

Eternal Vigilance is the Price of Liberty.

When you give up your money you give up what it costs your life to get. How important it is, therefore, that in spending your money you get the best value obtainable. Hence we say, don't take our word; don't take anybody's word. Investigate for yourself. We lay before you an abundant spread of good things at prices that court comparison and investigation.

Our Grand Clearance Sale Is Still On.....

Monkey Brand Soap.
Monkey Brand Soap.
See it displayed in Maier & Benton's window. July 27-1w
See A. M. Williams & Co.'s ad.
Fruit jars and cans at Mays & Crowe's, Neckties worth 65 cents, selling now at 25 cents at A. M. Williams & Co.
Now is the time to spray with Paris Green. Clarke & Falk have the strongest you can get.
Crushed violets, the latest flavor for ice cream soda at the Columbia Candy Factory. Give it a trial. tf
Furnished rooms to rent, also suites of rooms suitable for housekeeping. Apply to 19 and 20, Chapman block. tf
The Telegram excursion will leave at 8 o'clock this morning. A big crowd will take advantage of the cheap rates.
Monday night L. J. Moffat, of John Day, brought in fifteen head of beef cattle, which he had sold at a good figure to Chrisman Bros.
The coaches for the Telegram excursion arrived with the 5:20 train last evening, and judging from the number sent, the Telegram people expect liberal patronage. There will be good accommodations and a pleasant trip can be guaranteed all who go.
County School Superintendent Gilbert is busily engaged in preparing the program for the coming teachers' institute. The program will be interesting and instructive, and the institute promises to be up to the usual standard, if not better than previous institutes.
"Uncle Rube," the representative of the Mitchell, Lewis & Staver Co., of Portland, came up last night and created quite a sensation by his comical make-up and humorous actions. He is a whole show in himself, and will furnish an abundance of amusement for old and young today.
Although the weather in The Dalles has been warm enough for anybody, still during the past few days it has

and game warden will place a patrol on the Columbia river to prevent a violation of the law. There is a disposition on the part of some of the cannery men, especially on the lower Columbia, by reason of the short catch this year, to secure an extension of the fishing season for a period of twenty days, but it is not believed this effort will succeed. Public sentiment is opposed to it, as upon the protection accorded the salmon by law depends the future of the fishing industry.

Yesterday the new Dalles City was given her trial trip on the Willamette river at Portland. Captain Alden, who is at present serving as first officer on the Baker, took the boat out for the trip, and if everything proves satisfactory the boat will be on the river between here and Portland in a few days. Work of getting the Regulator in shape to launch is being pushed as rapidly as possible, so that this boat will soon be plying between here and Portland. The D. P. & A. N. company has certainly had a run of bad luck, but they are persistent and will have their boats in better shape than ever as soon as possible.

WEEKLY CROP BULLETIN.

Issued Weekly by the United States Weather Bureau Under the Supervision of R. S. Pague.

Very warm weather, with a cloudless sky, has prevailed during the week. Harvesting is progressing in all sections of the state. Fall-sown wheat is turning out as was expected, and the expectations were high. Harvesting of spring-sown wheat has commenced, and that which has been threshed shows excellent results. In sections of the Willamette valley, a considerable portion of the oats has been cut for hay. Harvesting of spring-sown grain will not be general for a week or more. The weather has not injured the grain crop, and some correspondents report the crop better than ever before; this applies to quality as well as quantity. Grain harvesting will continue for six weeks longer. In some localities of Eastern Oregon, there are reports of spring-sown grain shriveling to some extent; this condition is not general, and practically applies only to those sections where the raising of wheat is hazardous even under the most favorable circumstances. The hay crop is housed or is being baled. The second crop of alfalfa is being cut. The dry weather is not favorable for the second crop of clover, though so far it has not been injured. The wheat aphid which has been reported from the Willamette valley counties, is disappearing under the influence of the clear, warm weather.

