## DEADLIER THAN SHOT AND SHELL

Sickness Still Continues to Work Havoc  
Among the Brave Defenders of  
Our Country's Flag.

## NEW VICTIMS EACH DAY

Conditions in Porto Rico Be-  
coming Serious.

Medical Authorities Agree That Unless  
Barracks are Promptly Provided  
for the Troops and the Sick Sent  
Home the Consequences May Be  
Terrible.

PHILADELPHIA, Aug. 30.—The yacht  
May, which took to Porto Rico supplies  
for the army, sent by the national relief  
committee, has arrived here, bringing  
a report to representatives of the com-  
mittee. This document reads in part as  
follows:

There are about sixteen thousand  
American soldiers in Porto Rico, and on  
the day of our departure, August 22d,  
there were over one thousand men on  
the sick list. There were a large num-  
ber of typhoid cases, but on the 22d this  
disease was not on the increase, a fact  
which indicates that the malady had  
been carried from camps at home and is  
not indigenous to Porto Rico. How-  
ever, there is a large increase in dysen-  
tery, backbone fever and malarial dis-  
eases, due to the rainy season just com-  
menced.

Medical authorities of the army in  
Porto Rico agree that the sick list is  
increasing, and an alarming condition may  
be expected unless the war department  
promptly arranges barracks for the ar-  
my and immediately provided trans-  
ports to relieve such sick men as can  
safely be transferred home.

It is impossible for a man from a  
northern climate to recuperate in a tropi-  
cal country during its most unhealthy  
season.

## PEDAGOGUE OF THE FUTURE

New Era For the Schoolmaster as Well  
as the Statesman—Portion of an  
Interesting Paper.

SARATOGA, N. Y., Aug. 30.—Before the  
American Social Science Association,  
which has a membership of four hun-  
dred, and which is holding its annual  
session here, an interesting paper was  
read by William T. Harris, of Washing-  
ton. He discussed the "Significance of  
the Recent Advance in College and Uni-  
versity Education in the United States"  
and said, in part:

"It has been a question of time only,  
during the past twenty years, when we,  
as a nation, should take our part in the  
management of the affairs of the world;  
when we should be counted with the  
others as the sixth great power in the  
government of Asia, Africa and the isles  
of the sea.

"This very summer we have entered  
upon a new epoch as an active agent in  
the collected whole of the great powers.  
This new era is one of great portent to  
the statesmen of America. All legisla-  
tion hereafter must be scrutinized, in  
view of its influence upon our foreign re-  
lations. We cannot any longer have  
that snug sense of security and isolation  
which has permitted us to legislate with-  
out considering the effect of our action  
on foreign nations.

"Hereafter, our foremost national

study must be made of the characters,  
inclinations and interests of foreign  
powers. It is obvious that this study  
requires a greater breadth of education,  
more careful study in history and in the  
manners and customs of European na-  
tions: their methods of organizing ar-  
mies and navies.

"We must even master foreign litera-  
tures and see what are the fundamental  
aspirations of those who read them. All  
this study concerns the system of edu-  
cation in this country. It indicates the  
function of the schoolmaster in the com-  
ing time.

## JEWISH RABBI KICKED TO DEATH

The Murderer Is a 17-Year-Old Chicago  
Youth—Aided by Several Other  
Boys.

CHICAGO, Aug. 30.—Seeking to save a  
child from the attack of a 17-year-old  
boy, Louis Rosenbloom, a Jewish rabbi  
and a teacher of Hebrew, was himself as-  
saulted and kicked to death.

John Schlechts, a boy charged with the  
murder, lives with his mother at 230  
Dekovan street. In the same house  
lives Louis Rosenbloom, who had been  
intrusted with education of one of  
the children of the family. Young  
Schlechts had locked three-year-old  
Julius Levi in a shed, and when the  
child's mother objected he struck her in  
the face. Hyman Levi, 11 years old, the  
boy who Rosenbloom is teaching, inter-  
fered in his mother's behalf, and he was  
kicked into the street.

At this time the teacher arrived and  
ordered Schlechts to leave the boy alone.  
Schlechts turned to Rosenbloom and  
struck him in the mouth, then followed  
the blow up with a fierce attack with  
his heels. Rosenbloom rolled into the  
street and tried to regain his feet, but  
before he could rise Schlechts was upon  
him and renewed the assault.

Half a dozen young men who had been  
loitering in the vicinity took a hand in  
the attack and did not rest until the  
clang of a patrol wagon bell warned  
them of the approach of the police. By  
the time the officers arrived they had  
all fled and only Rosenbloom was in the  
street. He was picked up and died be-  
fore the wagon could be started for the  
hospital.

## MERRIT IS NOW EN ROUTE

Accompanied by His Staff He Sailed  
From Manila on the Transport  
China Today.

MANILA, Aug. 30.—The transport Chi-  
na left today, having on board Merritt  
and staff. The general is bound for  
Paris. He will take part in the Span-  
ish-American peace conference. Major-  
General Otis is acting governor of  
Manila. Generals Green and Babcock,  
with their staffs, are now on their way  
to Washington.

Opabile, an insurgent leader, is go-  
ing to Hong Kong to consult with the  
insurgent junta. Agonillo, another of  
the insurgent leaders, is going to Wash-  
ington.

