GARCIA NOW WITHOUT A COMMAND

Shafter Incident leads to His Removal at the Hands of Cuban Commander-in-Chief, General Gomez.

HIS SUCCESSOR WAS NAMED

Rodriguez to Command in Santiago.

Garcia's Sending of His Famous Letter to Shafter a Grave Breach of Discipline—Cuban Leaders to Hold a Conference.

NEW YORK, Aug. 31.—A Santiago special says:

General Garcia has been relieved of his command by General Gomez, acting under instructions from the provincial government. This is owing to disapproval of his action during the Shafter incident, and in view of the fact that Garcia is persona non grata to the American government, and that at the commencement of the war the Cuban officers were ordered to put themselves under orders of the American commanders, and therefore the letter from Garcia to Shafter is considered a breach of discipline.

Garcia's resignation is not accepted, but he is relieved of his command. General Rodriguez, commanding the east under General Gomez, will be his successor.

A courier to General Lawton this morning confirms the news that General Lacrete will arrive this afternoon from Santa Cruz with dispatches from General Gomez to General Lawton. The substance is unknown.

Colonel Ray, of the Third regiment of immunes, reports from Guantanamo that the Cubans there, consisting of two battalions, intimated their intention of entering the town and displaying the Cuban flag. Colonel Ray said that Guantanamo is United States territory and that he would look upon this action as hostile and call out his men. Then the Cubans said that the reason of their proposed entrance was the report that the Spanish prisoners in the town would rise and sacrifice the American garrison, and they finally concluded by asking for 4000 rations.

A courier has arrived from General Castillo with the report that the governor of Porto Principe has offered to march out, giving up the town to the Cubans, if supplied with one thousand head of cattle, four hundred carts and eight hundred oxen to transport the supplies to Havana. The Cubans received this information after the notification of peace.

General Castillo has been advanced in the brigade to the general division of war, and was to go by steamer today to San Juan to meet Garcia at Gibara, but it was learned that he had left there for Jiguani.

A conference will be held at Santa Ana. Preliminaries will be arranged for the delegates to go to Camaguez to attend the election of the new Cuban government.

THE OLIVETTE GOES DOWN

An Unaccountable Accident in the Harbor at Fernandina, Florida, This Morning.

FERNANDINA, Fla., Aug. 31.—The hospital ship Olivette, which has been ly-

ing near the quarantine station, through some mysterious agency, sank this morning about 7:30.

Aboard the ship was the hospital corps of thirty-five and a crew of forty-five persons, all of whom escaped without injury, but in scanty attire. The roustabouts sleeping in the lower hold had a narrow escape, being driven from their bunks like so many rats.

Fortunately for those on board there was a schooner close by, and some of them took shelter on her, while the rest of the corps and crew sought refuge at the quarantine station.

No one apparently knows how the calamity could have occurred, and as no investigation has been made the matter is and probably always will remain a mystery.

The Olivette belonged to the Plant line of steamers, and was built in Philadelphia in 1887. She was 274 feet long, 35 feet beam, 11 3/4 feet deep, and registered 1611 gross and 1105 net tonnage.

RECIPROCITY WANTED

Boston Chamber of Commerce Passes Resolutions Favoring Establishment of Closer Trade Relations With Canada.

BOSTON, Aug. 31.—At a special meeting of the Boston chamber of commerce, for the purpose of considering ways and means to bring about closer trade relations with Canada, resolutions were adopted to the effect that the chamber reaffirms its position as set forth in resolutions adopted January 1, 1898, in favor of reciprocal trade relations established between the United States and the Dominion of Canada, and the colony of Newfoundland. It was asserted that in the opinion of its members the commercial, manufacturing and industrial prosperity of this country will be greatly promoted by the nearest practical approach that can be obtained to the establishment of complete reciprocal trade relations between the United States, Canada and Newfoundland.

It was resolved that the chamber committee on reciprocal trade with Canada be instructed to present these resolutions to the American commissioners at Quebec, and to reinforce them with such argument in accordance with their spirit as may seem best adapted to convince the commissioners of the feasibility of the plan.

NONE OF THEM ARE STARVING

Proprietors on Teslin Trail Have Plenty of Provisions.

OTTAWA, Ont., Aug. 32.—A report was published in many United States papers recently that some three thousand Americans were starving to death on the trail between Telegaff creek and Teslin Lake.

The United States government asked the Canadian government to investigate the matter. This has been done and a report received saying only 1500 people altogether are on the trail, and that all of them are well supplied with provisions. There is, therefore, no foundation to the report, and the Washington government will be so informed.

