THE AWFUL CRIME OF A HUMAN FIEND

Killed a Man and Wounded a Woman.

HE CHASED A GIRL

Was Crazed by the Effects of Hard Drinking—Officers Who Have Him in Charge Fear a Lynching.

PENNDLETON, Sept. 17.—C. C. Cunningham, of Milton, at the O. R. & N. depot this evening at 8 o'clock shot and killed O. Young, shot Mrs. Julius J. Worcester, and chased her daughter, Effie, a block, with a cocked pistol in his hand. She refuge in the first open place—the First Chance saloon. Cunningham followed her. Several men grasped him, and, after a struggle succeeded in securing him. No motive is to be assigned as yet but the case is developing interesting features. Mr. Worcester was examined by the best physicians. Dr. Smith, who is mayor of the city, says a cursory examination shows a wound in the back, the ball entering near the kidneys. She is now in an extremely dangerous condition.

Cunningham is believed to be insane. He said he couldn't understand how he came to commit the terrible crime. He had apparently been drinking. He was assaulted at Milton a few days ago, and came to Pendleton to secure the further prosecution of his assailant.

HER LAST RESTING PLACE

Funeral of the Murdered Empress of Austria.

VIENNA, Sept. 17.—Emperor Francis Joseph this morning received the special representatives of the foreign sovereigns. An hour later he received the visiting sovereigns, with the exception of the king of Saxony.

The emperor, Prince Hohenlohe, the German imperial chancellor, and Baron von Buelow, received Emperor William at the railroad station. The emperors shook hands and kissed each other's cheeks three times. They then proceeded to the church where Emperor William, in behalf of himself and the empress of Germany, deposited on the casket containing the remains of the late empress a floral wreath which his majesty had brought from Germany. The emperor dined at the German embassy after the funeral, and started for Berlin this evening.

Great torches threw glaring flames over the royal chapel in which the remains of the late empress have lain in state since yesterday morning. The doors of the chapel were closed at noon, thus barring thousands of people who were anxious to see the casket.

At 4 o'clock tolling of bells announced the starting of the procession. The route from Hofburg to the insignificant church of Capuchines, whose vaults entomb the Hapsburgs, is so short that only a small proportion of the populace was able to crowd into the adjoining streets. A detachment of cavalry led the procession. Then came carriages drawn by six horses, covered with funeral trappings, escorted by footmen. A train of servants followed, and then came footguards and a squadron of horseguards, followed by a detachment of yeomen, gorgeously uniformed, preceding the funeral car. Following the car were several bodies of infantry and cavalry.

A large number of priests met the

procession at Augustus church and proceeded with it to Capuchines. The clergy united in atoning prayers, which were also exquisitely chanted during the services by the court choir.

During the last prayer, the coffin was lifted from the catafalque and clergy bearing torches walked before it. Emperor Francis Joseph, attended by the highest officers of state bearing wands, followed. The procession slowly passed from the sight of the congregation down the stone stairway to the vault.

THE KAISER'S PILGRIMAGE

Abdul Hamid Prepares for Emperor William's Visit.

BERLIN, Sept. 17.—The approaching visit of Emperor William to Turkey is now arousing considerable interest. The sultan is making extraordinary efforts to please the emperor during the latter's stay at Constantinople. The palace intended for his reception is being fitted up with luxury. Emperor William will stay about 12 days at Constantinople.

The Turkish troops it is asserted, are somewhat dissatisfied on the subject, as their arrears of pay have been devoted to the expense of Emperor William's visit.

The preparations at Jerusalem for the visit of Emperor William are in full swing. Streets are being cut through the city, and the regular mountains of rubbish in the bazaar quarter have been removed. The garrison has been especially active in drilling, in order to impress the emperor, though many of the soldiers are barefooted and wear no uniforms. These soldiers, however, are to receive new uniforms for the festivities organized in honor of the visit of Emperor William to the Holy Land.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.
