SAN FRANCISCO, Aug. 1.—During this week nearly all of the first New York regiment and a battalion of engineers under Major Langfitt will leave this port for Manila. One vessel or more will sail on Wednesday, and all the troops named will be afloat by August 6th.

seven expeditions have left San Francisco and it is the intention to furnish Merritt with at least 8000 men more than his present force.

CHICAGO, Aug. 1.—Three killed and fourteen injured, is the record of a fire that broke out at 2:30 this afternoon in the Berwin Hotel, North State Street.

Catharine Murphy, jumped from second story, right ankle broken. Dr. Belknap, burned slightly. Mrs. E. H. Twilight and baby, overcome by smoke, rescued by firemen.

Miss Marie Kennedy, prostrated from excitement. Miss Emma Sharkey, housekeeper at the hotel, jumped from second story, ankle sprained.

WASHINGTON, August 1.—Gen. Merritt has again cabled the war department as to the situation at Manila, which he finds very unsatisfactory and dangerous owing to the attitude of the insurgents.

In the opinion of Merritt, the attitude of the insurgents there is similar to that assumed by Garcia's Cubans at Santiago. Upon the question of their right to enter and possess themselves of the city it is thought in this case the insurgents are a very much more formidable element, but not only more numerous but better armed, and filled with arrogance growing out of their numerous victories over their Spanish foes.

Merritt, however, indicates that he will do his utmost to protect the citizens from the savagery of the insurgents, though the task is a delicate and difficult one, because of the fact that he must, while fighting the Spaniards, be ready at any moment to repel the insurgents.

The general gave notice that he was about to combine with Dewey in a joint demand for the surrender of the city, thus forestalling the insurgents, and this movement may cause a rupture. It is possible, in view of the fact that Merritt's cablegram was sent from Cavite last Thursday, that this movement has been made already by the combined American military and naval forces, although there is some doubt on this point on account of a statement from Merritt that he will receive all his soldiers before attacking. It is possible the demand will be made without being followed by an attack, which may be deferred until all the troops have reached Cavite.

Up to the date of the report Merritt had with him 12,000 soldiers. In all,
