BONDS, BANKS AND PEOPLE.

The announcement is made from the treasury that there are no bonds left for subscribers who wanted more than \$5,000 worth of them. The small subscribers to the number of 200,000 have taken them all.

This means much for the country, says the New York World. It means, first of all, that the "plain people" believe in the country and are ready to lend it two hundred millions of their money at three per cent interest when savings banks are paying 4 and 4 1/2 per cent, and when real estate mortgages are to be had at 6 and 7 per cent. The officials did not believe this.

It means that 200,000 families in the land are the creditors of the nation, pecuniarily interested not only in its general welfare, but especially in its financial integrity and the maintenance of all its lawful money at par with gold. They have paid gold value for their bonds. They will never vote to reduce those bonds to any lesser value.

It means that the people of the country, the men who elect congressmen and presidents, intend that every debt of the United States shall be paid in honest money, worth one hundred cents to the dollar.

It means an end to inflation and coinage debasement and all the cheap money crazes that have threatened the nation in recent years.

It is one of the greatest benefits of the war that this loan has been taken up by so great a number of the people and that the banks have got none of it. It makes patriotism an investment. It makes honesty in politics a personal interest.

Further, the distribution of the bonds among small subscribers puts an end to the delusion that this great government can borrow money only by permission of the banks and syndicates, and that it must pay a tribute of millions to them when it desires to float a loan.

The wealth of the United States is enormous. It is beyond calculation in figures. It is all behind the government, because enlightened men understand that the security of wealth itself, and even its value, rests in the permanence of the government.

TORPEDO-BOATS.

With Spain's navy practically annihilated it looks as if the naval engagements of the war were over and that the war would come to an end without a single torpedo having been launched from either side.

We have had no use for torpedo-boats, because our guns did their work at ranges far beyond the reach of the torpedo. The Spaniards have not been able to use their splendid torpedo-boats, because our drill and discipline rendered impossible that sudden surprise which is necessary to get in an effective torpedo-shot.

The destruction of the Blanco Encajada by a torpedo in the harbor of Valparaiso in 1891 undoubtedly created a strong impression of the effectiveness of these destroyers. But the Blanco Encajada was taken wholly by surprise, and stupidity allowed two hostile torpedo boats to come within fifty yards of her and to launch two or three torpedoes before succeeding in blowing her up.

Such an incident does not prove the effectiveness of the torpedo-boat. It merely proves the incompetence of the Chilean commander. It would be absurd to expect any other commander to be caught in the same way, and an offensive armament which depends for its success wholly on the gross incompetence of the enemy cannot expect to be rated highly.

General Shafter was not quite so agile as General Toral; but General Toral now knows how the monkey felt after he fooled with the elephant.—Baltimore American.

The Discovery of the Day.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Colds and Coughs is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Trial bottles free at Blakeley & Houghton's.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c.

Our baby has been continually troubled with colic and cholera infantum since his birth, and all that we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We want to give you this testimonial as an evidence of our gratitude not that you need it to advertise your meritorious remedy.—G. M. Law, Keokuk, Iowa. For sale by Blakeley & Houghton.

E. C. Blanks, of Lewisville, Texas, writes that one box of DeWitt's Witch Hazel Salve is worth \$50 to him. It cured his piles of ten years standing. He advises others to try it. It also cures eczema, skin diseases and obstinate sores. For sale by the Snipes-Kinersly, Drug Company.
