SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination...

CALIFORNIA FIG SYRUP CO. SAN FRANCISCO, CAL. LOUISVILLE, KY. NEW YORK, N. Y.

POINTS OF SUPERIORITY

The Vive Has all the Advantages of Every Other Camera and in Many Ways Superior to Any.

No other camera so simple and sure, or so quickly operated.

No other camera of the price takes such large pictures, or carries so many exposures at one loading as the \$5.00 Vive.

No other camera will allow of either using or not using holders at the will of the operator.

No other so inexpensively or readily enables one to use either glass plates or cut films, and in such numbers.

No other will hold glass plates and cut films so that both can be used at the same time.

No other camera includes, free, a full complement of universal metal combination holders.

No other camera has such simple, light and universal holders, or those which also hold any size of glass plates or cut films under the full size advertised for the respective sizes and styles of Vive cameras.

No other camera is so small and compact for the size of pictures taken.

No other is so easy to understand and operate.

The magazine of the Vive camera holds so many 8. R. V. backed glass plates or cut films that daylight loading is unnecessary; quickly enabling the operator to carry in the camera and make from one to over one hundred exposures at one loading.

Avoid buying a camera where the required additional glass plate holders alone, almost double the advertised price, and then not be able to carry them in the camera.

We guarantee every Vive camera to do and be all that we claim in our catalogue, and to take pictures fully equal to illustrations shown therein.