Peach plums are fully ripe, and large shipments to eastern points are being made. Early peaches are ripe and are being shipped. Watermelons and blackberries are very plentiful. The apple and pear crops are making good growth and progress. The hop lice have been checked by the warmth. The hops are making good growth; spraying is being actively pushed in all good yards. The current weather is beneficial to the growth and development of sugar beets. Vegetables are making a good growth. The potato crop promises to be very large. Corn is silking out and is much benefited by the warm weather.

There are no adverse conditions known or reported. The grain, hay, fruit and vegetable crops are, or promise to be, very large, and many crops now await only to be gathered.

WE'LL ALL GO.

So the Local Merchant Says—Also the Citizens of The Dalles.

The Dalles will be well represented at Portland today, fully 200 of our local people having signified their intention to go on the excursion. This figure does not include the adjacent country, and fully 500 people can be expected to take advantage of the \$2 rate offered.

To Cleanse the System

Effectually yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, or fevers, use Syrup of Figs. Manufactured by the California Fig Syrup Co.

For Rent.

A four-room house, located on Federal street, near Ward & Robertson's stable. Apply to Mrs. C. W. Stone, at the Columbia Candy Factory.

LOST.

Sunday, a pair of eye glasses (pincenez) with white metal rims. Finder please leave at the CHRONICLE office, Umatilla House or the club rooms.

Look Out.

All persons using the city water for irrigating purposes are warned that any infringement of the rules will be strictly enforced. J. B. CROSSEN, Supt.

Give Us a Rest.

Wanted.

A position as engineer. Address, Alonzo Rusk, Milwaukie, Or. 2-3t

Everybody reads THE CHRONICLE.

BIENNIAL REPORT BEING PREPARED

SECRETARY KINCAID BUSILY ENGAGED PREPARING THEM.

It Will Be the Most Complete Report Yet Presented to Any Legislature.

Secretary of State H. R. Kincaid is now preparing matter that will appear in his next biennial report to the legislature. His last report was bound in book form and contained 514 pages. Besides setting out the abstract of warrants and business transactions of the state, it embodied biographical sketches of the state officials to date, and the roster of the nineteenth legislative assembly. Mr. Kincaid's last report was the fullest that has yet been published. The one now under preparation will be more complete.

Besides the abstract of warrants and tabulated statement of state transactions it will contain historical data from the arrival of McLaughlin in the territory in 1823, to date.

It will also contain a list of the members and officers of all the territorial or provisional meetings, and legislatures, beginning with the meeting held February 17, 1841, when Rev. Jason Lee presided; a roster of every state legislature, and a list of all state and territorial officers, including those of the various state institutions.

The length of term, date when inducted into office, and date of expiration of term of each official will be shown. A biographical sketch of each, where obtainable will be supplied.

Preparation of the matter has been going on at intervals for several months, and the work brought up to the year 1860. It is Mr. Kincaid's intention to have the work so in hand that it can be printed and presented to the legislature in the early part of its session.

It has occurred in times past that the secretary's report was not in on time.

The general appropriation bill cannot well be prepared until the secretary's report is to be had, and the records show that resolutions have been adopted calling for it.

The Best Remedy for Flux.

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me." For sale by Blakeley & Houghton.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumptown, Gilmer Co., W. Va. For sale by Blakeley & Houghton.

The Rev. W. B. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and I think it was the means of saving my life. It relieved me at once." For sale by Blakeley & Houghton.

For Sale Immediately.

The furniture of the Central Hotel. Few exceptions will be made.

Cow for Sale.

Milch cow for sale at M. H. Miller's, on 5-mile. July 30-4t

M. Z. DONNELL, DRUGGIST, THE DALLES, OREGON.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

F. J. CENEY & Co., Toledo, O. Sold by Druggists, 75c. 6-10

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at Blakeley & Houghton's drug store. Regular size 50c and \$1.00. Guaranteed or price refunded.
