Evening World, dated in the field two miles from Santiago, July 1, and cabled from Playa del Este, says: San Juan heights have fallen and the way is now open for the advance on Morro castle. It was a glorious victory but very dearly purchased. The place was the strongest Spanish outpost, well fortified and valiantly defended. The position was an excellent one. It was also occupied by barracks and other buildings but the American troops stormed the heights and Spanish valor had to yield to bulldog tenacity and the courage of the Anglo-Saxon. As I write our troops are swarming up the hill and covering it like ants. The Spaniards are demoralized. The fighting has been of the hardest kind, and our troops have suffered severely, but the enemy's works are in their hands and they do not count the cost.

Caney is also ours. The general advance which began at 3 p. m. has been successful all along the line. After driving the enemy out of Caney the troops took possession of the village and destroyed the Spanish forts by which it had been defended. The Spaniards fled into Santiago where they now are. The losses on both sides are heavy. The bursting of a Spanish shell almost an entire company of our troops.

Associated Press dispatches from the scene of the fighting around Santiago places our losses in the battle which ended at 9 p. m. yesterday, at one thousand men killed and wounded.

A dispatch to the Evening World from Playa del Este says General Garcia is authority for the statement that General Pando has entered Santiago with 6000 soldiers to reinforce General Linares.

## GREAT CONCERN AT WASHINGTON

The Desperate Character of Yesterday's Fighting Realized Since the Receipt of Late News From the Front]

WASHINGTON, July 2.—The profoundest concern throughout military and official circles marked the opening of the second day upon which the battle of Santiago is being fought. The desperate character of the fighting is now fully known to the war department. The information is in addition to the report made by General Shafter last midnight when he roughly estimated the casualties at about 400. Later reports direct from the field indicate that this estimate is by far too low.

Owing to many conflicting reports regarding the losses of the American troops in yesterday's engagement, it has been thought best by the war department to make public the text of General Shafter's last dispatch, received this morning at 4 o'clock. It is as follows:

"SIBONEY, via Playa del Este, July 1.—Adjutant-General, Washington: I fear I have underestimated today's casualties. A large and thoroughly equipped hospital ship should be sent here at once, to care for the wounded. The chief surgeon says he has use for forty more medical officers. The ship must bring a launch and boats for conveying the wounded.

Secretary Alger and his adjutant-general held a conference as soon as the secretary arrived. Then Surgeon-General Sternberg was sent for and joined the conference. It is understood that the surgeon-general will send forty or fifty medical officers, in addition to those already with General Shafter's men. All suitable appliances will be provided.

An impressive seriousness prevails in military centers. The news that our gallant men had pressed their way foot by foot up to the commanding plateau of Caney was welcome, indeed, but there was full realization that this had been done in the face of a withering fire. Instead of a skirmish on the right flank, as the reports of yesterday indicated, it was clearly a general engagement, and a terrific one, had been fought under the broiling tropical sun and in the tangled vegetation northeast of Santiago.

Deepest suspense existed throughout military and official circles as the day progressed and no word came from

Shafter. At 2:30, when the round was made of all the points at the war and navy departments where dispatches are usually received, nothing was forthcoming as to the situation in the field. Adjutant-General Corbin, to whom the reports were submitted, reiterated what he said early in the morning—that nothing had come from Shafter since 4 o'clock this morning. The lack of reports was attributed mainly to the fact that Shafter was so thoroughly occupied with the imperative duties of the hour that there was scant time or opportunity for giving detailed progress of his movements.

The secretary of war remained at the White House some hours and did not return to the war department up to a late hour this afternoon.

The president and secretary of war, through a private dispatch from the battlefield, learn that the engagement was resumed this morning and has continued all day. The wounded are coming in rapidly and indications point to heavy losses. The dispatch does not indicate a decisive result in any direction.

### The Discovery of the Day.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Colds and Coughs is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Trial bottles free at Blakeley & Houghton's.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c.

Mrs. A. C. Stubling & Son will soon begin on the erection of a new hot house especially for the culture of carnations and violets. The increasing trade makes this necessary and, Mrs. Stubling feels that her efforts will be appreciated by her patrons.

## THE SITUATION HAS IMPROVED

Two German Warships Leave Manila Out of Respect for American Opinion.

LONDON, July 2.—A dispatch to the Daily Telegraph from Manila dated Tuesday, June 23, via Hong Kong, says: The nonarrival of the American troops has grievously disappointed Admiral Dewey, but the Americans still count on celebrating the Fourth of July in Manila. It is reported Admiral von Diederichs sent two vessels away on learning that America regarded his attitude as unfriendly.

A wholly improved feeling now exists. The American officers express confidence in their ability to dispose of any ships Spain can now send, but in view of the alleged strength of Admiral Camara's squadron, the wish is expressed that the Americans had at least one battleship.

## TO SNATCH AWAY VICTORY'S FRUITS

Germany, France and Russia Resolved to Have a Voice in the Disposal of the Philippines.

BERLIN, July 2.—On the best authority the correspondent of the Associated Press here is informed that Germany, France and Russia have reached an understanding concerning the Philippines. It is said that these three powers do not intend to actively interfere until hostilities cease, after which they will combine to prevent the United States or Great Britain from retaining possession of the whole of the Philippine islands. When the war is over an international congress will be proposed similar to the Berlin congress of 1878 to settle all questions connected with the war. All the great powers will be invited to attend, including the United States and Spain. It appears certain that Germany will demand a slice of the Philippines or other compensation in the Far East.

## ANOTHER MARINE DISASTER

Stern-Wheel Steamer Bound for Alaska Wrecked in Straits of Fuca.

VICTORIA, July 2.—The stern-wheel steamer Marquis of Dufferin, which left here Thursday for St. Michael's, in tow of the steamer Progresso, has been wrecked at the entrance of the Straits of Fuca.

Immediately after the Progresso and her tow reached the open sea the trouble commenced. The light steamer tugged on the tow rope, swinging around until all her timbers were strained and her back was broken. Then the towline was cut and her crew boarded the Progresso, all being saved. The vessel belonged to the British American Corporation, and cost about \$30,000.

### Robbed the Grave.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject is narrated by him as follows: I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them.

ROYAL BAKING POWDER CO., NEW YORK.

Chicago Stereotypers Strike. CHICAGO, July 2.—None of the daily papers were published in Chicago today, owing to a strike among the stereotypers. Intense interest in the battle of Santiago renders the situation a peculiar one, and this fact was undoubtedly seized upon by the operatives. There is no little public feeling aroused against the operatives because of this phase of the case.
