A Serious Hitch Has Occurred in the Negotiations With Toral

Spanish War to Retain Their Arms—Shafter Has Been Cabled By the President to Make No Further Concessions.

WASHINGTON, July 15.—A serious hitch has occurred in the negotiations for the surrender of General Toral and his forces at Santiago. Shafter cabled the war department that Toral, who surrendered with the late stipulation that his troops should be transported to Spain, now demands that they be permitted to retain their arms. The president, after a conference with several of the cabinet officers, sent instructions to Shafter to make no concessions further than those agreed to. If Toral persisted in his demand he would be disapproved. Despite the wishes of every one of the three, three more transports loaded with troops, signalmen, supplies and ammunition, left Tampa late this afternoon for Santiago.
