

ONE HUNDRED OF THE SPANISH KILLED

Spaniards Attempt to Retake One of the Most Important Lighthouses in Porto Rico.

NEW YORK, Aug. 11.—A special to a morning paper says.

Cape San Juan, Porto Rico, Aug. 10.—There was a two hours fight before daybreak yesterday. Eight hundred Spaniards attempted to retake the lighthouse, which was guarded by forty of our sailors, commanded by Lieutenant Atwater, Assistant Engineer Jenkins, Engineer Brownson and Gunner Campbell. The Spanish were driven back by the shells from the Amphithrite, Cincinnati and Leyden.

Refugees report 100 Spaniards killed. The lighthouse is one of the most important on the island.

TROUBLE AHEAD IN ALASKA

Food Riots Liable to Take Place on Account of Failure to Get Supplies—Military Government to be Established.

SAN FRANCISCO, Aug. 11.—A special to the Call says:

Serious trouble in the interior of Alaska is apprehended by the United States government.

Food riots are feared at Fort Yukon and other up-river points, growing out of the failure of the transportation companies to get supplies in there, by reason of the prevailing low water.

Acting on instructions received from Washington, Major-General Merriam will quickly dispatch a battery of artillery to St. Michaels, the officer in charge having orders to proceed at once up the Yukon river to Fort Yukon and open a military post for the coming winter. The expedition will also carry a large quantity of extra provisions and supplies to relieve distress.

When St. Michaels is reached the commanding officer will promptly levy on any river boats he may find, seizing them if necessary, and will transport his troops and supplies to their destination with all possible dispatch. A form of military government will be established and good order maintained in Alaska, even if it requires the services of the soldiers and artillery.

SPECIAL MARKET LETTER.

Something of Interest to Stockmen and Others.

We publish the following market letter, which has been received by Mr. Mac Allister, in the hope that those of our readers who are interested in its contents may be benefited thereby:

Since the date of our last letter there have been general rains over the corn country and the condition of the crop materially improved. It is now generally believed that a fairly good crop of corn will be made, and in consequence during the past week prices of stockers and feeders have advanced considerably and trade has been active.

Receipts of Western grass beef cattle and also of corn-fed beef cattle have been moderate at this market during the past week, but the receipts at other markets have been liberal and prices have declined 10c to 16c, except upon the very best corn-feds. In consequence of the improved condition of the corn crop, stockers and feeders have improved in price. We quote Western grass beef steers at \$3.75 to \$4.50; cows and heifers, \$3 to \$4; Western stockers and feeders, yearling steers, \$4.20 to \$4.80; two-year-olds, \$3.90 to \$4.50; three and four year-olds, \$3.65 to \$4.50.

Receipts of Western sheep still continue to be moderate, and trade has been active although prices at this and all other markets have declined during the week, and we now quote Western weathers at \$3.60 to \$4.10; ewes, \$3.50 to \$3.75; yearlings, \$3.85 to \$4.50; lambs, \$4.25 to \$5.25.

Sheep owners will be glad to learn that good facilities for resting and filling their sheep before putting them on the South Omaha market, can be found at Fremont, on the Union Pacific, and at Lincoln, on the B. & M. These places have good yards and good pastures and charges are reasonable—hay at 60c per cwt, and pasturage at 1 1/2c per head for 24 hours. Lincoln has good water facilities, and the Fremont pastures reach the Platte river, giving them the best possible facilities. Owners will find it of great advantage, especially when making large shipments, to unload and feed at these points and ship to the South Omaha market in lots of two to five cars each day.

Our baby has been continually troubled with colic and cholera infantum since his birth, and all that we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We want to give you this testimonial as an evidence of our gratitude not that you need it to advertise your meritorious remedy.—G. M. Law, Keokuk, Iowa. For sale by Blakeley & Houghton.

One Minute Cough Cure.
That is what it was made for.

HOT IN HARVEST FIELDS.

Men Compelled to Quit Work By the Excessive Heat.

According to W. H. Leo, who has just returned from the grain section of Eastern Oregon, the farmers will yet have to pay a high price for the threshing of their wheat. The excessive heat, Mr. Leo says, is driving the men out of the fields by the dozens, and even now the farmers are looking for new hands.

"When I went to Olex," said Mr. Leo, "the farmers had all the men they wanted. The pay was good and all were satisfied. The first hot day several were taken sick, and others had to leave their work on account of the heat. After three or four days the thermometer ran up to 116 in the shade at Olex, and none of us could stand the burning sun. Eight men had to quit. Four were prostrated and had to be taken to Arlington for treatment. I myself was overcome, after an experience which I never shall forget. When I first noticed the heat it did not seem to be intense. Gradually, though, it became hotter until I thought my brain was on fire. Then I seemed to become cooler, and I remembered no more until I found myself on the bank of the creek with several of my fellow-laborers bathing my head. They told me I had fainted in the field.

