## SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

**THE EXCELLENCE OF SYRUP OF FIGS** is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

**CALIFORNIA FIG SYRUP CO.**

### NUMBER OF FISHERMEN CAUGHT

Those Who Persist in Catching Fish Out of Season on the Lower River are Being Prosecuted to the Full Extent of the Law.

Fish Commissioner McGuire is taking every precaution in arresting fishermen violating the closed season. Three gillnetters, Martin Forney, Peter Durich, and Chris Erickson, arrested the previous night, were tried in the justice court at Astoria Saturday, and fined \$50 each.

A number of the gillnetters were on the river Friday night and they took desperate chances to avoid arrest. On the approach of the launch on which the commissioners and deputies are they let go their nets and pulled for the nearest beach.

J. C. Kennedy, M. T. Donough, and F. Kennedy were found fishing with nets on Miller sands and were brought to Portland early Tuesday morning. The crew, numbering about twenty, were not arrested, but were severely lectured by the commissioner. They were found to have taken about ten tons of fish during the night. They were given a hearing in the afternoon and

fined \$50 and costs each. This was the second offense, Tom Crain, of the Miller Sands Seining Company, who operates the ground, having been arrested the previous day and fined \$50.

Samuel Elmore was arrested Monday on a warrant sworn out by Commissioner McGuire for receiving and packing fish. In the justice court Mr. Elmore stated State Fish Commissioner Little, of Washington, requested him to use his traps on Baker's Bay, after the season closed, to catch fish for propagation purposes, and as the expense of running the traps was \$50 per day he was permitted to use the surplus of fish not used in the hatchery to compensate him for his expenses. As the violation of the law was through a misunderstanding between the two fish commissioners in having the traps operated for this purpose, the case was dismissed.

Mr. McGuire states there is not a canner on the river running, notwithstanding the rumors circulated at the close of the season. He had been told one or two canneries had been running on Friday, but upon investigation found the reports to be untrue.

There was much idle talk before the tenth that the season would be extended to the fifteenth. Rumors to this effect were freely circulated without having a shadow of foundation, and were published in Portland papers. To this Mr. McGuire attributes the numerous violations of the close season, although both he and Commissioner Little had frequently stated that they had no authority to extend the season.

### POINTS OF SUPERIORITY

The Vive Has all the Advantages of Every Other Camera and in Many Ways Superior to Any.

No other camera so simple and sure, or so quickly operated.

No other camera of the price takes such large pictures, or carries so many exposures at one loading as the \$5.00 Vive.

No other camera will allow of either using or not using holders at the will of the operator.

No other so inexpensively or readily enables one to use either glass plates or cut films, and in such numbers.

No other will hold glass plates and cut films so that both can be used at the same time.

No other camera includes, free, a full complement of universal metal combination holders.

No other camera has such simple, light and universal holders, or those which also hold any size of glass plates or cut films under the full size advertised for the respective sizes and styles of Vive cameras.

No other camera is so small and compact for the size of pictures taken.

No other is so easy to understand and operate.

The magazine of the Vive camera holds so many S. R. V. backed glass plates or cut films that daylight loading is unnecessary; quickly enabling the operator to carry in the camera and make from one to over one hundred exposures at one loading.

Avoid buying a camera where the required additional glass plate holders alone, almost double the advertised price, and then not be able to carry them in the camera.

We guarantee every Vive camera to do and be all that we claim in our catalogue, and to take pictures fully equal to illustrations shown therein. We also emphatically guarantee every sample picture we advertise, to be taken with the Vive, as stated.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumptown, Gilmer Co., W. Va.
