

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true original remedy. As the genuine syrup of figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

CROPS AND WEATHER.

Weather Bulletin for Eastern Oregon—Fall Wheat Being Sown. Fruit and vegetables Ripening Fast.
The mean temperature for the week averaged 71°, which was 11° higher than for the preceding week and 16° higher than for the corresponding week of last year. The maximum temperature for the week was 90°, which occurred on Friday and Saturday, and the minimum was 49, which occurred on Tuesday and Wednesday mornings. No rain fell during the week. Over the Plateau Region, in the more exposed places, frost occurred on several mornings.
A correspondent at Hood River, Wasco County, reports: "The warm, dry weather is ripening corn and potatoes; some corn is already ripe and ready to be taken to the mill. Watermelons and squashes are plentiful. Grapes are plentiful and some varieties are ripe. Small areas of wheat and oats have been sown in the dust. Clover and timothy fields make good pasture. The fruit crops of all kinds are immense." From Athena, Umatilla County, comes this report: "Harvesting and threshing about done; most of the machinery has been housed. The grain yield has been heavy; very little damage was done by the hot weather to the spring grain crop. Potatoes are being dug; they yield fairly well. Pastures are becoming dry."
Throughout the Columbia River Valley, harvesting and threshing are about over and the crews are moving or have gone to other sections. Throughout Union, Wallowa, Baker and interior counties, harvesting and threshing continue with good results. Prunes and plums are very large crops. Peaches and grapes are maturing. Apples and pears are plentiful.
The hay crop throughout the stock country is being put away for winter use. The hay crop, on irrigated land, is excellent, but on other land is not very good. Frosts on the higher places did no injury except to nip tender vegetation. The week closes with no adverse conditions to report. After the first autumn rainfall, seeding will become general.
The weather conditions are at present undergoing a change and rain may fall before the next week's bulletin is written.

Event Extraordinary

Chaplain C. C. McCabe,
BISHOP IN THE M. E. CHURCH,

In answer to an urgent call by the church in this city, will deliver his famous lecture on the
"Bright Side of Life in Libby Prison."

AT THE
Methodist Church, Sept. 22, at 7:30 p. m.

This continues to be one of the most noted lectures of the day. It is always given in the interests of the church, and has made for it more than \$150,000. The price of this lecture in all Eastern cities is \$1.00, but we have reduced the price to 50 cents, to give all an opportunity to hear it, especially accommodating those of neighboring towns and counties. Bishop McCabe sees a bright side in every thing. This lecture is instructive, entertaining and inspiring. It was Chaplain McCabe that tore up his shirt to make a flag with which to celebrate the 4th of July in Libby Prison. His singing has inspired many a soul to deeds of heroism and many a fainting heart to renewed courage.
DON'T FAIL TO HEAR HIM.