"During the night at Olex the heat was something terrific. The mercury generally stood about 78", and it was impossible for anyone to sleep. The smell of food was simply nauseating, after the long hot night, and the plates would be left untouched. In the morning it was simply impossible for any one to eat breakfast.

"I came away Saturday night, and eight others left at the same time. When we were in Arlington we heard that numbers of men had left other places, and that the farmers, in order to obtain help, were offering an advance of 50c a day. The weather up there will moderate soon, and they will not have any trouble in getting plenty of help at the increased pay."—Oregonian.

Made Captives of 150 Men.

WASHINGTON, Aug. 12.—Yesterday the following telegram was given out:

"Ponce, Aug. 9.—General Ernst's brigade captured Coamo this morning, with its entire garrison of 150 men. The Spanish commander, Illoca, and Captain Lopez were killed. Our loss was six wounded, only one severely.

The Best Remedy for Flux.

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me." For sale by Blakeley & Houghton.

One Minute Cough Cure surprises people by its quick cures and children may take it in large quantities without the least danger. It has won for itself the best reputation of any preparation used today for colds, croup, a tickling in the throat or obstinate coughs. Snipes-Kinersly Drug Co.

The Rev. W. B. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and I think it was the means of saving my life. It relieved me at once." For sale by Blakeley & Houghton.

You invite disappointment when you experiment. DeWitt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache just as sure as you take them. Snipes-Kinersly Drug Co.

CAMBON WILL SIGN PROTOCOL

Ministers are Acquainted With the Reply and Ready to Accede—Hostilities Will Be Suspended After Cambon Has Signed.

LONDON, Aug. 11.—Advices received throughout the day from Madrid show that the correspondents are certain that Cambon will receive authority this afternoon to sign the protocol.

MADRID, Aug. 11.—The queen regent presided at a cabinet meeting this morning. Sagasta and other members, on emerging from the palace, explained that while they had not received the full text of McKinley's reply, they had received an announcement from the French foreign office which covered the case.

The president's answer, however, was then being transmitted to the Spanish government at the same time. It is known that the ministers are perfectly acquainted with the principal points of the United States' reply, and are ready to accede to them.

It is believed in official circles that a suspension of hostilities will be announced by both governments immediately after Cambon has signed the protocol.

MAY RESULT IN COMPLICATIONS

General Gomez Still Pushing Forward Without Assistance—Already at Holguin.

WASHINGTON, Aug. 11.—The Cubans under General Gomez have determined to forestall the American commander in the operations in the vicinity of Holguin, as they have occupied the small towns near that point and are still pressing forward.

These movements have given some concern to our military commanders, and if successful, might result in bringing our government to a pass where it must find itself compelled to recognize the government set up by Gomez in his march, or come to an open issue with the insurgents and forbid them from conducting further operations, except where sanctioned by the managers of our own campaign.

Revolution Suppressed.

WASHINGTON, Aug. 12.—Peace now prevails in Guatemala. A cablegram to Senor Arraiza at Long Branch, informed him that the revolution had been quickly suppressed.

TROOPS STILL IN SAN FRANCISCO

About 9300 Waiting to Be Transported to Manila—All Will Be Embarked By October 10th.

SAN FRANCISCO, Aug. 11.—About 9300 of the troops which are to go to the Philippines are still here. The Arizona and Scandia will take away 3300, leaving 6000 to be forwarded. This includes the Eighth California, which was turned over to Major-General Otis.

The First Washington has not been attached to the Eighth army corps, and will therefore not go to Manila, unless later orders are issued assigning it to duty in the Philippines.

It is expected that the Australia and Sydney will reach this city from Manila about August 15th. They will be immediately fitted out for a return trip to the Philippines with troops, and will be followed by the City of Peking, which is due here about the 24th. These vessels will probably carry the Fifty-first Iowa, the Twentieth Kansas, and the First Tennessee. General Merriam desires to have all the troops embarked for Manila not later than October 10th.

TERRIBLE TRAGEDY AT DEADWOOD

Three Men Lying Dead and a Woman Dying—A Jealous Husband's Awful Deed.

OMAHA, Neb., Aug. 11.—A Deadwood, S. D., special to the Bee says:

Three dead and a woman dying is the result of a shooting affray at Central City this morning. Judge J. P. Giddings, Ed Shannon and Jack Wear are the men, and Mrs. Ed Shannon is the woman. Shannon had a boarding-house at Terry and one at Central City. He stayed nights at Terry, leaving his wife to look after the other place. This morning Shannon returned to Central City and roused Giddings. Just what happened is not known, but the two men suddenly rushed into the street and engaged in a struggle. Shannon had a revolver. Jack Wear tried to separate them and was shot through the body, dying instantly. Shannon then shot Giddings through the head, killing him. Next he went to his wife's bedroom, beat her about the head with his revolver until he thought he had killed her, and then with a fresh revolver shot himself. The woman is alive, but cannot recover. All the parties are well-to-do. Giddings has held many political offices. Intimacy between Giddings and Mrs. Shannon is given as the cause of the tragedy.
