## UPON THE BRINK OF A TERRIBLE ABYSS

Just a Very Slight Push is Needed to  
Plunge France Headlong Into  
a Revolution.

## THE CRISIS IS VERY GRAVE

Threat to Resign Aggravates  
Its Seriousness.

Ministry Now Almost Unanimously In  
Favor of a Revision of the Dreyfus  
Case.

New York, Sept. 15.—A special from  
Paris says:

France is on the brink of the gravest  
crisis since the birth of the third Re-  
public. The situation is briefly this:

Premier Brisson and all the members  
of the cabinet, with the exception of  
Zarlinde, the minister of war, and pos-  
sibly Lockroy, are convinced of the ab-  
solute necessity of a revision of the Drey-  
fus case. General Brugere has signified  
his willingness to take the portfolio of  
war and accept a revision. At Satur-  
day's meeting of the cabinet a decision  
will be taken and it is certain a revision  
will be decreed.

President Faure has been a deter-  
mined opponent of the proposed re-  
vision, and caused it to be rumored that  
he would resign if it was granted. No one  
believes that he will resign, but every-  
one sees that this threat to do so is a  
desperate expedient to get rid of Bris-  
son's cabinet and together with it the  
revision.

But Faure's unconstitutional action in  
indirectly interfering with the responsi-  
bility of the cabinet affords an example  
of the lawlessness in high places that is  
the first step toward revolution. A mil-  
itary coupe d'etat is freely conjectured  
as a probable outcome of the crisis, if  
Faure's effort to bulldoze the Brisson  
cabinet fail.

Colonel Paty du Clam in an interview  
says:

"I know very well my being put on  
the inactive list has set to wagging all  
the tongues of Paris, but there is to be  
no sensational sequel whatever. My  
relations with this accursed controversy  
are solely official.

"All those statements about my hav-  
ing bounded Dreyfus and persecuted his  
wife are execrable lies. As to my re-  
ported connection with Bordeaux, I  
have none. The war minister best  
knows why he has retired me temporari-  
ly, and like a soldier. If you are seek-  
ing a theatrical sensation, let me say  
you are on the wrong track. The light,  
about which Zola has prated so much,  
can do nothing but good to me in my  
situation."

Nevertheless it is rumored today that  
Clam has suddenly disappeared from  
Paris.

## ANOTHER HONOR FOR DEWEY

Creation of the Grade of Vice-Admiral  
and its Bestowal Upon Him to  
be Recommended by Long.

New York, Sept. 15.—A dispatch to  
the Herald from Washington says:

Secretary Long is expected to make  
special reference in his annual report to  
the operations of the Asiatic squadron  
and particularly to the conduct of Rear-  
Admiral Dewey. Department officials

generally believe the best is none too  
good for that officer, and no surprise  
would be expressed if the secretary  
were to recommend that the grade of  
vice-admiral be created in order that  
it might be filled by the appointment  
of Rear-Admiral Dewey.

As showing the faith put in Rear-  
Admiral Dewey, the department does  
not exact from him a statement con-  
cerning his doings, but is satisfied to let  
him have a free hand and take such  
necessary action as he may deem proper.  
He is kept well advised of the interna-  
tional situation, particularly with refer-  
ence to the Pacific, but the department  
has every confidence in his good judg-  
ment.

There has been a great deal of talk  
in naval circles in favor of the proposition  
to create the grade of vice-admiral, and  
if congress should take such action, the  
president will willfully concur it upon  
Rear-Admiral Dewey.

## A GENERAL CON- FLAGRATION AHEAD

All South America Likely to Become  
Embodied as a Result of the  
Boundary Dispute Between Ar-  
gentina and Chili.

New York, Sept. 15.—A dispatch to  
the Herald from Valpariso says:

The boundary dispute between Chili  
and Argentina seems likely to develop  
into a great South American conflagra-  
tion. It is believed, as a foundation,  
that Bolivia has signed a secret treaty  
with Argentina to make common cause  
against Chili. In case of war, however,  
Peru would checkmate Bolivia, leaving  
Argentina to the care of Chili.