THE NATURAL KEY TO THE PACIFIC OCEAN

A Vast Increase of Trade Lies Absolutely Within Our Grasp—Stupendous Stake Is Now at Issue.

MUST HAVE PHILIPINES

Speech Which Was Made By Prof. Gardner.

Nation that Controls the Commerce of the Pacific Will Control the Trade of the World.

SARATOGA, N. Y., Aug. 31.—At today's session of the American Social Science Association, the principle address was delivered by Charles A. Gardner, A. M., Ph. D., counsel for the elevated railroads of New York City. The subject of the address was, "The Proposed Anglo-American Alliance."

Mr. Gardner spoke of the tendency to national concentration in the present age, declaring that already three nations, Russia, Great Britain and America, comprising two races of people, the Slavic and Anglo-Saxon, practically dominate the world. He spoke of the continual aggression that has for more than eight centuries marked the policy of Russia and has spread her sovereignty over areas in Europe and Asia too vast almost for human conception. Against this aggression, he said, Great Britain has admitted that she can, unaided by some other great power, make no successful opposition. Attention at the present moment, he said, is directed to the Russo-British contest for supremacy in China. At this critical moment, he says, the possibility of an alliance with America, through consideration of her interests in the Philippines, is seemingly Great Britain's only hope of triumph.

KEEP THEIR RECORD CLEAR

Silvenites Refuse to Enter the Spanish Peace Commission.

MADRID, Aug. 31.—Senor Silvela, now the virtual leader of the largest section of the conservative party, in a conference with Senor Sagasta, the premier, today, in regard to the personnel of the Spanish peace commission, persisted in his refusal to allow any member of his party to attend to commission. After the conference, Silvela said to a number of newspaper correspondents:

"How can we now be expected to share the grave responsibilities of concluding peace and expose ourselves to the discredit that may result therefrom? If we are to succeed the liberals in power, we must be free."

An official dispatch to Havana describes the attitude of the Cuban insurgents as completely pacific. General Blanco, who is indisposed, is about to go into the interior for some days.

ONE UNFRIENDLY JOURNAL.

London Saturday Review Continues Its Attack on Americans.

NEW YORK, Aug. 31.—The London Saturday Review, which recently said that Channey M. Depew was a "painted puppet and a snob," expresses the views quoted below, which candid expression is being quoted in English financial and other newspapers averse to American interests embarked in this country:

"There are, of course, many worthy private persons in the United States,

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER CO., NEW YORK.

but what we have to think of now are the people of that country as represented in their social, civil and political customs. Socially it is sordid to the last degree, and its courts of law and all its civil institutions are corrupt. It has contributed nothing to the self-respect of humanity. On the contrary, it has shown all the world to what a depth of public depravity civilization is capable of descending."

CLASH SEEMS VERY IMMINENT

Strikers Determine to Prevent, By Force If it Should Prove Necessary, the Working of Mines.

PANA, Ill., Aug. 31.—The situation in regard to the miners' strike in this district has assumed an acute stage. Operators are bringing in Southern negroes by hundreds who work under the protection of deputy sheriffs.

Fully six thousand miners from other sections are expected tomorrow to join the locked out union men in the endeavor to prevent, if possible, the operation of the mines.

A serious collision was narrowly averted last night when one thousand miners, some of whom carried fire arms, were ready to march on Springside mine. The move was only stayed after hours of persuasion and pleading by the officers of the union.

LEAPED FROM A WINDOW.

Suicide of a Member of the Volunteer Field Hospital Corps.

SAN FRANCISCO, Aug. 31.—David Coblet, aged 21 years, a member of the volunteer field hospital corps, jumped from a window last night while delirious from typhoid fever and killed himself. He was the son of a wealthy liquor merchant and was removed from the field hospital to his parental home at Page and Broderick streets on Sunday. He was in a delirium all day and about 11 P. M., after a severe struggle with his nurse, managed to leap to the street, a distance of 30 feet, fracturing his skull. He died almost instantly.

PACIFIC CABLE RECOMMENDED

It is Thought a Wise Move By the Wellington Committee on Legislation—Proportion of the Cost.

WELLINGTON, N. Z., Aug. 31.—The report of the committee on legislation just issued recommends the joining of the Australian colonies with Canada and the mother country by a Pacific cable on the basis that if Canada and Great Britain together would guarantee five-ninths of the cost of the work, New Zealand and the rest of the colonies would contribute the remaining four-ninths, of which amount New Zealand will furnish one-ninth.
