PEACE PROPOSALS WERE ACCEPTED

It is Said that Spain's Answer is Now En Route to Washington.

NEW YORK, Aug. 3.—A special cable to the Journal from Madrid says: Spain has accepted the peace proposals of the United States and her reply is now on its way to Washington.

TERMS OF PEACE AS OFFERED SPAIN BY M'KINLEY

Our Demands Include all the Spanish Possessions in the West Indies, Excepting Cuba.

WASHINGTON, Aug. 2.—Following is an official statement given out by authority of the president today as to the

der Spanish sovereignty in the West Indies and like cession of an island in the Ladrones.

"The United States will occupy and hold the city, bay and harbor of Manila, pending a conclusion of a treaty of peace, which shall determine the control, disposition and government of the Philippines. If these terms are accepted by Spain in their entirety, commissioners will be named by the United States to meet commissioners on the part of Spain for the purpose of concluding a treaty of peace on the basis above indicated."

THE MEN FEASTED ON ARRIVAL

American Forces are Frequently Under Fire, But Thus Far Have Never Replied—Insurgents Render No Assistance to the American Army.

SAN FRANCISCO, Aug 2.—The steamer Doric, which arrived from Yokohama and Hong Kong via Honolulu today, brings the following advices from Honolulu, under date of July 26th:

The transports Peru and City of Puebla arrived from San Francisco early on the morning of the 23d. The voyage down was eventful. There were no deaths and but little sickness among the men. Three men with typhoid fever were removed from the ships to the local Red Cross hospital.

Since the vessels arrived the men have been allowed shore liberties. Today the troops will be feasted on the grounds of the executive building. President Dole,

with his cabinet and Minister Hatch, received Major-General Otis and his staff at the government building yesterday morning. The garrison and band turned out in honor of the visitors. The reception was of an extremely cordial nature.

General Otis is uncertain as to his stay here. It is understood he has discretion in the event of no orders to the contrary to proceed to Manila without waiting for Admiral Miller, of the Philadelphia, and if the other transports arrive within a day or two as expected, it is not likely General Otis will wait for the warship, much as he and his force would like to see the flag go up. According to Otis, Hawaii will have no military governor. Colonel Barber will be post commander as long as his regiment remains there; that is all.

Minister Sewall has received no word of what action President McKinley will take with regard to the temporary administration of the islands. Admiral Miller, he has been officially informed, will bring full instructions as to the formalities which will be observed in effecting the change of sovereignty. General Otis does not look for the arrival of the Philadelphia carrying the admiral, until the 3d or 4th of August.

Sewall thinks the transports due here shortly will very likely bring news of the determination reached by the president for the government of the islands.

terms of peace offered by the United States:

"In order to remove any misapprehension in regard to the negotiations as to peace between the United States and Spain it is deemed proper to say that the terms offered by the United States in the note handed to the French ambassador on Saturday last are in substance as follows:

"The president does not now put forward any claim for pecuniary indemnity, but requires relinquishment of all claim of sovereignty over or title to the island of Cuba, as well as evacuation by Spain of the island; cession to the United States and immediate evacuation of Porto Rico and other islands un-

AN EXPEDITION CALLED FOR

If the Government Fails to Send Aid the Greatest Tragedy of the Arctic Will Be Enacted.

NANAIMO, B. C., Aug. 2.—The steamship Oregon arrived tonight from Orea with a large number of heartsick miners

from the Copper river country. They report that fully 5000 men are making every effort to get over Valdes glacier and homeward bound. All have curses for the men who deceived them into the belief that there was gold in the Copper river region. The highest pan ever washed out was twenty cents. Hundreds of those returning are throwing away costly outfits, so eager are they to make progress.

Late in June a young miner from Chicago named Goodwin fell into a crevasse 200 feet deep while bound for home. His body was crushed to pulp.

The returned prospectors state that if the government fails to send relief to Copper river the greatest tragedy of the Arctic will be enacted, as hundreds will die of starvation if succor does not come.