Dewey has declined to permit coast-  
wise steamers to resume running, pend-  
ing the final settlement of the Philip-  
pine question.

Rios, Spanish governor of the Vassay-  
as islands, is reported to have proclaimed  
himself governor-general of the Spanish  
dominion in the Philippines, and to  
invited the adherents of Spain to rally at  
Iloilo.

## PARTITION OF THE ISLAND OF SAMOA

Likely Soon to Follow the  
Death of Malietoa.

## STATE DEPARTMENTS PLAN

We Will Take the Island of Tutulia,  
Germany Upolu, and Great Brit-  
ain Savaii.

WASHINGTON, Aug. 30.—The state de-  
partment has not yet been officially ad-  
vised of the reported death of King Mal-  
ietoa, of Samoa, and in all likelihood  
must remain in official ignorance of the  
event for some time to come, owing to  
the slow means of communication at the  
disposal of the department.

It is the general impression here that  
the death of the king will result in the  
overthrow of the present form of govern-  
ment of the islands, maintained as it is  
by the joint action of the United States,  
Great Britain and Germany.

For years the existing arrangements  
for the government of the Samoan group  
has been satisfactory to none of the three  
governments, yet it has been continued  
for the reason that nothing better could  
be suggested that would be acceptable  
to the nations.

There is now indications that at least  
one of the parties is coming around to  
what was a favorite plan of settlement  
of the state department, namely, a dis-  
ruption of the present tripartite govern-  
ment and an absolute division of the is-  
lands of the group between the U. S.,  
Great Britain and Germany. The principal  
object of our government has been to  
retain possession of a coaling or tulle  
naval station in the islands, so as to af-  
ford a base for naval operations in the  
vicinity of Australasia, as well as to in-  
sure an open port for our steamers on  
the long voyage from San Francisco to  
Australia. The United States now holds  
title to some ground for a coaling sta-  
tion at Pango-Pango on the island of  
Tutulia. This island is the least in size  
of any of the group, but it is large enough  
to support a naval station, so that it has  
been the plan of the state department to  
acquire it as a whole in the event of the  
dissolution of the tripartite agreement.  
Basing the division on the existing in-  
terests of the three nations, Germany,  
holding the largest interest, would take  
Upolu, the island second in size, possess-  
ing the capital, Apia, while Great Brit-  
ain would secure the largest of the  
group, but the second in commercial  
importance, Savaii.

## A CLASH NOW THREATENING

Relations Between the Americans and  
Filipinos are Bad Since Last  
Week's Trouble.

LONDON, Aug. 30.—The Hong Kong  
correspondent of the London Daily Mail  
says:

The relations between the Americans  
and the Filipinos are much strained in  
consequence of the collision at Cavite  
last Wednesday. The insurgent general  
at Cavite has been ordered to evacuate  
the place and take his troops two miles  
into the country, in order to prevent  
further disturbances.

General Aguinaldo said his chief pur-  
pose in maintaining his army near the  
city was to be prepared to cope with the  
Spaniards in case the United States  
left Manila to Spanish rule.

"I have used Chamberlain's Cough  
Remedy in my family for years and al-  
ways with good results," says W. B.  
Cooper, of El Rio, Cal. "For small  
children we find it especially effective."

## Notice to Delinquent Taxpayers.

The delinquent taxes of Wasco county,  
as shown on the rolls now in the hands  
of the sheriff are \$60,000, an amount al-  
most equal to the indebtedness of the  
county. Every citizen will doubtless  
admit that this state of affairs should  
not exist, and that all taxes should be  
collected. On account of hard times  
in the past the county court has shown  
leniency to taxpayers, but that leniency  
has reached the limit, and the court  
cannot wait longer on delinquents to  
make settlements. For this reason a  
warrant has been attached to each delin-  
quent roll commanding the sheriff to  
collect all taxes by seizure and sale of  
property. With a bountiful crop now  
in sight, there can no longer be any re-  
asonable excuse for the non-payment of  
taxes. The sheriff is bound by oath to  
comply with the terms of the warrants  
attached to the tax rolls for the collec-  
tion thereof, and has no option in the  
matter. Delinquent taxpayers can save  
the cost of seizure and sale of property  
by settling their taxes at once.

ROBERT KELLY,  
Sheriff and Tax Collector for Wasco  
County.  
Dated, August 4, 1898.

## Deafness Cannot be Cured

by local applications, as they cannot  
reach the diseased portion of the ear.  
There is only one way to cure deafness,  
and that is by constitutional remedies.  
Deafness is caused by an inflamed con-  
dition of the mucous lining of the Eus-  
tachian Tube. When this tube is in-  
flamed you have a rumbling sound or  
imperfect hearing, and when it is en-  
tirely closed, Deafness is the result, and  
unless the inflammation can be taken  
out and this tube restored to its normal  
condition, hearing will be destroyed for-  
ever; nine cases out of ten are caused  
by catarrh, which is nothing but an in-  
flamed condition of the mucous sur-  
faces.

We will give One Hundred Dollars for  
any case of Deafness (caused by catarrh)  
that cannot be cured by Hall's Catarrh  
Cure. Send for circulars; free.
