

# SYRUP OF FIGS

**NEVER IMITATED IN QUALITY.**

**THE EXCELLENCE OF SYRUP OF FIGS** is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

**WEATHER AND CROPS.**  
The Cool Change Very Profitable to the Crops in Eastern Oregon—Continued Cool Weather.

Much cooler weather has prevailed during the past week. The mean temperature for the week averaged 60°, which is 14° lower than for the preceding week and 13° degrees lower than for the corresponding week of last year. In the Columbia river valley the maximum temperature averaged 85°, the highest being 92° and the lowest 82°. Over the Plateau region the maximum temperature averaged 80°, the highest being 85° and the lowest 70°. The maximum temperature ranged from 48° to 66°. Occasional sprinkles of rain fell, amounting to a trace to .14 of an inch.

The change in the temperature was most beneficial to both animal and vegetable life. Harvesting and threshing, which were slightly suspended during the heated period, have been resumed with increased activity, and today finds the work further advanced than is usual at this season of the year. Harvesting operations will continue for the next six weeks, though by the middle of September the bulk of the grain will be secured.

The reports continue to be good concerning the quantity and quality of the grain. The grain has commenced to move to tidewater. Owing to the rains of the fore part of September, 1907, suitable provisions have been made at any of the shipping points and on ranches for the protection of the sacked grain. The warm weather ripened all the spring-sown grain—in places too rapidly—and the result is, it is somewhat shriveled. The grain crop, as a whole, is thoroughly satisfactory.

The second cutting of alfalfa is about finished, and the reports from the stock country indicate a full supply of hay for winter use. The fruit crop is in excellent condition. Heavy shipments of peaches continue; the weather has been very favorable for the proper maturing of peaches. Prunes are coloring. Bartlett pears continue to be shipped. The crop of watermelons is very large.

The week closed with no adverse conditions to report, but, on the other hand everything points to the successful conclusion of a large crop year.

**POINTS OF SUPERIORITY**  
The VIVE Has all the Advantages of Every Other Camera and in Many Ways Superior to Any.

No other camera so simple and sure, or so quickly operated.  
No other camera of the price takes such large pictures, or carries so many exposures at one loading as the \$5.00 VIVE.

No other camera will allow of either using or not using holders at the will of the operator.  
No other so inexpensively or readily enables one to use either glass plates or cut films, and in such numbers.

No other will hold glass plates and cut films so that both can be used at the same time.

No other camera includes, free, a full complement of universal metal combination holders.

No other camera has such simple,

light and universal holders, or those which also hold any size of glass plates or cut films under the full size advertised for the respective sizes and styles of VIVE cameras.

No other camera is so small and compact for the size of pictures taken.

No other is so easy to understand and operate.

The magazine of the VIVE camera holds so many S. R. V. backed glass plates or cut films that daylight loading is unnecessary; quickly enabling the operator to carry in the camera and make from one to over one hundred exposures at one loading.

Avoid buying a camera where the required additional glass plate holders alone, almost double the advertised price, and then not be able to carry them in the camera.

We guarantee every VIVE camera to do and be all that we claim in our catalogue, and to take pictures fully equal to illustrations shown therein. We also emphatically guarantee every sample picture we advertise, to be taken with the VIVE, as stated.

**Administrator's Final Notice.**

Notice is hereby given that the undersigned, administrator of the estate of Henry A. Baker, deceased, has filed his final account in the county court of the State of Oregon for Wasco county, and the court has fixed and appointed Monday, the 6th day of September, 1908, at 10 o'clock a. m., at the county court room in the court house in Dalles City, Oregon, as the time and place for the hearing and settlement thereof. Any heir, creditor or other person interested in the estate is hereby required to appear on or before said day and file his objections thereto or to any particular item thereof.

**Notice of Final Settlement**

Notice is hereby given that the undersigned has filed his final account as Executor of the last will and testament of James McGahan, deceased, with the Clerk of the County Court, of the State of Oregon, for Wasco County, and by an order of said Court duly made and entered, Monday, the 6th day of September, 1908, is fixed as the time and the County Court room of said Court as the place for the hearing of said final account.

**DEPARTMENT OF THE INTERIOR, United States Land Office, The Dalles, Oregon, August 19, 1898.**

Notice is hereby given that the following described tracts or parcels of land, for the use of a boat-railway between The Dalles and Celilo, on the south side of the Columbia river, has been reserved. Said tracts described as follows: One tract situated in the NW 1/4 of Sec. 31, T. 2 N., R. 14 E., containing about four and one-half acres (no other description). The other tract in the NW 1/4, Sec. 21, T. 2 N., R. 15 E., containing about one-half of an acre, particularly described as follows: Beginning at the northwest corner of said section 21, and running thence in a southerly direction along the west boundary line of said section 21, one hundred and seventy (170) feet to a point on said boundary line; thence in a straight line to a point on the north boundary line of said section 21, distant two hundred and sixty (260) feet in an easterly direction from the point of beginning; and thence in a westerly direction along the north boundary line of said section 21 to the point of beginning. Said tracts are therefore restored to the public domain, and are subject to disposal the same as other public lands. By order of the Hon. Commissioner. Dated at The Dalles, Oregon, August 19, 1898. JAY P. LUCAS, Reg. - ter. OTIS PATTERSON, Receiver.

**DEPARTMENT OF THE INTERIOR, General Land Office, Washington, D. C., May 27, 1898.** Notice is hereby giving the Executive Order, restoring certain lands in the Cascade Range Forest Reserve to settlement and entry. "EXECUTIVE ORDER, Washington, D. C., April 29, 1898. In accordance with the provisions of the Act of June 4, 1897 (30 Stat., 36), upon the recommendation of the Secretary of the Interior, the west half of Township one South, of Range ten East, Willamette Meridian, Oregon, within the limits of the Cascade Range Forest Reserve, is hereby ordered restored to the public domain, after sixty days notice hereof, by publication, as required by law, it appearing that said tract is better adapted to agricultural than forest purposes. WILLIAM MCKINLEY. The above land will be subject to entry at the United States Land Office, The Dalles, Oregon, on and after October 17, 1898. Binger Hermann, Commissioner.

## What is Scott's Emulsion?

It is a strengthening food and tonic, remarkable in its flesh-forming properties. It contains Cod-Liver Oil emulsified or partially digested, combined with the well-known and highly prized Hypophosphites of Lime and Soda, so that their potency is materially increased.

### What Will it Do?

It will arrest loss of flesh and restore to a normal condition the infant, the child and the adult. It will enrich the blood of the anemic; will stop the cough, heal the irritation of the throat and lungs, and cure incipient consumption. We make this statement because the experience of twenty-five years has proven it in tens of thousands of cases. Be sure you get SCOTT'S Emulsion, 50c. and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York.

### Robbed the Grave.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject is narrated by him as follows: I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim. No one should fail to try them.

**To Cleanse the System**  
Effectually yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, or fevers, use Syrup of Figs. Manufactured by the California Fig Syrup Co.
