Hereafter the popular O. R. & N. Sunday Excursions which have been running to Multnomah Falls, Hood River and Cascade Locks during the past hot weather will be discontinued for the season of 1898.

Spokane from the 4th to the 15th of October will be the gayest city in America. This is the time of the annual fruit fair, which is yearly doing so much good for the Inland Empire by advertising its resources and products to the world.

One of the most promising mines in Baker county is said by the Baker City Democrat to be the Imperial, in Cable Cove district. Along the entire length of the 500-foot tunnel in this mine there is a ledge from three and a half to four feet wide that gives an average return of \$17 to the ton.

The dedicating exercises of the new school building will be held on the afternoon of Friday, September 9th. The school officers and teachers will show every courtesy to visitors and see that they are conducted through the building as well as explaining everything concerning the building.

Mr. H. H. Tomlinson of Mt. Hood has sold one-third interest in his saw mill to Bert Sandman, and the new firm will put in a Turbine wheel and increase the capacity of the mill four times. Their shingle mill will also be put in full operation and will make shingles enough to supply the entire valley.

A freight train broke in two near Baker City the other day. The draw bar of one of the cars fell, and the end catching on one of the ties, the car was raised from the ground, and the four cars following were literally pushed over it and off the track. Trainmen consider this one of the "freak" accidents of railroad history.

Claude and Gny Root, the two boys charged with larceny of money from the dwelling of a chinaman, had their hearing before Judge Mays yesterday and

the elder of the two, Claude, was committed to the state reform school. Guy being but seven years old was discharged on account of being so young. James Denton was to have his hearing this forenoon but it was postponed until this afternoon at 4 o'clock.

The coming county institute promises to be of the greatest interest and benefit to all teachers, officers and school patrons in attendance. A complete program of the proceedings at the institute is being prepared and will be mailed to school officers and teachers today. Superintendent Gilbert is exerting every effort to make the institute the best in the history of the county and we do not doubt that he will be successful.

The brickyard of Mr. James Blakeney is decidedly one of the busiest places in or around The Dalles. He has seventeen men employed in the yard and is turning out on an average over sixteen thousand bricks per day. Mr. Blakeney is making every effort to turn out brick that is first class in every regard so that it will not be necessary for those desiring to build to send to other places in order to get good material, as has been done heretofore.

Yesterday evening a special train passed through the city after the Spokane flyer. It consisted of two coaches, the Mehama carrying Mr. W. A. Bull and private secretary. Mr. Bull is the chairman of the board of directors of the O. R. & N. with headquarters in New York City. The other car, No. 01, carried president Mohler of the O. R. & N., who was accompanying Mr. Bull as far as Umatilla. The former gentleman is returning to New York after having attended the annual meeting in Portland.

Grave fears for the safety of the steamer Regulator were entertained after the launching of the boat. It was expected when it sunk at the mouth of the locks that it would be a total wreck. Such, however, is not the case as the Dixon succeeded in towing the boat into the locks yesterday and at present is laying as in dry dock. About two hundred barrels will be put into the hold and the boat taken to Portland or The Dalles for repairs. It may be necessary to build a new hull under the vessel but the house is in good condition and can be used, as in the case of the Dalles City.

Mrs. Jas. Cordell, who resides two miles northwest of Fossil, met with a serious accident at an early hour last Friday morning. A lamp had been left burning in the bedroom and Mrs. Cordell awoke at about 2 o'clock a. m., to discover the lamp blazing up in an alarming manner as though about to explode. The lady hastily arose and attempted to carry the lamp to the front door to through it out, but before she could reach the door the lamp exploded and her clothing was instantly in flames. The fire was quickly extinguished, but not until one of Mrs. Cordell's arms was severely burned, from the hand to the elbow. Medical aid was hastily summoned from Condon and the burns were dressed, and at last accounts the patient was getting along as well as could be expected.

MRS. FRITZ DEAD.

A RESPECTED TOWNSWOMAN PASSES AWAY SUDDENLY.

While Attending Services at the Catholic Church, She Falls Victim to Heart Disease.

The grim hand of death seized one of our most respected townswomen this morning, and on account of its unexpected coming, the case was rendered all the more sad. Mrs. Sarah A. Fritz, an old resident of this city, died of heart disease while attending services in the Catholic church at 8 o'clock this morning. In her the city loses one, who by her life and example, has won the respect of all, while the state is left to mourn the loss of one of its pioneers.

Mrs. Fritz was born in Rochester, New York, about 58 years ago. When ten years of age she came across the plains with the family of Joseph Brant, of Vancouver, and while in that town met Jacob Fritz, who at the time was serving in the United States Army. Their courtship terminated in their being married in 1856 when she was about 14 years old. From Vancouver they went to Walla Walla, Wash., and later moved to The Dalles, and since that time have made this city their home.

About seven months ago her husband, Jacob Fritz, died, and scarcely had the family recovered from the blow when they were stricken by another calamity even sadder than the above—the loss of a good and kind mother.

The married life of Mr. and Mrs. Fritz was blessed with ten children, of whom seven survive. Louis and John of this place, Charles, of Boise City, Idaho, Mrs. Agnes Baldwin, of Portland, Mrs. Fiasechutz of Denver and Mrs. Knight and Miss Mary Fritz of The Dalles.

Mr. and Mrs. Fritz figured among the old pioneers of The Dalles, and on account of the length of time they have lived here, they seemed like landmarks inseparably connected with the history of the city.

For the last ten years she has been subject to heart disease, and her physician, Dr. Hollister, informs us that the end was not unexpected as she was subject to fainting spells as a result of the malady which were likely to carry her away at any time.

Her death seemed to be almost painless and although there were several people in the church at the time of her death, she had almost passed away before they knew that anything was wrong.

The date of the funeral cannot be set until the different members of the family are heard from, but in all probability it will take place Monday the 5th.

Leave your orders for dressed chickens with the Stadelman Commission Co. Phone 345.

ANNUAL TEACHERS INSTITUTE.

The Program for the Institute as Prepared by Superintendent Gilbert.

The following are the programmes which will be rendered each day during the Teachers Institute, which will be held at the High school building in this city on Sept. 7th, 8th and 9th.

Prof. J. S. Lander will have charge of the musical program. The sessions, both morning and afternoon, will be opened with music.

Death of Mrs. O. A. Crowe.

Mrs. O. A. Crowe, of Sprague, Washington, died in this city on Thursday morning, September 1st, aged 41 years, 10 months and 20 days.

She has been suffering from consumption for some time and was brought to this city Saturday for treatment. Nothing could be done for her, however, and she passed away at about 7 o'clock yesterday morning.

She leaves a husband and eight children, one son and seven daughters. Harry Crowe, of Sprague, Grace Crowe, of this city, Ruth, Bertha, Ida, Gertrude and two younger daughters whose names could not be learned. She also leaves one sister, Mrs. James Like, of this city.

The remains were sent to Sprague on the Dixon this morning for burial where the interment will take place Sunday.

Music.

I wish to announce to the public that I will teach a limited number of pupils on the cornet or piano. Instructions in harmony and thorough base will be given free with piano lessons. Prices reasonable. For further information call at my residence on East Fourth St. Sept. 1 tf ALBERT T. BALDWIN.
