## Spain is Seeking Better Consideration

Sagasta will Probably Resign and Cause Further Delay.

MADRID, Aug. 5.—The present indications are that Spain has wretched in peace negotiations and is seeking better terms. Sagasta and the other leaders of the government have been conferring on the matter for thirty-six hours. Robledo is the strongest for peace at McKinley's terms. It is rumored that Sagasta may resign soon, and thus cause delay and involve further negotiations.

## TROOPS WILL RE-EMBARK TODAY

Shafter's Men Will be Brought Back From Santiago as Rapidly as Possible.

SANTIAGO DE CUBA, Aug. 5.—General Shafter has received orders to move his entire army north. Six transports here will take the first shipments, and the embarkation will begin tomorrow.

SANTIAGO DE CUBA, Aug. 4—4 p. m.—(Delayed in transmission.)—From the moment Secretary Alger's message was received this morning ordering the instant removal of the army north, everything has been bustle and activity at headquarters. The transports here, six in number, have been ordered to discharge their cargoes and get ready without loss of time, to take on board the first shipments for home.

Shafter's orders for the movement provide the following programme: The embarkation of the Third and Sixth regular cavalry and then the First regu-

Royal makes the food pure, wholesome and delicious.

## WAR BETWEEN RUSSIA AND ENGLAND IS VERY NEAR

The Gravity of the Situation in the Far East Causes Uneasiness on all Sides in Great Britain.

LONDON, Aug. 5.—There is a great uneasiness on all sides in regard to the Chinese situation, which is regarded as bringing an open conflict between Russia and Great Britain within measurable distance, and it is universally felt that the Marquis of Salisbury, in yielding to Russian aggressiveness, is responsible for a dangerous complication which can only be overcome by a prompt and firm intimation that Russia's open opposition to Great Britain's commercial concessions must cease.

In this connection a story is current that the Princess of Wales' hurried de-

parture from England was in response to a dispatch from her sister, the dowager empress of Russia, bearing upon Anglo-Russian relations. It is well known that the dowager empress is strenuously working to conclude a definite understanding regarding Anglo-Russian interests in the Far East, and it is said that great importance attaches to the meeting of the two sisters at Copenhagen.

## SHAFTER'S ARMY TO BE REMOVED

Every Available Transport will be Pressed Into Service to Take the Army From the Reach of the Yellow Fever.

WASHINGTON, Aug. 5.—The most important matter engaging the war department today was the removal of Shafter's troops from Santiago. The morale of the soldiers was destroyed by the presence of disease and their fighting value is lessened. Every available transport will be used to move the army to Montank Point.

The Porto Rico campaign is to be slighted if necessary to save Shafter's army from the yellow jack.

## Princess of Wales Is Not Concerned

She Has Nothing Whatever to do With the Anglo-Russian Row.

LONDON, Aug. 5.—It is denied in court and political circles that the Princess of Wales is in any way concerned in the row between England and Russia over the Chinese question. She entirely lacks the ability to intrigue, and therefore keeps out of politics.

lar cavalry and rough riders. These regiments have been ordered to be ready to go on board ship day after tomorrow. For the present the Ninth and Tenth cavalry will remain in camp. All the tents will be left standing, and worn bedding and extra clothes which may be possibly infected will be destroyed. The first brigade of Lawton's division, under General Chaffee, will go next. All the men that are suffering from yellow fever or infectious diseases will be left here. No tenting or surplus baggage will be taken back to the United States.

to defeat Steve O'Donnell and Bob Armstrong, two well-known third-raters, tonight at the Lenox Club, but was only able to carry out half his contract, as he shattered the bone in one of his hands during the first engagement. It was arranged that he should meet his huskier opponent, Armstrong, first. The latter found early in the fight that he had all he could do to stay on his feet, and was accordingly cautious in the first rounds. Toward the end he tried taking a hand in aggressive work, and delivered a shower of swings and upper cuts about his head that several times dazed him. He showed pluck, however, and despite the hammering that he received, managed to last out ten rounds, although in the last he only saved himself from a knock-out by sprinting. Armstrong was clearly outclassed, and the referee awarded the fight to Jeffries, with the evident approval of the spectators.

At the end of the contest it was announced that Jeffries had broken a bone in his left hand during the first round, and although he was anxious to go on with O'Donnell, spite his injuries, officials would not permit it.

From the showing he made with the colored giant, it was the opinion of the sports that O'Donnell would not have lasted two rounds with the Los Angeles boy.

## The Insurgents are Very Much Excited

They Fear that the United States Will Abandon the Islands.

HONG KONG, Aug. 5.—The insurgents are in consternation that the Americans intended to abandon the Philippines. Aguinaldo has made an abject appeal to Consul Wildman, who reassured him in qualified terms.

## AGUINALDO'S MESSAGE TO WILDMAN

He Says the United States Should Declare Its Intentions Before Asking the Insurgents to State Theirs.

NEW YORK, Aug. 5.—The Journal prints a cablegram from Hong Kong, purporting to give the text of a message sent by Aguinaldo to Consul-General Wildman. The message is dated Cavite, July 30th, and in it Aguinaldo says it has been reported that he "is getting the big head and not behaving as he promised Wildman." In reply, Aguinaldo says:

"I ask why should America expect me to outline my policy, present and future, and fight blindly for her interests when America will not be frank with me? Tell me this: Am I fighting for annexation, protection, or independence? It is for America to say, not for me. I can take Manila as I have done everywhere else, but what would be the use? If America takes Manila I can save my men and arms for what the future has in store for me. Now, good friends, believe me, I am not both a fool and a rogue. The interests of my people are as sacred to me as are the interests of your people to you."

## TO RASIE THE CRISTOBAL COLON

NEW YORK, Aug. 5.—The Merritt-Chapman wrecking tug, Wm. E. Chapman, and the Central Railroad of New Jersey's ocean-going tug Plymouth, which has been chartered, are at the Stapleton dock of the company ready to proceed to Cuba with the pontoons from Boston, which are to be used in an effort to save the Cristobal Colon.

The pontoons arrived in the harbor by way of Hell Gate last night, and the fleet started this morning. As it leaves here it consists of the Chapman, Plymouth, two pontoons and the barge F. E. Sharp. The latter is loaded with diving and wrecking apparatus. Much of the apparatus has never left the Sharp since it was loaded on her last spring prior to the start for Havana.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.