This attitude of Peru is said to be due  
to the fact that Chili has wiped off  
\$10,000,000 from the ransom for the  
prisoners returned by the protocol.

Chili is now completing her naval  
and military preparations for a hostile cli-  
max to the negotiations with Argentina.

### Deafness Cannot be Cured

by local applications, as they cannot  
reach the diseased portion of the ear.  
There is only one way to cure deafness,  
and that is by constitutional remedies.  
Deafness is caused by an inflamed con-  
dition of the mucous lining of the Eus-  
tachian Tube. When this tube is in-  
flamed you have a rumbling sound or  
imperfect hearing, and when it is en-  
tirely closed, Deafness is the result, and  
unless the inflammation can be taken  
out and this tube restored to its normal  
condition, hearing will be destroyed for-  
ever; nine cases out of ten are caused  
by catarrh, which is nothing but an in-  
flamed condition of the mucous sur-  
faces.

We will give One Hundred Dollars for  
any case of Deafness (caused by catarrh)  
that cannot be cured by Hall's Catarrh  
Cure. Send for circulars; free.

tations. The consideration therefor has  
wholly failed, and said note is now held  
by said Kady contrary to his agreement to  
return the same. All persons are warned

## A WHOLESOME WARNING FOR THE GERMANS

The Battleships Oregon and Iowa are  
Now Under Orders to Proceed to  
the Philippine Islands.

## THEY STOP AT HONOLULU

The Vessels Will be Held There Pending  
the Conclusion of the Peace Nego-  
tiations With Spain.

New York, Sept. 15.—A special to the  
Herald from Washington says:

Secretary of the Navy Long stated last  
night that the battle-ships Iowa and  
Oregon are under orders to proceed to  
Manila, via Honolulu, to reinforce Rear-  
Admiral Dewey's command. In direct-  
ing them to touch at Honolulu, the au-  
thorities were actuated by two motives  
—the first to put them in a central  
position where they could be available  
for any duty in the Pacific and which  
might be considered desirable, and the  
second because they did not care to send  
reinforcements to Rear-Admiral  
Dewey before the armistices between  
the United States and Spain expired.

It is expected in official circles that  
the battle-ships and the five colliers  
which will accompany them will be  
ready to sail by Monday next. The  
ships will not waste any time in mak-  
ing the voyage. They will make few  
stops and these only to coal and com-  
municate with the department.

While believing there will be no in-  
ternational developments to change the  
programme, the authorities do not pro-  
pose to be in such a position that they  
cannot modify the instructions to the  
vessels in case of necessity and it is for  
this reason they are to touch at certain  
points to report and receive orders.

The dispatch of the colliers with the  
battle-ships is due to the desire of the  
authorities to keep them so well sup-  
plied with coal that if it become neces-  
sary to change the course of the ships  
and send them to Samoa, or by a short  
cut to Manila, they can make the voyage  
without difficulty.

So far as Germany is concerned, the  
authorities say there is nothing in her  
attitude to cause the belief that she  
proposes to interfere with any disposi-  
tion of the Philippines this government  
may see fit to make. It is appreciated,  
however, that it will be the part of wis-  
dom for the United States to put in the  
Pacific a force so formidable as to dis-  
courage even this suggestion of inter-  
ference.

Germany's force in the Pacific con-  
sists of the armored cruisers Kaiser and  
Deutschland; the protected cruisers  
Kaisersin Auhosta, Irene, Princess Wil-  
helm, Geifon, Cormorant and Falke.

The displacement of Rear-Admiral  
Dewey's present force amounts to 30,832  
tons, while that of the German com-  
mander reaches 37,881. Rear-Admiral  
Dewey's ships, however, are better  
armed than the German men-of-war,  
and their men have the advantage of  
having been under fire.

The monitors Monterey and Monad-  
nock are mainly serviceable for work in  
smooth water, and if the German ships  
should start for the Pacific coast, as  
would be the case in the event of war,  
Rear-Admiral Dewey would have only  
his protected cruisers and gunboats to  
depend upon. With two battle-ships at  
his disposal, increasing the tonnage of  
his squadron to 52,359 tons, he would  
have a most formidable force.
