

**SYRUP OF FIGS**  
NEVER IMITATED IN QUALITY.  
THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

**NEWS FROM CAVITE.**  
An interesting letter from Roy Ballard—Cavite Arsenal, Philippine Islands.

The following letter was received by Mr. Ballard, of this city, yesterday, and the letters from our boys in the Philippines are always read with pleasure, we publish the same. It was written on August 23d, and is as follows:  
"I wrote you a few lines some days ago, which I think will leave on the same steamer as this letter.  
There has been some fighting almost incessantly during the past three or four days between our troops and the Spaniards. There have been fourteen Americans killed and forty-four wounded; but how is this! Three hundred and fifteen Spaniards killed and over one thousand wounded."  
We have not been in any engagements yet, but there is no telling how soon we will.  
The native governor, Aguinaldo, has been missing for the past three days, and the natives think we know where he is.  
An order has been issued commanding all the natives to leave Cavite Arsenal within the next twenty-four hours. They are all getting drunk, gathering around on the street corners and talking very loud. We have provocateurs out and order them to disperse when they gather in this way.  
Night before last Co. A was ordered out to quiet a disturbance among the natives. They were out from 12:15 to 7:30.  
The battleship Monterey got in two days ago. We expect Dewey to bombard Manila at any time, but do not know when. We all hope it will be before long, as we are tired of Cavite, and it is an awful unhealthy place. I have felt fine all summer.  
We have received news here that Spain has sued for peace. Is that true? We are ready for anything that may come.  
I intended to send you a list of those who were killed and wounded in an engagement a few days ago, but I went over to the bulletin board and they had been taken down.  
On board the transport Morgan City fire broke out in the reserve bunkers on July 28th, and was not entirely extinguished until July 31st. They are pumping her out now.  
Give my regards to all my inquiring

**TEACHERS' INSTITUTE**

(Continued from 5d page.)  
been dedicated today, is indeed the pride of the The Dalles, and might well be the pride of a much larger town.  
A more complete or better arranged school building would be difficult to find, and when we consider what great improvements have taken place in The Dalles' public school buildings during the last few years, it is certainly a just cause to make us feel proud.  
The dimensions of the new building are 69x93 feet. The entrance to the building is by concrete stairs, twenty-three feet long, which lead into a large hall 24x60 feet. The hall is one of the most attractive features of the structure, affording ample room for drills, etc.  
On the lower floor are four rooms 32x29 feet, and supplied with good-sized dressing rooms. The stairs leading to the upper floor are platform stairs ten feet long, half way up being a landing 8x24 feet. Upstairs is a hallway 20x24 feet, and directly in front is an immense room 31x63 feet, from which open two large recitation rooms, one 19x31 and the other 31x63 feet; also two circular-shaped cloak rooms. On either side of the large windows facing the city are book cases, between which is a comfortable seat. This will be the main room of the high school. Indeed this entire floor will be used by that portion of the school, while the lower floor will be occupied by the sixth, seventh and eighth grades.  
In the southwest corner is situated the library and the principal's office combined, and a hall connects this with a laboratory and apparatus room 18x32 feet.  
A concrete floor has been placed in the basement, which is divided by a partition and will be used as recreation rooms for the pupils in stormy weather.  
Two large Morgan heaters will furnish hot air for the heating of the rooms, and this is considered at present the best method of heating now in use. Every precaution has been taken to make the ventilation faultless, which is quite necessary in school rooms. The entire building will be well lighted by electric lights, twelve being placed in the high school rooms alone.  
Mr. C. J. Crandall, as architect, and Messrs. Sylvester and French, as contractors, certainly deserve much praise for the manner in which their work has been done, while the people of The Dalles are to be congratulated upon this substantial and worthy addition to our already flourishing city.

**Deafness Cannot be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.  
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

**Modern Treatment of Consumption**

The latest work on the treatment of disease, written by forty eminent American physicians, says: "Cod-liver oil has done more for the consumptive than all other remedies put together." It also says: "The hypophosphites of lime and soda are regarded by many English observers as specifics for consumption."  
**Scott's Emulsion**  
contains the best cod-liver oil in a partially digested form, combined with the Hypophosphites of Lime and Soda. This remedy, a standard for a quarter of a century, is in exact accord with the latest views of the medical profession. Be sure you get **SCOTT'S Emulsion**.

**Notice to Delinquent Taxpayers.**

The delinquent taxes of Wasco county, as shown on the rolls now in the hands of the sheriff are \$60,000, an amount almost equal to the indebtedness of the county. Every citizen will doubtless admit that this state of affairs should not exist, and that all taxes should be collected. On account of hard times in the past the county court has shown leniency to taxpayers, but that leniency has reached the limit, and the court cannot wait longer on delinquents to make settlements. For this reason a warrant has been attached to each delinquent roll commanding the sheriff to collect all taxes by seizure and sale of property. With a bountiful crop now in sight, there can no longer be any reasonable excuse for the non-payment of taxes. The sheriff is bound by oath to comply with the terms of the warrants attached to the tax rolls for the collection thereof, and has no option in the matter. Delinquent taxpayers can save the cost of seizure and sale of property by settling their taxes at once.
