## ADMIRAL DEWEY IS THE CHOICE OF INSURGENTS

They Have Great Confidence  
in the Admiral.

## THE GENERALS ARE FEARED

Unwillingness to Disarm Caused by  
Fear of the Withdrawal of American  
Protection.

LONDON, Aug. 23.—The Associated Press learns that the Philippine junta in London received a dispatch from Manila yesterday announcing that matters there are rapidly quieting down, and that the friction between Aguinaldo and the Americans is disappearing.

According to the junta's advices, the insurgents for a time regarded General Merritt and General Anderson as Martinefs, and feared they would adopt harsh methods, like the Spaniards, toward the Filipinos; but the insurgents from the first have had the greatest confidence in Admiral Dewey, whom they regard as a sort of father and the most important American at Manila. The junta is satisfied that all friction will soon disappear and there will be no trouble from the insurgents if the Americans decide to retain the Philippines.

## CAPTAIN CLARK IS MENDING

Few Days of Rest Works Wonders for  
Captain Clark of the Battle-Ship  
Oregon.

BENTON HARBOR, Mich., Aug. 23.—Captain Lloyd Clark, keeper of the United States lighthouse supply station at St. Joseph, has received a telegram from his brother, Captain Clark, of the battleship-ship Oregon, now at Montauk Point, L. I., in which he stated that he was convalescent and that his physician says his condition is much improved by the few day's rest he had since leaving his ship. Captain Clark says the quarantine will be raised today and he will then proceed to the Brooklyn hospital, where he will pass a medical examination.

In view of the fact that he will probably be detained several days at the Brooklyn hospital, Captain Clark has asked his family to proceed to New York and meet him there. After a possible short stop at Washington, the party will then come direct to St. Joseph where the captain will spend several days visiting his brother and other relatives and friends.

Lloyd Clark does not regard his brother's condition as serious, and thinks by the time his six months' furlough has expired he will have regained his usual state of health.

## A DISASTER IN A TUNNEL

Cave-in Catches a Party of Laborers,  
Eight of Whom are Killed, While  
Two are Fatally and Three Ser-  
iously Injured.

PITTSBURG, Aug. 23.—Eight men were killed, possibly 10, and five injured, two fatally, at the Carnegie tunnel on Chartier's division of the Panhandle railroad last night. The accident was due to the wall of the tunnel caving in.

The dead are: John Jones, foreman; Felix Mills, a laborer, and six unknown foreigners.

Sixty-eight men were engaged in tearing out the tunnel just west of Carnegie. Last night the men had fixed a rope to pull down the west wall, and were preparing to drill holes for blasting. Suddenly the wall fell over on them, and every man standing at that end of the big excavation was buried alive. The other workmen at once began the work of rescue.

Most of the men employed on the work are Italians. They go by numbers instead of names, and nothing is known of their relations. Their fellow-workmen were too busy this morning seeking for more dead to identify any of the bodies.

## THEIR HEADS WERE CRUSHED

Soldiers Returning to Their Homes Are  
Instantly Killed.

PHILADELPHIA, Aug. 23.—Two private soldiers of battery K, Seventh United States artillery, were instantly killed today, and two others seriously injured, by having their heads crushed against the iron girders of the railroad bridge at the Ridge-avenue crossing of the Pennsylvania railroad in this city. The dead are:

Victor Tensey, aged 21, St. Louis.  
William Chichester, aged 21 years, Jersey City.

The injured are:

Henry Pulaski and Peter Burns.

The company to which the men belonged was in a special train which had taken them aboard at Tampa. At the Ridge-avenue station a large crowd waved hats and handkerchiefs as the train came along. The soldiers leaned from out the car windows and steps and returned the welcome. Tensey stood far out on a lower step and failed to notice the iron girder supporting the bridge. His face was completely crushed in. The other men had been leaning from the windows.

## JAMAICA WANTS INTO THE FOLD

England Will Be Asked to Sanction the  
Annexation of that Island to Amer-  
ica Soon.

KINGSTON, Jamaica, Aug. 23.—Coincident with the West Indian sugar conference to assemble at Barbadoes, September 3d, for the purpose of protesting against the sacrifice of the colonies, Jamaica is preparing a plebiscite to the British parliament, requesting permission to endeavor to arrange for annexation to the United States.

The promoters of the movement are endeavoring to secure inter-colonial co-operation, but they are not depending upon it.

HANANA, Aug. 23.—The Spanish cruiser Infanta Isabel left Havana on the 13th inst., and arrived in the vicinity of Gibara on the 18th. Before entering the port she hoisted a flag of truce. The United States gunboat Nashville, which was in port, inquired if she carried documents for the American ship. The Isabel answered in the negative, and signaled that the peace protocol had been signed. The news was received on board the Nashville enthusiastically, the crew cheering and shouting. When the Isabel entered the port an American officer boarded her and informed her that the town was in the hands of General Calixto Garcia.

It is reported that General Garcia, after entering Gibara, assaulted the custom-house administrator, slapping his face and afterward ordering a negro to beat him with a machete. It is also said that Garcia demanded money from the Gibara merchants. The merchants refused to comply with his demand, whereupon he ordered that they should pay double the amount he had at first exacted.

Garcia also ordered the arrest of 1400 Spanish residents, who were liberated after the arrival of the Isabel. It is reported that Garcia resigned on the 19th, and that his command was taken over by the leader, Luis Feria. Nothing is known, however, in official circles regarding the matter.
