WAYSIDE GLEANINGS.

The forecast official states that we will probably have rain tonight and tomorrow.

Today thirty new names were added to the already large list in The Dalles public schools. It is expected that the enrollment will greatly increase during the next few weeks.

Mrs. Peirano wishes to announce to the ladies of The Dalles and vicinity that she has just received a complete stock of fall millinery and novelties, which she would be pleased to have them call and examine.

The average daily score at the Umatilla House alleys was 65.6, while the daily high scores were: Maetz, Monday, 60, Tuesday, 52; Baldwin, Wednesday, 73; Maetz, Thursday, 59; Birgfeld, Friday, 71; Maetz, Saturday, 61, Sunday, 79.

The Centerville correspondent of the Goldendale Agriculturalist says that for two Sundays past the ladies of the W. C. T. U. have forced every store in town to close. The ladies, the correspondent adds, have become tired of violations of the Sunday law, and the sale of "bitters."

The Wizard Oil Company, consisting of ten artists in their respective lines, arrived in this city last evening and will be with us for two weeks. Its company is the only one on the road which gives a dollar show for 15 cents, and it is needless to say that their performances at the Baldwin Opera House will draw immense crowds.

A meeting of the water commissioners was held Saturday night for the purpose of considering the question of increasing the water power in The Dalles in case of fire. As their plans are not fully perfected nothing was done at this meeting. Another will be held this evening at which matters of importance will be decided.

Several cars of the construction train got off the track between the Cascades and Viento today which forced the passenger train, which was due here at 11:30, to remain at the Cascade Locks until such time as the track was cleared. The wreck must have been quite serious as they were still working on it at 3 o'clock this afternoon, and at that time the passenger had not yet left the Locks.

Since the opening of the fishing season, up to last Saturday, the catch of fish kept getting lighter so that the fishermen and owners of canneries began to despair of making anything to speak of from the fall run. Saturday the fish began to come more satisfactorily and the amount caught at present is on the increase, so that the season promises to be a profitable one in spite of the gloomy prospect last week.

Saturday W. E. Mason, who works on Congressman Moody's ranch near Hood River, was grubbing when the axe

glanced and inflicted a terrible gash in one of his feet. He was brought to Hood River and Dr. Shaw called to attend to his injury. Although he will be laid up for four or five months with the injury, which is extremely painful, still the doctor hopes that he will recover fully and that no serious results will come from the same.

The past week has been the liveliest Dalles bowling circles of any since last winter. An unusual large amount of bowling was done, and the Ladies record for the city was taken by Mrs. Fred Houghton, with a score of 73. The daily score at the club were: Schmidt, Monday, 59, Tuesday 56; Bradshaw, Wednesday, 55; Thursday, Mrs. Houghton, 73, Bradshaw, 68; Bradshaw, Friday, 66; Houghton, Saturday, 56; Sampson, Sunday, 63.

We are informed that the freight rates on the O. R. & N. and D. P. & A. N. Co. have been raised on wheat between this place and Portland from three cents per bushel to four and one half cents. The rates on other goods have also been raised in proportion. The D. P. & A. N. people inform us that the rates have never been raised on freight since the opposition boat was running, and state that the rates were so low that they lost money on various shipments of goods which are difficult to handle.

The music that will be enjoyed at the Oregon Industrial Exposition from September 22 to October 22 will be the best in the land. It will cost much money, but the Exposition managers realize that nothing is too good for the people, so they engaged Bennett's Full Military Band, whose music is superb. There will be concerts by this famous band afternoon and evening, and the programs will be arranged by competent music committees, the numbers being adapted to the better tastes of all audiences. There are a number of talented soloists in the band, and they will all be heard to the best advantage.

Yesterday afternoon two employes of the O. R. & N. went in bathing in a slue about one mile below Hood River. One of the men was named Huston, and in attempting to swim across the slue he was taken with a cramp, and before any aid could reach him he sank and was drowned. A search was made for his body which was found this morning at about 8:30 o'clock. Huston is a stranger in Hood River, having come to that place recently, and from what we could learn he is from Milwaukee, Wisconsin. No papers were found in his clothing that would throw any further light on his identity. Coroner Butts was summoned and left for Hood River on the first train.

