Spain Refuses to Accept Terms

Unless a Change is Made Regarding the Philippines--A Sharp Diplomatic Move.

MADRID, Aug. 1.—It is the general belief, founded on official gossip, that the Spanish government will not accept the peace terms offered by President McKinley, unless some change is made regarding the Philippine amendment, which is regarded as a sharp diplomatic move on the part of the American government.

THE FIGHT DECIDED A DRAW

After Twenty-five Rounds of Hard Fighting the Referee Decides the Honors are Even.

New York, August 1.—Solly Smith, of Los Angeles, and Tommy White, of Chicago, went through twenty-five

rounds of the fastest kind of fighting at the Coney Island Athletic Club tonight. At the end the referee decided that the honors were even. Smith made an aggressive battle throughout and administered some very heavy punishment to his clever antagonist, but the later was able to stand off his rushes in the early part and by husbanding his strength made a sufficient showing in the last four rounds to win the draw decision. Smith took desperate chances in the last round, going in hammer and tongs fashion, but his work was wild, and while he managed to land several effective punches, at the conclusion of the bout White had a badly damaged eye and Smith had a nose much like a blood-soaked sponge.

TWO DESPERATE CROOKS CAPTURED

Both Have a Reputation in Chicago as Professional Pickpockets — Give the Officers a Lively Chase.

SAN FRANCISCO, Aug. 1.—Jack Peckett or "Piggott," brother of the well-known jockey, Joe Piggott, now riding for Millionaire H. L. Frank at Butte, Mont., is in jail here for picking pockets. Piggott and a young fellow named Thomas Madcen, a crook well known in Chicago, so the police here say, were arrested at the ferry last night while operating on the boat, thickly crowded with returning picnickers. The thieves spotted the police just as the latter spotted them, and after a lively chase on shore, were captured in the Water Front saloon. Both Piggott and Madcen treated the arrest as a huge joke and openly bragged they had a pull and would soon be free. There seems to be considerable ground for boasting, as both Piggott and Madcen have been arrested a number of times lately for petty crimes; but no conviction has yet been obtained.

FITZSIMMONS ON THE WAR-PATH

Will Meet Anyone of the Five Aspirants for the Championship.

New York, Aug. 1.—Fitzsimmons has tired of being badgered for fight, and today issued a signed statement offering

to meet any one of the five disputants for championship, as soon as they decide among themselves who is the better man. In view of the fact that Jeffries is the only one of the big men he has not met, Fitz makes in his proposition the stipulation that the fight come off before October.

CLOSING IN ON MANILA

Trouble Impending Between Americans and Insurgents--Aguinaldo Getting Insolent to the Yankees--Merritt Awaits the Arrival of the Other Trausports.

NEW YORK, Aug. 1.—Cable from Manila July 29th says that serious trouble is impending between the American troops and the Insurgents under Aguinaldo. The Americans are gradually closing in on Manila and have replaced Aguinal-

Royal makes the food pure, wholesome and delicious.

Interest Aroused in the Nicaragua Scheme

A Conference Held With the President in Regard to the Matter.

WASHINGTON, Aug. 1.—Warner Miller had a conference with the president, as a result of which he expressed confidence that at the next session of congress a bill would be passed authorizing the completion of the Nicaragua canal. The present war has demonstrated the pressing necessity of a waterway between the oceans, which in addition to the pressure of commercial interests, will, Miller thinks, make the canal an assured fact within five years.

do's forces in many of the trenches near the enemy's line. Aguinaldo has sent a note to General Anderson, in command of the American troops, saying that unless the Yankees withdrew from the trenches, he would order his forces to fire upon them. The contempt of the Americans for

the motley horde of rebels, headed by the bribe-taker, Aguinaldo, is becoming more intense hourly, and no doubt the Americans would welcome any excuse for turning their guns upon the insolent Aguinaldo. The situation is regarded as most critical, and Merritt, governor-general, awaits with anxiety the arrival of the other transports now en route for Manila.
