

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

HOW THE CHILD SUFFERS. Should Have a Thorough Examination on Entering School.

Speaking on the subject of children's eyes: A great many children are sent to school with eye defects which demand great expenditure of nervous forces in order for them to keep up with those who enter on the same work with natural eyes. The same children are often classed as idle or stupid, when in reality their mental condition may be just as keen as their classmates, the failure to keep pace being entirely due to defective vision. In some cases by virtue of great persistence, they succeed in keeping abreast of their more fortunate companions; but this task is accomplished at the expense of vital energies which often lays the foundation of future disease. It is not uncommon and certainly not improper to have the first teeth of children four or five years of age filled instead of extracted; while the eye, the most intellectual, the most apprehensive and the most discriminating of all our organs, receives scarcely a passing thought, much less an examination. It seems never to occur to some parents that the principal agent in requiring an education is the eye. The child is placed in school without the slightest inquiry on the part of either parent or teacher, as to whether it has the normal amount of sight, whether it be near sighted or far sighted, whether it be clear or blurred, whether it sees with one eye or two eyes, or whether the act of vision is accomplished at the expense of an unnatural strain upon the nervous system.

It would be a boon to the children that attend our public schools if the board of education would enact a regulation which would require a certificate from some competent doctor of refractive vision, one who has graduated from some good optical college or school, who had found them to be normal or had corrected the eye to be normal. But I realize that such a radical measure would meet with much opposition and might possibly defeat the very end it was intended to accomplish. A careful study of the subject of children's eyes leads me to suggest to the teachers of the schools making a test of each pupil's vision. For that use I will gladly furnish charts and instructions to find out the errors of each pupil's eyes, which might lead to the discovery why pupils have been behind in their studies.

If a child, whose vision is but weak and with proper glasses will help it to outgrow its defected vision and see them while young, will probably in nine cases out of ten, have no use for glasses after a few months, or perhaps for studying only. Only those who have been relieved by the use of glasses understand what bearing the condition of the eye has on general health. There are children today sick because of eye-strain. Their illness may be attributed to other causes, but they go along sick until the true cause be discovered by the exercise of good common sense on the part of parents. If your child complains of the eyes, see what the trouble is. Take her to an optician; one who understands his work, not a man who simply hangs out a sign, "Glasses for Sale", but to an optician. I will be glad to examine any case of eyes, and if you need glasses I will tell you so, if not, I will tell you so. It costs you nothing to find out. Examination free. P. G. DAUT.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. CHENEY & Co., Toledo, O. A CRITICAL TIME During the Battle at Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba Were all Heroes—Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrad and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by Blakeley and Houghton.

E. C. Blanks, of Leweville, Texas, writes that one box of DeWitt's Witch Hazel Salve was worth \$50.00 to him. It cured his piles of ten years standing. He advises others to try it. It also cures eczema, skin diseases and obstinate sores. Snipes-Sinersly Drug Co. Notice to the Public.

Event Extraordinary Event Extraordinary Chaplain G. C. McCabe, BISHOP IN THE M. E. CHURCH, "Bright Side of Life in Libby Prison." AT THE Methodist Church, Sept. 22, at 7:30 p. m. This continues to be one of the most noted lectures of the day. It is always given in the interests of the church, and has made for it more than \$150,000. The price of this lecture in all Eastern cities is \$1.00, but we have reduced the price to 50 cents, to give all an opportunity to hear it, especially accommodating those of neighboring towns and counties. Bishop McCabe sees a bright side in every thing. This lecture is instructive, entertaining and inspiring. It was Chaplain McCabe that tore up his shirt to make a flag with which to celebrate the 4th of July in Libby Prison. His singing has inspired many a soul to deeds of heroism and many a fainting heart to renewed courage. DON'T FAIL TO HEAR HIM. F. S. GUNNING, BLACKSMITH and WAGONMAKER. Blacksmith's Supplies.
