VOLUNTEERS HEARD FROM.

For a week or ten days the public has been sickened by the inventions and falsehoods of sensational correspondents and yellow journals as to army conditions. Changes have been rung on stories of starvation, exposure, and suffering, and the public has been forced to read such transparent exaggerations as were never before foisted on a sorely tried people. Now we are hearing from the soldiers themselves. Colonel Young of the First Illinois cavalry, well known in Chicago, better known the country over than any yellow correspondent, declares that every provision possible was made for the care of the soldiers, every precaution was taken to guard against disease. There was no danger from the water at Chickamauga, for it was of excellent quality, and he says emphatically that the men of the first cavalry have nothing to regret save that they did not get into active service.

Captain Thomas S. Quincy, also well known in Chicago, declares that the rations issued by the government at Camp Thomas were all that any reasonable man could ask for, both as regards quality and quantity. For the last five weeks he messed with his men, eating the same food that they ate. As to hospital facilities at Chickamauga, Captain Quincy states that the men had the best care that it was possible to give them. Scores of physicians go on record to show that the stories of starvation are fabrications based on the necessary restrictions of physicians or on the inevitable condition of fever patients.

All dispatches from Montauk Point on the arrival of the First Illinois infantry report the regiment in good condition and as having been well cared for on the trip from Cuba. No complaint comes from this regiment that has seen extraordinary hard service at the front.

The stories of the soldiers themselves put to shame all the miserable fabrications of the yellow journals. The exaggeration of the inevitable ills of camp life was based on the belief that it would be approved by the soldiers themselves. This idea was contrary to all the principles on which soldier character is built up. The volunteers, so eager to go, so patient under discipline and exposure, cannot be put in a false light by the slanderers of the army and of the government. The hardships of army life have not broken the spirit or weakened the loyalty of the volunteers. They are now talking for themselves.—Inter Ocean.

**WAR HUMOR AT SANTIAGO.**

Capt. Evans is responsible for a choice bit of sailor humor which deserves to be rescued for history before it is lost in some dusty pigeon-hole in the navy department. On the day after the destruction of Cervera's ships the Spanish war ship Reina Mercedes was discovered in the Santiago harbor channel, evidently intending to finish what Hobson with the Merrimac had begun. Then Capt. Evans signalled from the Iowa: "The Spaniards are trying to sink a ship to block the channel. They need help."

Even the business-like Jacky who was fastening the signal flags to the halyards must have laughed as the captain ordered the letters which spelled out the last three words.

Of course a fleet officered by Americans was not slow to act on the piece of grim humor, and a minute after the signal was hoisted the Iowa, Massachusetts, Texas and Vesuvius were giving the Reina Mercedes all the "help" she needed. Their shot and shell sank her before she reached

her intended berth in the narrowest part of the channel, and left the way into the harbor open to our ships.

Britanna will cut down its navy one-half if every other nation will dispense with an equal number of war-ships. England would then have 300 and the rest none, which would certainly prevent any more sea fights.

Manila's inhabitants would be sorry to hear that Old Glory is not to fly over the whole group. They have had strife enough, and are ready to welcome an era of stable government and business opportunity.

**Notice to Delinquent Taxpayers.**

The delinquent taxes of Wasco county, as shown on the rolls now in the hands of the sheriff are \$80,000, an amount almost equal to the indebtedness of the county. Every citizen without doubt admits that this state of affairs should not exist, and that all taxes should be collected. On account of hard times in the past the county court has shown leniency to taxpayers, but that leniency has reached the limit, and the court cannot wait longer on delinquents to make settlements. For this reason a warrant has been attached to each delinquent roll commanding the sheriff to collect all taxes by seizure and sale of property. With a bountiful crop now in sight, there can no longer be any reasonable excuse for the non-payment of taxes. The sheriff is bound by oath to comply with the terms of the warrants attached to the tax rolls for the collection thereof, and has no option in the matter. Delinquent taxpayers can save the cost of seizure and sale of property by settling their taxes at once.

ROBERT KELLY,  
 Sheriff and Tax Collector for Wasco County.  
 Dated, August 4, 1898.

**Deafness Cannot be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

**A CRITICAL TIME**

**During the Battle at Santiago.**

**SICK OR WELL, A RUSH NIGHT AND DAY.**

The Packers at the Battle of Santiago de Cuba Were all Heroes—Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrades and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by Blakeley and Houghton.

**Make a Note of It.**

It's a good thing to remember that there are many kinds of drugs; good, bad and indifferent. Drugs are important. Inferior drugs may not only fail to cure, but may prove worse than the original trouble. Purity of drugs is our hobby. They're the only kind fit to use.
