B. S. Wallace Arrives at Camp

Enfield, But Has Not Taken Charge - The President Will Make Investigations.

WASHINGTON, Sept. 1. - Surgeon-General Stedman today sent the following notice to the New York medical profession which had made inquiries of him concerning the matter of an oil with reference to the medical department, and especially about the subject of lavatrices in his institution.

On a recent inspection of the institution, it was found that there was an enormous amount of soap and other cleansing agents in constant use. The medical director has been instructed to make an immediate investigation of the matter and report his findings.

Hawaiian Ports as Usual

Will be Open For the Entry of Foreign Vessels Paving a Division of the United States Law.

SAN FRANCISCO, Sept. 1. - T. H. Goodell, General Manager and Superintendent of the Pacific Marine Company, is in receipt of a ruling from the treasurers office, that foreign vessels not belonging to the United States or foreign vessels will be allowed to anchor at the San Francisco port, and will be allowed to land and enter and land their cargo of any description, as per the laws of the United States.

The Pacific Marine Company is interested in the matter of the extract of the United States Shipping and Commercial Marine Company, which is operating the steamer Atlantic, Panic, Captui, and Georgia, between the Orient and the United States, and to secure the benefit of the law which has been passed in its favor, it is necessary that the company should have the benefit of the law, and the company has the right to land and enter and land their cargo of any description, as per the laws of the United States.

The ruling of the treasury department settles this question. The company will be allowed to continue its operations in the United States, and the company will be allowed to land and enter and land their cargo of any description, as per the laws of the United States.

EIGHT LIVES WERE LOST.

Damage wrought by the Georgia Storm More Serious Than First Reported.

Bexaraff, Sept. 1. - It has just been reported that Lieutenant-Morgan, of the United States navy, on his way from New York to China, capsized and drowned off Tynesville Island in the storm yesterday, and the entire crew of the vessel went out in a yawl to rescue the sailors and an Indian bear. The Indian bear, it is understood, was drowned, and the man, Morgan, with his bear, was drowned.

The second mate, Godfrey, of the Indian Island, is now in command of the ship, and is in charge of the vessel. The winds were so strong that the vessel was driven ashore and the crew were rescued by the Indian bear.

The third mate, Godfrey, of the Indian Island, is now in command of the ship, and is in charge of the vessel. The winds were so strong that the vessel was driven ashore and the crew were rescued by the Indian bear.

The fourth mate, Godfrey, of the Indian Island, is now in command of the ship, and is in charge of the vessel. The winds were so strong that the vessel was driven ashore and the crew were rescued by the Indian bear.

The fifth mate, Godfrey, of the Indian Island, is now in command of the ship, and is in charge of the vessel. The winds were so strong that the vessel was driven ashore and the crew were rescued by the Indian bear.

The sixth mate, Godfrey, of the Indian Island, is now in command of the ship, and is in charge of the vessel. The winds were so strong that the vessel was driven ashore and the crew were rescued by the Indian bear.

The seventh mate, Godfrey, of the Indian Island, is now in command of the ship, and is in charge of the vessel. The winds were so strong that the vessel was driven ashore and the crew were rescued by the Indian bear.

The eighth mate, Godfrey, of the Indian Island, is now in command of the ship, and is in charge of the vessel. The winds were so strong that the vessel was driven ashore and the crew were rescued by the Indian bear.