C. S. Smith and Frank Cockerline, of Boyd, both of whom were formerly engaged in the grocery business and who are experienced in this line, have purchased the store of Fred Fisher in the East End. They took possession of their new stand this morning and are now prepared to meet all their friends and Mr. Fisher's former patrons and offer them as reasonable figures on anything

in the grocery line as can be quoted in The Dalles. Both are honest and reliable business men and will certainly gain their share of the patronage of the people of The Dalles and the surrounding country. The business will in future be run under the name of Smith and Cockerline.

PROF. LANDERS' TESTIMONY.

The Well-known and Eminent Educator Expresses his Opinion on Bishop McCabe's Lecture on Libby.

I have heard Chaplain McCabe's lecture "The Bright Side of Life in Libby Prison." Aside from his great popularity in the ministry this lecture alone has given him a high reputation throughout the United States. He speaks from the experience of an actual participant in the scenes and incidents of prison life. Besides picturing the conditions of the inmates of Libby Prison more vividly than any pen can portray, he describes that side of prison life that is so little known outside; how the "boys" make the best of everything to keep up their spirit, beguile the weary hours, and make their life then endurable.

The lecture is replete with incidents and description that give it intense interest. Chaplain McCabe's reputation as a singer is scarcely less than that of a lecturer. There are few singers in this country that possess more power of expression in song than he.

I am glad to have the opportunity of hearing him again. S. J. LANDERS, Prin. High School.

THE LADIES.

The pleasant effect and perfect safety with which ladies may use Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package. For sale by all druggists.

FOR SALE.

The entire fruit crop (not gathered yet) of our orchards on 15-Mile (about 12 miles from this city), consisting of fine variety of apples and other fruits, for sale. Apply immediately to MAX VOGT & Co.

Millinery Opening.

At Mrs. Peirano's on Wednesday, Sept. 28th, (consisting of the latest styles in fall and winter millinery and novelties) which the ladies of The Dalles and vicinity are cordially invited to attend.

WHOLESGOME ADVICE

For People Whose Stomachs are Weak and Digestion Poor.

Dr. Harlandson, whose opinion in diseases is worthy of attention, says when a man or woman comes to me complaining of indigestion, loss of appetite, sour stomach, belching, sour watery risings, headaches, sleeplessness, lack of ambition and a general run down nervous condition I advise them to take after each meal one or two of Stuart's Dyspepsia Tablets, allowing the tablet to dissolve in the mouth, and thus mingle with the food eaten. The result is that the food is speedily digested before it has time to sour and ferment. These tablets will digest food anyway whether the stomach wants to or not, because they contain harmless digestive principles, vegetable essences, pepsin and Golden Seal which supply just what the weak stomach lacks.

I have advised the tablets with great success, both in curing indigestion and to build up the tissues, increase flesh in thin nervous patients, whose real trouble was dyspepsia and as soon as the stomach was put to rights they did not know what sickness was.

A fifty cent package of Stuart's Dyspepsia Tablets can be bought at any drug store, and as they are not a secret patent medicine, they can be used as often as desired with full assurance that they contain nothing harmful in the slightest degree; on the contrary, anyone whose stomach is at all deranged will find great benefit from the use of Stuart's Dyspepsia Tablets. They will cure any form of stomach weakness or disease except cancer of the stomach. Full size package at druggists 50c or \$1.00 or by mail from Stuart Co., Marshall, Mich.

BISHOP M'CABE'S LECTURE.

"The Bright Side of Life in Libby Prison."

The dark side of Libby and of other prisons has been told so many times by so many persons that there is almost nothing more to be said on that side of the subject. Let us hear of the "bright side", and that there was a bright side, the writer of this (who was a boarder in that famous hotel for seven long months) can and does bear cheerful testimony.

All should go to hear the bright stories from the lips of the chaplain who

was there, of the bright side of the situation which tried men's souls—stories of the men who, under duress, bore themselves like Americans, whose sons today stand as the representatives of the grandest army and navy of any of the nations of the earth. J.L.
